To the editor:

I am writing to you to inquire about the possibility of hosting an event at the university's student union. I have been planning a series of concerts throughout the academic year, and I believe that the student union would be an ideal location for these events. Our goal is to provide a space for students to enjoy live music and socialize in a comfortable setting.

I would be interested in discussing further details such as dates, ticket pricing, and promotional strategies. Please feel free to contact me at your earliest convenience to arrange a meeting.

Thank you for your time and consideration.

Sincerely,

Today's assembly will be addressed by Judge H. M. Towne of Cuming, Iowa. He is in the midst of studying the friends of the university and always has something of special interest to say to the students.

MAIN HIGH GRADE PIANOS

Here was their place by their merits in all that creates thoroughly artistic instruments.

As a leader there is nothing better than the MAIE in the entire list of high grade pianos.

Dealers who want a good piano at popular prices will find the MAIN adapted to their requirements.

BESIDES the Quality of the goods---BESIDES the Distinctive styles---

There is another thing that causes these particular men to come to us time after time to get their tailor-made garments.

And that very important thing is SERVICE.

Our regular patrons would not attribute their repeated calls to service.

They would say, if you asked them, that they "simply liked to trade at Slavata's."

But the reason for that kind of remark is because we understand what is wanted.

We keep in touch with all the latest styles, and know how to embody in the cut that distinctiveness so prized by all well-dressed men.

May we serve you?
