FAMOUS TUNOR PLEASES
FIRST Y. M. C. A. REUNION

Daniel Beddoe at the Auditorium
Last Night

Daniel Beddoe, the noted Welsh baritone, more than met the high expectations of acme art lovers at the second concert of the season last night. The songs of the classics won all that the most critical could wish. The 1141 audience and with good reason should be special favorites with the public.

Owing to the disagreeable weather the crowd was not as large as had been expected. However, many new faces were present. As usual the entertainment was the finest of the series. Y. M. C. A. musicals are to be given during the winter.

The next concert will be given in the Recital Hall on Dec. 4, with Professor F. E. Freeman, of the state board of health, as soloist. The songs of the classics will be sung.

WET FIELD PREVENTS VARSITY SCRIMMAGE

Entire Program consists in Signal Practice.

Captain Groll Tender to Report in Sun—Will Not Play Against Jayhawpers Saturday

Owing to the extremely heavy con-
dition of the field due to the hard rain which fell before Monday night, the varsity did not have an opportunity to scrimmage yesterday, but continued with a fine signal prac-
tice on the same field of the afternoon.

The weather was very cold yesterday afternoon, thus making the prac-
tice extremely disagreeable, coming in the wake of the same spell which gave a great assist last week. The men did not get out of the cold until 4 o'clock and were forced to return to the dormitories about 8:30. Wrapped in sweaters in order to protect themselves against the chilly winds, the varsity men walked to the field in groups of two or three who were later divided into two squads as to how to play. All practice was stopped at 4 o'clock.

Captain Groll was not able to re-
port for practice on account of the injury he sustained in the game against the Mountaineers in the Annam game. It is barely pos-
sible that he will be in shape to enter the line with the Jayhawpers of Lawrence next Saturday, and it seems that the white head coach had perhaps played his last game for the old school. With a short trip to Topeka, the line will be strengthened. The trip will probably be equipped to tackle with Kansas or Illinois of the Big Eight next week. It is a real test and will give Mr. H. F. Taylor a chance to see how well the team is working for the season.

itect. Mr. Day, yesterday an-
nounced that engagement of special im-
pact was done at the meeting.

jects: "Culin in China, Africa and Latin America, "The Problem of the Cusin," "Daybreak in Turkey," and "The Unchlubbed Task." All classes meet once a week, three of them at 3:06 p. m. and the other two at 1:16. The up-to-date and scientific methods used in the study are rest-
