PLEDGES ANNOUNCED: RUSHING PERIOD ENDS

GIRLS' LITERARY SOCIETIES TRY NEW PLAN.

Erodelphian Society Adds Fifteen to Membership Roll, Hesperian Seven, Octave Thirteen.

Much excitement was caused in school yesterday by the appearance of the girls' literary society pledges wearing the colors of their respective societies, the pink and green for Erodelphian, the wine and corn for Hesperian and lavender and cream for Octave Thanet.

Heretofore these pledges have been made at the beginning of the school year but this year it was deemed advisable to postpone the important until later in the year. Consequently there has been much rushing and many parties for the past few weeks.

The girls are well satisfied that the new system is superior to the old for they have had more time to become acquainted and choose their material while the delay has been of advantage to the new girls by giving them more time to make up their minds. The pledges are as follows:

Erodelphians—Natalie Hemingway, Mable Nicol, Alice Beers, Ruth Wilson, Helen Reaver, Elizabeth Nutting, Florence Magowan, Muriel Drake, Mary George, Helen Eggert, Maetta Browning, Mildred Sykes, Hazel M'Pner and Frieda Kurz.

Octave Thanet—Zora Wells, Sadie Parrott, Mabel Meyers, Ida Hillbreth, Lou Kennedy, Ada Beach, Golda Leighton, Myrtle Schulz, Maud Wain, Clara Tolstrup, Elsie Snively, Mabel Horner and Augusta Tennigebit.

Hesperian—Hedwig Potraz, Bessie Black, Josephine Leonard, Alice Rogers, Helen Silsbee, Helen Carson and Clara Fogg.

Now that their sister societies have announced the new girls, Irving Institute, Zetagathian and Philomathian will entertain. Irving entertains Erodelphian at a dancing party December 11, Zetagathian and Hesperian dance at the armory December 4, and the Philos will entertain Octave Thanet in the near future.

Dedicatory Exercises.
L. L. Ferson, law librarian of the university, left yesterday for Des Moines where he will confer with members of the alumni committee that is to secure the speaker for the dedicatory exercises. A secretary of the committee will be elected and perhaps a decision will be made on the man who will be asked to make the principal address.

ALUMNI REGISTER PLANNED: WILL CONTAIN 8,000 NAMES.

Clyde Robbins Starts Work on New Directory.

That the new alumni register to be put out by the alumni bureau of the state university is to be a stupendous piece of work can readily be seen after the announcement that the new work will contain 8,000 names under each of three classifications.

Alumni secretary, E. Clyde Robbins, will commence work on the new register at once and it is thought that it will be out in one and a half years. Not only will the register be compiled and published, but a complete filing system containing the names of all the alumni under the three classifications will be arranged.

The last alumni register was published in 1904 by a number of the university students, professors and alumni who were interested in putting out such a work. The names in this work were under one classification, that of colleges. The new register will have the names of the alumni under alphabetical, geographical and class classifications.

The demand for such a register always is strong for it gives the location and occupation of the "old grads" of the university. The alumni always are eager for news concerning their former class and college mates and it is thought it will take a good sized edition to satisfy the demand.

The details of the mechanical work on the volume have not yet been announced. It is thought the book will be published in two styles of binding.

Schroeder Weds Today.

This afternoon at Marshalltown will occur the marriage of Prof. Ernest G. Schroeder to Miss Grace Kilborn. Mr. Schroeder has been instructor in physical training in the university for three years, coming here from Marshalltown. While in Marshalltown he was director of the Y. M. C. A. gymnasium. Prior to this position he was head of Physical Training and Athletics at Simpson college. Mr. Schroeder's home is in Seattle, Washington, and Miss Kilborn has always lived in Marshalltown. The wedding will take place at the bride's home and Mr. and Mrs. Schroeder's Iowa City home will be in the Gifford flats on South Johnson.

Alumni at Kansas City.

Several alumni of the university, who are now located at Kansas City, Mo., were in attendance at the Kansas-Iowa game at Lawrence, Kans., last Saturday. Among those present were Frank V. Eberhart, L. A. '04, D. '06, assistant manager of the Kansas City Oilver Typewriter Co. branch office; Richard Simmonds, L. A. '00, assistant freight solicitor for the Rock Island; E. P. Shannahan, L. '04, assistant city attorney of Kansas City; and S. E. Shelley, L. '08, a prominent young attorney of the southwest metropolis.

HYLAND WILL LEAD ELEVEN NEXT YEAR

KANSAS CONTEST CLOSED THIS SEASON'S SCHEDULE.

Banquet Held at Kansas City Last Saturday Evening—Hawkeyes Lose Seven of Squad.

As an appreciation of the brilliant game which "Mike" Hyland has put up at right end for Iowa the past two seasons, the football squad has honored this wonderful player with the leadership of the Hawkeye eleven for the fall of 1910. Hyland won all-state honors last year by his good all-around work and without doubt will be tendered a place on the All-Iowa eleven again this fall. "Mike" has proved himself one of the best drop-kickers in the state, defeating Cornell and tying Nebraska alone through the accuracy of his reliable toe.

The election of captain for the ensuing season occurred at a banquet given the football squad by the athletic board in Kansas City last Saturday evening, following the close of the gridiron season at Lawrence. Besides those who made the trip from Iowa City last week the following men were present at the banquet: Charles H. Clarke, Des Moines, of the athletic board of control; Earle Magowan, L. '06, captain 1905 team, Talihana, Okla.; Carroll Kirk, L. A. '09, captain 1908 eleven; G. O. O'Brien, Des Moines, and Dr. Van Epps, Iowa City.

Of the squad which has represented Iowa this year, Captain Gross, Dyer, Collins, Stewart, Fee, Hazard and Kresensky have played their last game. Captain-elect Hyland, Bell, Alexander, Hanlon, Hanson, O'Brien, Ehret, Hull, Hooley, Thomas and Wright still remain.

The locker room at the gym is now deserted and Jimmy will no longer be compelled to keep strict vigil at the gate. With the close of the gridiron season attention will now be turned to basketball and Iowa athletes will devote their time to the indoor sport.

IOWA'S NEW CAPTAIN

Mark Hyland.

SHOPS NEAR COMPLETION: BUILDINGS MUCH NEEDED.

Accommodations for 120 Students are Planned.

The new engineering shops opposite the armory are slowly materializing into tangible shape. The whole building, the dimensions of which are eighty by one hundred and fifty feet, is to be divided into three shops. These are to be devoted to wood-working, machine work, and forging and foundry work respectively. There will be demonstration space in each department with store rooms and offices for instructors.

The shops are to be well lighted, and will have two practically glass sides with a monitor roof. They will be low, being twelve feet high on the side. The lower walls will be built of paving brick and the front of red pressed brick, trimmed with stone. At the rear of the area ways between the shops will be a toilet room with lockers and basins.

Under the direction of Prof. Fleming a systematic system of shop work is being devised, looking to the training of men for management rather than for manual work. To this end a complete equipment of machine tools will be installed in both the machine shop and in the forge and foundry room. The equipment will be ample for the building and will include small machines, steam and gas engines, etc. It will be possible to accommodate one hundred and twenty students per day.

The cost of the entire building will be \$20,000. Proudfoot & Bird of Des Moines have the contract, which calls for completion on January 1, 1910.

Freshman Athletic Meeting Held.

Monday evening after the freshman lecture a meeting of the freshman athletic association was held. Medals were awarded to those who won out in the field meet held some time ago. Officers of the association were appointed as follows: General manager, R. Jones, Des Moines; Manager football, Wm. Osler, Ottumwa; Manager track, George Williams, Cedar Rapids; Manager basketball, H. A. Wishard; Manager baseball, Paul Curry, Ida Grove; Advertising manager, B. Y. Schwab, Cedar Rapids.

Those who were not able to be at the meeting of the freshman athletic association Monday evening to receive the medals awarded to those who won in the track meet, may receive them by calling at the office of Director Schroeder.

Students Delayed on Interurban.

Over thirty students of the university spent an uncomfortable Sunday night in an interurban car near North Liberty during the heavy sleet storm. The party had gone to Cedar Rapids to attend the meetings being held by Rev. "Billie" Sunday and on the return trip did not get home until the wee sma' hours of the night although they started home at 11:30 p. m. Sleet on the trolley was the cause of the delay.

BASKET BALL STARTS: NEW RULES ADOPTED

INTER-COLLEGE SCHEDULE OPENS THIS WEEK.

Three Games will be Played Saturday; Medics vs. Dents; Eng. vs. L. A.; Laws vs. Phar.

On next Saturday afternoon will begin the basketball season of S. U. I. The inter-college games will come first and all varsity men will be allowed to take part in these contests. The first games will be played Saturday afternoon as follows: 2 p. m., Medics vs. Dents. 3 p. m., Engineers vs. L. A. 4 p. m., Laws vs. Pharmacists.

At a recent western intercollegiate basketball conference at Chicago the rules were gone over and some changes made relative to this year. The inter-college games will be played under these rules and for that reason the rules are published:

Rule 4, Sec. 2—Voted that a substitute shall not enter the game excepting that the ball is dead and that he shall immediately report to the referee, notifying him by a slip of paper containing his name and that of the player for whom he is substituted. Rule 6, Sec. 5—Voted upon motion that a ball passed from out of bounds to out of bounds without touching a player in transit shall be given to the opposing side where it last crossed the boundary line. Rule 10, Sec. 1—Voted that bumping a player with the chest is to be construed as such interference. Rule 11, Sec. 1—Voted that it is legitimate interference for a player to step in front of an opponent providing he does not charge, push or use unnecessary roughness. Rule 16, Sec. 4—Voted that either a good gong or a good pistol be used to signal termination of halves. Rule 16, Sec. 2—Voted that when the ball goes out of bounds and touches a spectator, it shall be given to the nearest eligible player, and if the official is in doubt, it shall be tossed up between the two opposing players, nearest the ball, at the place where it crossed the line. Rule 19, Sec. 1—Voted that time may be taken out, on account of injury to a player, not more than three times for each team during a game by request of the captain. Voted that in case of an injury to a player at the end of the field where the referee cannot see him, that the umpire shall have the privilege of calling time. Rule 27, Sec. 1—The scorers should notify the referee when the fourth personal foul has been called on a player and referee should notify and warn the player. Rule 27, Sec. 1—The scorer should notify the referee as to the number of times that time has been taken out by each team and the referee should notify the team to that effect.

MacBride at Des Moines.

Prof. Thomas H. MacBride, head of the department of botany, leaves today for Des Moines where he will attend a meeting of the state drainage commission.

Every morning except Saturdays and Mondays. Of the Vidette-Reporter the forty-first year and of the S. U. I. Quill the eighteenth year.

IOWA SPIRIT.

Those who have gone about bearing the loss of Iowa spirit have good reason for rejoicing now that the lost is found. The recent actions of the student body shows that the loyalty to alma mater lies deep and dormant requiring nothing but an opportunity to flash forth in open demonstration.

The support given the football team has shown that Iowa spirit cannot be downed, that one bad season cannot freeze the enthusiasm out of us; that the old "do or die" spirit is still with us, and what is better, it is here in spite of defeat.

No charge against the attitude of the student body can bear argument. When it was planned to send the band to Minnesota, the spirit of loyalty led men to open their purses. Always ready to recognize a good fight a rousing reception was given the team on its return from Nebraska. At Drake, the Iowa rooters yelled for victory until defeat seemed certain until the last whistle blew.

Not at all daunted by the Drake game the Iowa student body made ready for Ames determined to do all that could be done in the creation of that atmosphere that brooks no defeat. In the face of these facts, Iowa spirit surely is not wanting.

Committee will be Entertained.

Pres. and Mrs. Geo. E. MacLean will be host and hostess to the members of the Greater University committee Wednesday evening. The meeting of the committee will be held at the president's residence. Several matters connected with the boosting of the university will come up for discussion, although the details of these matters have not been announced for publication.

MacLean in Iowa City.

Pres. Geo. E. MacLean of the university will remain in the city constantly until Jan. 3, when he will go to Madison to attend a meeting of the Association of American Universities, of which S. U. I. is a member.

AMUSEMENTS.

Rafferty's Flirtations
Lots of good shows go broke and never know how it happened. Many better than they put over in the real big towns fizzle out, while the manager, knowing he is delivering the goods, wonders what kind of a blamed hood is on him. The secret is that they ask too much money. That's why "Rafferty's Flirtations" is a humdinger financially. A man wise in his generation is shaping our policy, and popular prices go. It's better to play to a full house at a reasonable price than to a fourth of a house at double the price. Better all around. You get the funnier evening, for actors can't act to a delegation—they need an audience to make 'em "git up and git"—and the show gets bigger receipts. Help to pack the Coldren Thanksgiving, matinee and night.

Gee Whiz, Fell-Lows!

Yesterday's snow storm turned the trick for us, and now everybody wants to put on their overcoats. As the chap said whose wife threw the flatiron at him—"things are certainly coming our way." Now for a word to the wise, also to the otherwise: Give us a chance to sell you your winter overcoat. We have the full line to show you. We have the new "Presto Collar" coat which is four coats in one. It's all in the collar. You must see this. Nothing freakish. A practical proposition and a money saver. Come in and see us doing business.

Elliott Addresses Engineers.
 Mr. C. G. Elliott, chief of the division of drainage investigation in the department of agriculture, addressed the junior and senior engineers yesterday on "The Opportunities for Engineers in the Work of Land Reclamation." While in the city he was the guest of Prof. S. M. Woodward.

AMUSEMENTS.

The Sport and the Girl
 "The Sport and the Girl," which comes to the Coldren on Friday, has leaped at a bound into the affections of the theatre-goers in the cities everywhere it has been presented. It is an offering which is one of the best that has ever been produced on the American stage this season. It has a plot that is original, it is full of bright speeches and funny dialogue; in other words, it is a vehicle which takes the audience to the land of happiness.

"The Thief."
 Aside from the purely technical character of the remarkable play of "The Thief" which Charles Frohman is to send with a special company to the Coldren Tuesday there is said to be a problem in ethics and morality worked out by the dramatist, Henry Bernstein, with wizard-like skill, and the players are believed to succeed admirably in revealing the idea which the playwright develops with such unquestioned delicacy and strength in his text.

"The House of a Thousand Candles"
 "The House of a Thousand Candles" in novel form has had one of the largest sales accorded any issue of recent fiction. Nearly every reader of the modern popular story has read the book with keen enjoyment. In dramatized form it will be the offering at the Coldren on Monday next and should prove one of the most interesting theatrical offerings of the present season. The same production as seen at the Hackett theatre in New York City and the Garrick theatre, Chicago, will be used.

Madam, Why Not Buy the Best

sweater-coat made. It costs you no more than the ordinary kind

Ordinary sweater-coats are weak where they should be strongest—on the buttons, which always tear apart, making the garment lose its fit and look shabby. The Pennsylvania-Knit-Coat will retain its neat appearance and perfect fit always, because it is made with Notair Buttons—buttonholes so strongly constructed that the roughest treatment won't enlarge or tear them. The

Pennsylvania-Knit-Coat
The ONLY KNIT SWEATER-COAT MADE with

In the perfection of style and neatness. The yarn used is the best obtainable, the workmanship perfect. Call to-day and see the Pennsylvania-Knit-Coat with unbreakable Notair Buttons.

Coats that fit and hold their shape—coats made of the finest Australian yarn—they'll stand the tub with satisfaction if washed properly—we've got all the snappy colors, such as Old Gold, Maroon, White, Oxford, and all the new color combinations—

Come today and choose while the selection is good—Your choice at \$4.50 and \$5 Other grades at \$1 to \$4

Braun Before Humanists. Last evening the Humanist so-

ciety met at the home of Prof. C. F. Weller. Dr. Braun read a paper on "The legend of the magnetic mountain and the coagulated sea." He said in part: "One of the strangest and most interesting legends in mediæval literature is that of the magnetic mountain, which was supposed to stand alone in the sea in one of the regions of the calms, half hidden by darkness and surrounded by coagulated water. This mountain was supposed to attract all iron in its neighborhood for many miles around. Any ship, therefore, coming within its sphere of attraction, and its crew usually doomed to perish. The location was supposed to be northwest of Europe in the Atlantic ocean." Mr. Braun gave illustrations of the presence of this legend in German literature.

Miss Ellen Geyer gave a report on "The Date of Havelok, the Dane."

NOTICES

University of Iowa Crack Band

Musicians Marching on Iowa Field.

At Minneapolis, at Des Moines, as well as in Iowa City, the University of Iowa band has attracted attention because of its excellence and the

style of music it has played. Drilling faithfully from the beginning of the school year, the musicians have made some wonderful strides. The good spirit of the organization and its willingness to appear at university functions, etc., has been a feature which has pleased the student body.
