DELTA GAMMA EDICT PUTS BAN ON STROLLS

PSYCHOLOGY INSTEAD OF SMALL TALK IS NEW RULE

Sorority Passes Regulation That Plays Havoc With Usual Customs

A ban those afternoon strolls on the beautiful campus during the pleasant weather of fall time!

Good bye to those gleeful sundae feasts at Reichard's during Wednesday morning's chapel hour!

Never again the quiet tete-a-tetes of Monday evening!

Away with the gossip talk at the dinner table!

All of these constitute the edict of the upper class girls of the Delta Gamma sorority and the rule is to be obeyed to the letter, declare the fair co-eds of the College street chapter. Some hundred or more college men admirers are suffering accordingly, but the feminine edict has been pronounced and woe to those of the sorority, whether freshmen or upper classmen if they violate the new rule.

That quiet strolls and other dates on school day afternoons are a perfect waste of time; that assembly hour is strictly for assembly and not for the benefit of young men and women who would make merry over a cup of chocolate or a dish of ice cream at Reichard's, are ridiculous to say the least; that men and women are sent to college to get the best out of their books; all this, even more, is the mental decision of the twenty-four active members and freshmen pledges of the Delta Gamma chapter at Iowa.

Gossip talk at meal time is forever abandoned. That engagement rumor? Oh! no! Hereafter it must be psychology, astronomy, possibly philosophy, and at any rate the contents of the newest and best books that must be discussed at the table.

"Oh, it's pretty hard," sighed one fair maiden yesterday in telling of her attempt to follow the new law and order league in its wide swath at the Delta Gamma house, "but I guess we'll pull through all right. You see we've got to get accustomed to it."

And so it goes. Maybe other sororities will follow, but just now the Delta Gammas are alone in the field of reform.

K. U. Gets Game

Baldwin, Kas., Sept. 28. (Special to The Daily Iowan)—The Baker university football team will meet K. U. on the gridiron at Lawrence on October 15. The contract for the game was entered into recently. This is the date left open by the cancellation of the Colorado game with K. U. Baker had not expected to play K. U. this year. The Methodist team will meet its old rival on October 15 for the first time in sixteen years. The last time Baker played football with K. U. the Baker team won by a score of 18 to 6.

ARLO WILSON IS CHOSEN LEADER OF TRACK TEAM

Star Hurdler Leads Hawkeyes This Season

Arlo Wilson, L. A. '12, was elected captain of the track team for the season of 1911 at a special election held yesterday at the armory. The special election was made necessary because of the failure of Captain-elect Alderman to return to school this year.

Wilson was one of the few consistent point-winners on Iowa's team last year, winning first in the high hurdles in the Northwestern meet at Iowa City, second in the same event in the Minnesota meet at Minneapolis, and second at the Missouri Valley meet at the stadium in Des Moines.

Wilson is a product of Iowa City high school, having been developed by John Jewell, who was coach of the high school track team during the last year he played on Iowa's varsity football team. Since Wilson entered the university he has been a star hurdler at Iowa, being equalled only by Sumner Chase. In his freshman year Wilson won the high hurdles and high jump in the home meet, having such men as Hyland and Simons to contend with in the hurdles and Campbell and Engstrom in the jumps.

The "dopesters" about the country conceded Wilson first place in the high hurdles at the Missouri Valley meet last May at Des Moines, but the practice march of the university battalion which Wilson was compelled to take served to put him out of condition and he was defeated on the day of the meet by Winters of Kansas university in time much slower than many of the trial heats Wilson had made on Iowa field. One time he is known to have ran the high sticks in .15 flat, with the strong wind to his back. The speedy Chase was but a few feet behind.

Arlo is a son of Prof. C. B. Wilson, head of the German department of the university.

Edda Society Meets

Upon call of the president, the Edda society met in room 110, liberal arts building, last evening at 7 o'clock. Edda gives a reception at the beginning of each school year to the new Scandinavian students. The members present decided to have the social event this year at Close Hall, Saturday evening, October 15. The president announced the following committees to serve during the first semester:

Program—Carl Sjuliu, chairman, O. Wenstrand, J. C. Peterson.

Social—A. Holmes, chairman, L. E. Kemp, Miss Lillian Christianson, Miss Ethel Swanson, Herman L. Johnson, Alfred Nordberg, Miss R. E. Lindblom.

The officers for this year are C. G. Gustafson, president, C. O. Sjuliu, vice president, and Miss Ethel Swanson, secretary.

Edda meets twice a month.

WAGING HOT FIGHT FOR CLASS CONTROL

LIGGETT AND YOUNG NOMINATED IN CAUCUSES

Zetagathians and Irvings are Mixed in Annual Encounter for Control

There is a political situation developing in the senior class of the liberal arts department which has the one in the state of New York "beaten to a frazzle." The maneuvers of the different political leaders are just as skillful, the rivalry is just as keen and the control of the winners will be just as decisive.

The storm center, as usual, will be found in the vicinity of the two oldest literary societies of the university, Irving Institute and Zetagathian Literary society. Several caucuses have been held and the candidate for the president of the class has been selected by each of the factions.

The two candidates who have been selected for the office are Horace Young and R. H. Liggett. Both are prominent and popular and the fight for the control of the class will undoubtedly be a close one. The former is supported by the Zetagathian society and the latter by Irving Institute. Because of a political alliance holding over from last year the Philomathions are expected to back the Irving candidate. The greater part of the independent vote is expected to be swung by Horace Young.

The election will be, as is required by the regulations governing it, by the Australian ballot. The election will take place a week from next Friday. Between now and that time it is expected that a large amount of political work will be done and the result may be determined by this. However, the number of persons whose vote cannot be forecasted in the class is large so that to predict a result will be impossible. The introduction of the Australian ballot system has also made the matter more uncertain, as it gives a chance for "knifing."

The election in the other classes of the liberal arts department will be held on that day also. There has been a good deal of talking done among the sophomores in regard to the junior annual election, and several caucuses have been held, but nothing of definite nature has been decided upon as yet.

Must Buy Now

The sale of season tickets for the football games has been going on about a week now and a large number of them have been disposed of. However, it is desired by Manager Kellogg to sell several hundred more.

Now is the time to buy the tickets for they will be taken off at the end of the week and it will be impossible to get tickets for the remaining games at reduced rates. The cost of the season ticket this year is \$1.50. This is a saving of just exactly that same amount.

J. L. OAKES IS PRESIDENT OF SENIOR LAWS THIS YEAR

First Election of Year Held in Law College

James L. Oakes was yesterday afternoon elected president of the senior law class. The contest for the place was exceptionally close, the honor being conceded to R. Hamilton just before the voting. When the ballots were counted, however, it was found that "Jimmy" had won out by two votes.

Oakes is one of the most popular men in the law department. He has been prominent in dramatic and musical circles in the university throughout his course, being at present manager of the Coldren opera house. In his junior year in the liberal arts college he managed the Hawkeye successfully.

The other officers were elected without opposition. All are men prominent in class activities and popular among their fellows. The list follows: vice president, Frank Miracle; secretary, Walter Gutz; treasurer, C. L. Taylor; class representative, Irwin Deordoff.

This is the first election in the law college. The political bee is buzzing however, and the freshmen and juniors are expected to get together in a short time to select their leaders for the year.

Newton Speaks

Rev. Joseph Newton, pastor of the Universalist church at Cedar Rapids, delivered the address at address at assembly Wednesday morning. His address was one that appealed especially to the young men of the university.

He took for his subject "The Bird in the Bosom," a thought taken from "The Abbott," written by Sir Walter Scott. He drew out many fine thoughts from the book that the average reader fails to get, and impressed his listeners with his masterly way of presentation.

The many different interpretations of the "Bird in the Bosom" were discussed, and lessons drawn from each that were applicable to every one present. "The 'Bird in the Bosom' represents all that is good in the heart of man, according to one view. 'The saddest thing in life,' said Dr. Newton, 'is to know a young man in the university or in life, full of all that is good, and ten years later to meet him and never hear the flutter of a wing—in its place has entered a filthy, creeping thing.'"

Officials Announced

The officials for the football game here Saturday between Morningside and Iowa have just been announced. W. G. Stevenson has been made the referee of the game. Stevenson is at present on the staff of the Register and Leader. He is one of the most ardent of the Drake alumni. The umpire for the game will be A. H. Whittemore, formerly of Brown University. The other officials will be appointed later.

"JIMMY" IS ON GUARD: PRACTICE IS SECRET

MEN GET FIRST WORK-OUT BEHIND CLOSED GATES

Liscome, New Coach, Takes Charge of Line—Simple Plays to be Used Saturday

Coach Hawley gave the football men the first secret practice of the year yesterday. At 5 o'clock the large crowd of spectators in the stands were chased through the gates, and the coach gave the men a short drill in the new formations which are to be used on Morningside next Saturday. So far, few plays have been taught the candidates, as the necessity of teaching a green squad the rudiments of the game has almost precluded even simple signal practice.

Scrimmage with the freshmen was ordered as soon as the crowd had been sent away, members of the second team being chosen to represent the varsity in the fray. The two elevens fought on even terms for about fifteen minutes, the scrub varsity being able to score but once during that time. Practice closed earlier than usual, the men being sent to the gym shortly after 6.

The early part of the afternoon's work was devoted to the elementary details of the game which have been drilled into the men through the last week. The linemen worked with the charging machine and tackling dummy, while the backs practiced dodging and catching punts.

George Liscome, the new coach who has been secured to assist Hawley, appeared on the field for the first time yesterday. Liscome, who is a former Dartmouth star at end and tackle, worked with the line men. Two sets of line candidates were picked out and set to charging against each other in efforts to break through and break up plays or to open holes in the opposition line. The coaches are teaching the men the system of body checking, and every man is expected to leave his feet when blocking an opponent's efforts at tackling.

The possibilities of the forward pass and of the other new plays made possible by the new rules will not be shown by Iowa on Saturday, as the Hawkeyes will be compelled to rely on simple, straight football for the necessary gains. What Morningside will use is hard to predict, as the Sioux City athletes are being kept under cover by Jack Hollister, their coach. Rumors have leaked out that many trick plays have been taught the visitors, and that they will rely largely upon these for their scores.

Ivy Lane Meeting

Ivy Lane will meet this afternoon at the Delta Gamma house to elect officers for this year. But six members are here this year: Misses Margaret Rurrin, Margaret Seidlitz, and Lucile Emerson and Ted Stuart, Ben Wallace and Ervin Gottsch.

ROOTING: OUR NEED

How about the rooting? The storm-side game is but three days off and practically nothing has been done. This year, if any, Iowa must have good organized rooting. Two of the hardest games on the schedule are to be played on Iowa field and it will need the help of every rooter in the university to win those games.

But what is more to the point, we need organized rooting. And we can have it if we but take advantage of our opportunities. Last year the Hawkeye yell master was complimented at every university he mented at every college and university he visited on his "pepp" and ability. A Minnesota student at the Gopher game last fall declared Al

Fisher the best yell leader he had ever heard. And in spite of all that the Iowa students did not appreciate him or give him credit for what he did. The question this year is, "Will we get behind our leader and reward him for his work in helping win our games?" He is willing if we are.

Peoples' Theatre Every Night This Week

Prof. Mac, the hypnotist, presenting a most wonderful laugh-provoking, mystifying, and instructive program, now before the public. Change of program nightly. A thousand reasons to laugh. Prices 10 and 20 cents.

Choral Society Call

Professor Gustav Schoettle of the music school has just issued a call for the Choras society. He asks the members to assemble next Monday evening in the auditorium. He has set the time at 7 o'clock. He will also meet the men's Glee club on Tuesday. The exact time and place have not yet been determined.

A meeting of the music council was held yesterday afternoon. It was decided to give six concerts during the year. The first one will be given by the men's Glee club about January 1.

PLAYS AND PLAYERS PAST AND PROMISED

The cadet uniforms and accoutrements used in the first act of "Classmates" are taken directly from West Point. A West Point tailor made the uniforms worn by the cadets, a West Point tent maker furnished the tents and a West Point jack-of-all trades collected the necessary properties. Uncle Sam furnished the muskets and other firing arms, and, as a final precaution, an ex-West Pointer superintended the setting of the tents, the sounding of the bugle calls and the thousand and one little details of camp life that make this scene an exact duplicate of West Point life today.

William Macauley, who is starring in this play, is a great favorite here and will be seen in the leading part of Duncan Irving, the cadet who sacrificed his career and his love for honor's sake and for the good name of his old father. This part was played by Robert Edeson during the long successful run at the Hudson Theatre, New York. No star of recent years has succeeded in so quickly establishing himself in the hearts of theatregoers as Mr. Macauley, who started at the bottom rung and has played a wide range of parts. The engagement here is announced for tonight.

"Daddy and the Girls," a farce comedy with a plot, replete with mirth, music and melody, will be one of the early attractions here.

Strickler Named President

Carl Strickler, '13, has been chosen president of the Owl and Keys society, the honorary organization of the sophomore class. Cable Von Mauer, '13, was chosen vice president; Myron Walker secretary and treasurer. The first meeting of the year was held last evening at Close Hall.

Board Meets

The Board in Control of Athletics met last evening in the office of Manager N. A. Kellogg. No business of importance was transacted. In fact, the only matter that came up of any interest was the granting of an "I. A. U." to Reed, one of the Iowa distance runners.

Johnson is Injured

Lawrence, Kas., Sept. 28. (Special to The Daily Iowan)—Captain Tommy Johnson of the Jayhawkers will not be able to don the moleskins with the squad for several days because of an injury received in the first scrimmage which was held last Saturday. The injury, which consists of a severely wrenched knee, was caused by a hard tackle, and Dr. T. S. Gillispie, who is treating the joint, fears that a tendon is torn so that the joint may be weak all season.

A. R. Kennedy, coach of the Kansans, is almost certain that Brownlee, who played brilliantly at right end on the varsity last season, will not be in school this year. The coach has been depending on Brownlee, although it has been rumored for several days that he would not be able to come back. Now that school has begun and he has not arrived, and his brother in school says he will not be back, the coach fears he has lost another good Kansas man.

MORNINGSIDE SQUAD
HOPING FOR VICTORY
HOLLISTER'S MEN THINK THEY
HAVE CHANCE NOW

Much Farther Advanced in Preparation for Team Play Than Hawkeyes Ntw

Sioux City, Ia., Sept. 28, (Special to The Daily Iowan)—Believing that Morningside has a chance to win from Iowa and an opportunity, the like of which will probably never be presented, to keep the score to a low point, Coach Jack Hollister's men will fight in the game against Iowa next Saturday as never before.

Every effort has been made to put the team in the best of condition for this game with Iowa. The men were given a long preparation before the college work begun. The pre-season practice at Onawa did much to get the men in shape for the hard scrimmage work that has been going on now for some time. It gave the chance needed by the coach to teach the men something of the new game of football.

The students here are confident that Morningside will give Iowa an awful battle. Victory is longed for, but not expected. It is believed that Morningside is much further advanced than Iowa and this point alone will give the team here a chance with the big Hawkeyes. If Quarnstrom or some of the other speedy men of the local team can get away with the ball it means a score for the locals and several plays have been devised for this purpose. The new game will be thoroughly tried out by the local team and if the surprises fall Morningside will not have much of a chance to cope successfully with the big Iowans. Several rooters are expected to go with the team to Iowa. The team will leave for Iowa City on Friday.

Freshman Styles at Cornell

Two styles of freshman headgear are worn at Cornell, a skull cap and in winter a toque.

MISSOURI IS CLAIMING
WEAK TEAM THIS YEAR

Tigers Say That Line is Woefully Light

Columbia, Mo., Sept. 24.—The first scrimmage of the Missouri Tigers was held this week and did not result in raising the hopes of the supporters to any considerable extent.

A deplorable weakness in the line was shown in startling fashion. The only man now trying out for a line position who is at all sure of his berth is LeMire, the brilliant end on last year's freshman team. At present the average weight of the varsity does not exceed 155 pounds. The first team had not difficulty in scoring repeatedly on the scrubs. When the latter were finally given the ball on the varsity's five yard line, it took them eight downs to put the spheroid over.

Coach Hollenbach is a phlegmatic, taciturn man, who is not free in expressing his opinions; but it is easy to see that he was considerably disgruntled by the recent showing. If more fine material does not show up, it is difficult to see how Missouri stands any chance of repeating last year's feat of capturing the valley championship.

In the back field, a brighter story may be told. While the candidates are rather light they are good, fast, strong men. The first set this afternoon consisted of Klein at quarter, Hackney at full and Mills and Hall at the halves. Three of these men played in the Thanksgiving day game at Kansas City last year. Mills, the fourth, was one of the most promising men on last year's freshman team.

In the second set of backs there were Saunders at quarter, Newell at full and Dexter and Duvall at the halves. Saunders is the only one of this quartette who played in more than one game last year. Dexter's eligibility is in doubt.

Australian Ballot at Kansas

The Australian ballot system in elections is used entirely at Kansas.

Larsen Appointed

At a recent meeting of the board in control of athletics, Henning Larsen was chosen to oversee and direct the tennis activities in the university this fall. Mr. Larsen is a member of the faculty and succeeds Jacob Vander Zee, who lately began the study of law at Harvard university.

Mr. Larsen will appoint a man to take care of the courts and keep them in good shape for play this fall.

There has been a tendency in the past to neglect this branch of sport here, but with the new courts which are going to be built, tennis bids fair to have many a dent followers.

OPTIMISM REIGNS IN DENTISTRY COLLEGE

FRESHMAN CLASS UP TO STANDARD IN NUMBERS

Clinic Has Been Started and Much Work is Being Done There

The college of dentistry is going to be one of the busiest, as Dean Hosford states that pupils are registering daily. The freshman class is well up to the standard in numbers while a larger percentage than usual of the upper classmen are returning.

Iowa's dental college has a well earned reputation. A certain student from New York City who was here last year inspected some of the eastern institutions this summer with a view to entering there and continuing his studies. However, he soon realized that the equipment and facilities at Iowa were in most cases far superior to what was offered elsewhere and so he decided to return, being registered at the present time.

The clinic has already started and the students are getting plenty of practice which is so essential to success. Last year was the busiest period in the history for this class of work, the "Dents" having really more than they could attend to and this season is starting as though the record will be shattered.

Plans are already under way for the Alumni clinic, which, the same as last year, will be held in March and during the course of which much work of a practical nature will be done. The most prominent dentists in the state will be in attendance, while some of the foremost men in the profession from other states will also be present.

"There are more requests for dentists to locate than there are men to satisfy them," said Dean Hosford yesterday. "I receive numerous letters asking for graduates, but have a hard time finding a man who is not already engaged in the work. Our men were very successful in passing state examinations, the boards of many divisions of the union being satisfied as to the fitness of applicants for certificates to practice. Some are located in Wyoming, others in Minnesota, while the Dakotas contain representatives also."

Baconian Club

The first meeting of the Baconian club will be held on Friday evening of this week at 7:30 o'clock, in the lecture room, hall of physics. The retiring president, Professor Kay, will speak on the subject, "The Coal Supply of the United States." The officers for the year 1910-11 will be elected at this meeting.

McGinnis is Captain
Tuesday evening Ralph A. McGinnis was elected captain of the freshman football team. McGinnis is from Leon, Iowa, and is a pledge of Phi Delta Theta fraternity. In the past the captain of the freshman team has not been chosen until later in the season. The fact that such a hustler has been elected leader of the "freshies" at so early a date infuses a tough proposition for Coach Hawley's warriors to tackle. McGinnis is a halfback, chunky, hard to tackle, fast on his feet and a fair kicker. He makes a good leader and the freshmen will no doubt have a fast, snappy team.

Many Rooms Vacant

Never before have there been so many vacant rooms in Iowa City as at this time of the year. It may be safely said that there are hundreds yet to be rented, and as practically all the students have arrived they must remain vacant.

Some have built houses in the city and moved their families here, intending to send their children through college, and also to take in roomers, only to find that they can not rent the rooms. The causes that have brought about this situation are hard to estimate, but the raising of the university standards, which has resulted in a decrease in the number of students, and the increase of dwelling houses are responsible, in part, for the number of vacant rooms.

TO-NIGHT FRIDAY

GLEE CLUB TO TAKE TRIP DURING

UNIVERSITY MEN WILL THE STATE

Music Council Holds Its Meeting—Other Plans are Made

The music council has decided that the men's glee club take an extended trip through the state this year, the route to be west to Council Bluffs, then Sioux City and return through northern part of the state. To be one of the best trips ever by the club and the veterans year's club are enthusiastic over prospect.

The expected trip is to take during the Christmas vacation to follow directly after the home cert, which will take place Dec. 15. Several other short trips will be taken at various times the year. Prof. Gustav Schoettel charge of the club this year.

The first try-outs are to be Tuesday evening at 7 o'clock. One who has any ability whatsoever suspects that he has any is expected to come out and try at making the club. All dates are to report at the auditorium, where the try-outs will be held, at the time stated.

new management expects to standard much higher than last year's club, but this new discourage any one from trying for every one will have a chance speaking of the try-outs Prof. Schoettel says, "We want to inspect musical talent in the university one with any kind of a voice good ear for music can be taught." The club is under the management of Theo. Hook.

At the recent Music Counciling Prof. Schoettel was given of the choral work, Mr. Barr the orchestra, and Miss Pro the girls' glee club.

The first meeting of the choral society will meet Monday evening in the Auditorium. Tuesday evening the orchestra will meet. University students are asked to join the choral society.

A list of the concerts will be published in a few days.

Senator Crawford Here

Senator Coe I. Crawford of Dakota, an alumnus of Iowa city, spent yesterday in Iowa. His son, Irving Crawford, is a member of the liberal arts class of Iowa City. Senator Crawford visited also home of James Cochran, of Clinton street, an old friend. Senator Crawford has just returned from Mexico where he was the representative of the United States at the hundredth anniversary celebration of the founding of Mexico.
