The department of physics has been doing great work is evidenced by the frequency with which its alumni are heard from in the field of research. Professor S. L. Maxcy tells us that the previous year five hundred and five thousand of research outside of Europe, Doctor Hadley will report to the centennial celebration of the University of Berlin.

The Minnesota Daily says that the business men of Minneapolis are the minds of the numerous returners of wholesale dealing and selling in the universities and colleges during examinations. In the an increasing number of the business men must be in the universities.

At a certain college a board of trustees is to be formed, consisting of members of the faculty that will superintend. Each advisor has to have an honor whose charge from 6 to 12 months in the two lower classes. The president and the vice-president and board will ask the trustees for help, together in every way toward the future and the best of the college views.

The political science and economics departments of the University of Minnesota offer evening courses in their respective departments. Two thousand five hundred and thirty-five students of the University of Pennsylvania engaged in similar courses last year. The Minnesota Daily offers a prize of $10 to the student who makes the most progress during vacation.

Fred Nelson.

The regular Friday meeting was held last Saturday night. Oct. 14. It has been engaged each Wednesday, November 2.
