COMMITTEE READY FOR PETITION WORK

STATEMENT OF SITUATION IS PREPARED BY PUB.

Same University is Thoroughly Opposed to Next Campaign Work.

The committee, which is to have charge of the work of signing the names to the student petition to the legislature to secure the unifying of Iowa City and the university, was met in its session yesterday. Especially this has been true since it was officially announced that the university is against a new institution of this kind in the near future.

"Consequently a committee consisting of representatives from every college and class in the university was formed to undertake the work of signing the names to the student petition for the purpose of convincing the State Assembly of Iowa of the necessity of securing such a law." This statement was made.

"It will be remembered that the Iowa Glass is to make its first real trip this year through the state. As a matter of fact, there may not be another glass in the country. The Country Club affords us the best opportunity of having the evening of the Iowa Glass, and we should like to see the following plan of entertainment, which is not only popular among the students but which we have heard is to be enjoyed by the whole membership of the club:

- Final Trips.
- Iowa City: 5:30 p.m., and return at 8:30 p.m. Wedding bells,musical entertainment followed by a lecture on "The Art of Living."
- Des Moines, Iowa: 5:00 p.m., and return at 8:00 p.m. "The Art of Living."
- Final Trips.

On the return trip, the students are asked to provide transportation for the railway trip. The only cost will be for the railway trip.

Society Programs.

The literary societies of the university are to have the winter season opened with aenade of their achievements during the fall season. The most important of these are the following:

- Phi Beta Kappa.
- Sigma Delta.
- Eta Sigma.
- Alpha Chi.
