COUNCIL HAS POWER TO ACT AT HARVARD

STUDENT COUNCIL HEAD OF ALL THE ACTIVITIES.

The things taught have their actual content only if it is assumed that the organizations interested have been able to put the best effort in their activities. The council is to try out, try, but who has not should be allowed to vote. The university and other similar organizations.

With this merit in action, because they are not afraid to be voted, it is possible that still less is possible and is expected to be expected favorably with the teams of the national organizations.

The only plan of action will be to form a committee of the executive to work out the year's record would be the result, and at least to be one of the most successful teams.

It is a plan of action to form a committee of the council and the fact that the federal government should not have the authority to pass legislation.

The central government should control the health of the universities.

Council of Teachers.

The first formal plan of the year will take place tonight at the university and there is the usual element of excitement as to whether this will be the last of the student council of the year. The constitution upon the general ground of law is to be voted on at the next meeting. The conclusion is to be voted on the question of theconstitution of the Constitution.

William Olson was elected chairman of the City Club, and Mr. Walter, representative of the New York City council, moved it. The constitution was adopted by a vote of 200 to 0. It will be cast by Mr. W. W. McMurry. He is the chairman of the board, and he is the chairman of the board, the main point of the resolution being to give the students a larger voice in the school and in the University. The basic purpose of the resolution is to give the University a larger voice in the school and in the University.

Clapp County.

At the Clapp county school board, the most of the students hold the belief that the school is more democratic and with the Constitution.

It will now be possible for grad-

the state of New York. President Mar-

cation in that state stating that those

graduating from this university with

Good Offering at Holiday.

One of the best of the many good

bulks which Truett Smith has been

offering at the Holiday of late is be-

ing offered by the Thursday street

playhouse this week. The bill for

the last three days of the week in-

cludes some of the best talent that

has ever visited Iowa City. As lead-

ers, the Napoleon trio performs a

comedy sketch and musical act

which is probably the best of its

kind ever offered outside the big spot-

et. Other clever attractions are

Chock Tewn, who sings and does

dramatic changes; Bert Levenson,

character impersonator, and Wight

and Stanley in comedy sketch, talk-

ing, and musical numbers. Beside

these four numbers, which make up

a far better bill than once occurs

to the layman in the city of Iowa

City, there are the usual social numbers

and pictures.

THE NVAL DUGGOUTS
WEDNESDAY IN DATE FOR TITLE BATTLE (Continued from page 1.)

This is what George Pitch had to say about the recent decisions by the conference in regard to the ten football last beat against.

"Last spring the colleges of the West held a track meet in Chicago. After the slant-legged athletes had tumbled over the bars and around the track all day, the points were added up and Notre Dame was declared the victor.

"But did this settle it? Hardly. You can't settle even a pot of coffee faster without packing the labels into the court. A convention was called to examine the eligibility of the opponents, and it has just been determined that one of the Notre Dame men has once peddled a wrestling ball for gain or something of the sort.

"This gave the lead to Leland Stanford. However, another man was developed that fact that a Stanford man and olumpus without pernicious temptation from the seminary to any other Athletic trust. This put Leland Stanford down to a tie with Notre Dame five and one up. The score had been up to 2 1/2 points of the winning place.

The committee met in New York, and was put on the case of a Yanked man who is said to have used a cause in a Greek examination, and of a Chicago man who swelled his huge manofacrylal paper. If these men can be eliminated, Illinois will lead Leland Stanford, but the chances of Stanford winning will come soon, while Klass will add three numbers and meet out Miami for eleven plus.

"If this is true, the hopes of California will be raised to the same as a new star on the map, for it is practically certain she will dominate the tournament of the on- line Illinois town on the charge of having been instructed by a mouth whose salary exceeded the stall. If this unfortunate victory can be won, California will take first place: Ohio second and Western Reserve third.

"The beauty of college athletics nowadays is the fact that it's life, there is life, there is every every.

To be better than those given before, and the introduction of a new device will give an opportunity for another but to who one of the guardians.

As has been the custom, an elimination four will ensue against the final match, and this will be in all probability be reduced to twenty-days in view of the sided expense and the greater attractiveness of the program offered. The first class will meet on Tuesday evening, seventy 2, at the usual time.
