HAVE BIG REUNION IN JOHNSON COUNTY

ONE HUNDRED ATTEND BIG BANQUET HELD HERE.

Enthusiasm for Iowa University Manifold in Many Parts of State.

Enthusiasm and loyal Iowa spirit marked the county club rallies held throughout the state during the holiday recess. The banquets and dances were largely attended and closer organizations were effected. The real work to be done among the high school students of the state is now in the hands of these organizations and good results are expected.

Perhaps the biggest reunion was held in Iowa City where a dance and banquet were the mediums of getting together. About one hundred alumni and students sat down to the banquet at the Burkley Imperial and as many more atteded the dance afterward at the Majestic. Atty. Charles M. Dutcher acter as toastmaster at the festive board and called upon Hon. Milton Remley who answered to the principal toast of the evening, talking on "S. U. I." Ralph Dunlop S. K. Stevenson, Prof. F. J. Ensign, and Judge McClain responded to toasts.

Offiecrs for the local association were chosen after the banquet and are to arrange for the future activities of the Johnson County organization. The officers were chosen as follows: Edgar Ashton, president; Mary Sanders, vice-president; Irving Brant, secretary and treasurer.

E. Clyde Robbins desires all presidents of county clubs to report to him the results of their county reunions as soon as possible.

Y. M. Gospel Team at Munson.

During the vacation period the Y. M. C. A. sent out a gospel team composed of six men to Manson, Iowa. The men composing the team were H. Y. Williams, F. O. Smith, C. W. Kirkpatrick, W. Tisdale, Grover Alderman, and G. A. North.

The men, who returned Monday, report successful meetings, there being 28 decisions to lead the Christ life. These results are better than was expected and all are highly elated in the way everything turned out.

The mornings were spent in personal interview and the afternoons were taken up with getting acquainted with the young men and in gym classes. A basket ball game was played with the town team, the gospel team winning easily. Saturday a big watch meeting was held in which there were readings solos, speeches, etc. Every evening meetings were held at which many attended.

Senate to Meet.

The University Senate meets Wednesday afternoon at 4:30 in the L. A. assembly hall instead of in the senate chamber of the old capital.

ASSEMBLY

Assembly this morning promises to be of especial interest to the students of the State University of Iowa on account of the eminence of the speakers who will address them. Pres H. M. Bell, of Drake, and Pres. E. S. Main, of Grinnell, who are here in connection with the selection of the Rhodes Scholar, are to be the speakers.

It is not known what the nature of the talks will be, but they will without doubt be special of interest to the students. Many students have heard these men before and will again avail themselves of the opportunity of hearing them, for they not only have attained eminence as educational leaders, but have acquired some prominence because of their ability as speakers.

DATES OF SHOOT ANNOUNCED; FIRST ONE IS HELD JAN. 14.

Iowa Team is To Tackle Missouri on That Day.

The schedule of Iowa's rifle matches was issued during the holidays and includes match shoots with fifteen of the strongest rifle teams in the country. The schedule as given out follows:

Jan. 1, Iowa vs. Missouri.
Jan. 21, Iowa vs. New Hampshire.
Jan. 28, Iowa vs. Georgia.
Feb. 4, Iowa vs. Purdue.
Feb. 11, Iowa vs. Washington.
Feb. 8, Iowa vs. Rhode Island.
Feb. 25, Iowa vs. Arizona.
Mar. 4, Iowa vs. California.
ar. 11, Iowa vs. Minnesota.
Mar. 8, Iowa vs. Columbia.
Mar. 25, Iowa vs. Cornell.
Apr. 1, Iowav s. Dartmouth.
Apr. 8, Iowa vs. Delaware.
Apr. 5, Iowa vs. Louisiana.
Apr. 22, Iowa vs. Massachusetts.

As was expected, a large number of teams entered at the last moment.

The prestige gained by the various teams of the association last year attracted numerous new schools and the result promises to be a hard fought and interesting season. Columbia and Washington, the two universities that were the Hawkeyes strongest competitiors, are both entered and reports are that they have better teams than last year. But with Iowa showing up the way she has in her practices hoots, little fear is entertained but that the local marksmen will equal if not be better than their rivals.

Y. M. C. A. Meeting.

The meeting tonight at the Y. M. will be given over to the Gospel team which held meetings during the vacation at Manson. W. E. Tisdale will tell of the way the men spent the time. G. A. North is to speak on the apparent results of the trip, and C. W. Kirkpatrick on how the trip affected the men. Grover Alderman will sing a solo.

SHIVERING STUDENTS SLEEPLESS AND LATE

MANY HAVE HARD TIME GETTING BACK TO WORK.

Grind is on, University Resuming Operations After Week's Vacation.

"Gee, but I was lucky. I went down to take the nin o'clock train, and just then the two o'clock train came in, about seven hours late." Thus spoke one.

"My train was one day and thirteen hours late, and I stood up all the way between here and Des Moines." Thus wailed another.

"I am dead tot he world, haven't had more'n three hours' sleep a night for a week; flunked in every class this morning; and wish the university would run out of coal, so's I could rest up." Thus yawned another.

"The lesson tomorrow will be two hundred lines in advance." Thus announced another.

And the grind is on.

Yes, a shivering multitude of sleepy students, invaded Iowa City this morning and endeavored to bluff through the morning's recitations on an empty mind and body.

The cold snap which struck the railroads in the small of the back and tied them up with a bad attack of rheumatism, rendered all of the trains slow and late. Many students who had planned to arrive here during the night and get some sleep were dumped out on the platform about 7:30 this morning and compelled to set sail for "eight o'clocks" without breakfast or sleep. As is usually the case in times of stress and holidays the cars were crowded; and all those who couldn't get seats stood up, as is also the general rule at like times. There were many—likewise customary.

The university has sufficient coal to heat the buildings; none of the instructors have accepted more lucrative positions during the Christmas vacation, or have been asked to leave because of incompetency, so that the large brain manufacturing plant known as "The State University of Iowa," is now running full blast. And Father is footing the bills once more.

Political Science Election.

The Political Science Club held its annual meeting Monday evening for the election of officers. The following were chosen:

President, J. W. Rich.

Secretary, Dr. Dan Clark.

The following members were elected: Professor Percy Bordwell, Professor. C. T. W. Patrick, Dr. Dan Clark and Judge H. M. Towner.

The first meeting of the year will be held at the home of Dean Wilcox Monday. Prof. F. E. Horak, the retiring president, will read the paper.

Freshman Basketball Notice.

All candidates for the freshman team will report to Coach Stewart at the armory tonight at 7:30.

PHI DELTS ATTEMPT TRICK BUT ACTRESS FOOLS THEM

Jumps Out of Cuffs in Short Order At Bijou.

"Now, these are regulation handcuffs, which we secured from a United States deputy marshal. They are no different from any other handcuffs and will hold the strongest criminal." So spoke J. A. Osborn, the urbane manager of the "Great Ybur" as that person prepared to do her great feat of escaping from the grasp of the handcuffs aforesaid. Almost as an afterthought,t he master of ceremonies added, "Of course, we would prefer that some one in the audience should furnish the handcuffs and if anyone has a pair of them handy which he wishes to use,—'

With the words, eight students,—Phi Delts, one and all,—arose from the front row where they had been seated. Each one carried, dangling from his hand, a pair of handcuffs, which clanked awesomely as the eight field through the side door and out upon the stage, while Ybur, the manager, and the rest of the audience looked on in wonder and astonishment. The irons ranged in size from the ordinary steel bracelet of the police to the great shackles used by the government in its military prisons.

Armed witht hese implements, the investigators advanced upon Ybur and proceeded to bind her hand and foot, till the stage resembled a cross section of the Bastile in its palmiest days. Then the Phi Delts withdrew from the stage, while Ybur retired to her place of concealment to wrestle with the shackles. Much to the surprise of Baldwin, Burdick, and their co-conspirators, she succeeded in freeing herself after some ten minutes' struggle.

After this, Ybur succeed in accomplishing a still more difficult trick, escaping in some mysterious manner from a can of water in which she had been securely padlocked by Mr. Osborn with the assistance of Ben Swab Henry McClintock and a pair of rubber overshoes.

The Phi Delts, feeling perhaps that their stunt, was slightly harsh, invited Mr. and Mrs. Osborn to dinner at the fraternity house last evening. Here the tricks were explained and the troup sent back to their work with everyone concerned feeling repaid for the efforts of the day.

Warmer Weather

Warmer weather is predicted by the government. The coldest weather of the year greeted the students as theya rrived here yesterday. The government thermometer at Prof. A. G. Smith's residence registered 16 degrees below zero early yesterday morning. The government predictions for warmer weather, however, beginning with to-day.

Deans Meet.

The Board of Deans meet at the President's office at 3:30 Wednesday.

GLEE CLUB RETURNS FROM SPLENDID TRIP

SUCCESS MARKS TOUR OF IOWA'S SINGERS.

Will Enter Contest In Des Moines For State Honors Soon.

The university glee club returned from a successful tour of the northwestern part of the state, where they gave in all six performances in all cases to enthusiastic and crowded audiences. The trip was the longest the glee club has ever made and the marked success which has attended it makes future excursions assured.

Beginning last Monday evening, December 26 at Marshalltown, the glee club gave a concert in the Marshalltown High School. University alumni, were present in large numbers and greeted the efforts of the club with enthusiastic approval and applause.

On Tuesday night the club sang at Nevada in the Nevada Opera House under the auspices of the Alumni Association prominent in which are W. O. Payne and W. S. Fay. The entertainment was followed by a reception and dance given in honor of the glee club.

Denison was the next destination and on Wednesday evening the glee club sang to a packed audience in the Denison Oper House. Old graduates of the state university were very much in evidence and the Alumni Association which was instrumental in obtaining the entertainment expressed itself as more than satisfied. Former Regent Kuechnle whose residence is at Denison, felt that the tour of the organization was one of the most forceful advertisements Old Gold could use. Mrs. Philbrook, whose son, Roland, is a member of the club, entertained the boys at dinner and after the concert a dance provided further pleasure for the singers.

Thursday evening the glee club sang in Onawa att he Onawa Opera House. It was received by much display of enthusiasm. E. K. Holbrook, of the Board of Control was prominent in the Alumni Association which was instrumental in obtaining the glee club to sing at Onawa. Numerous old alumni were present and passed many compliments upon the organization.

At Cherokee where the club sang Friday night the concert took the nature of a lively booster meeting for the S. U. I. The affair was held in a church and the Cherokee high school students attended in a body. The Alumni Association entertained the club at a reception and Professor Schoettle received many compliments for the efforts of his singers.

The tour was completed by a performance before an appreciative audience at Ft. Dodge Saturday night.

An early train prevented many of the club's participating in further

THAT RESOLUTION.

The man who really amounts to something never makes a New Year's resolution per se. He is constantly making resolutions, and may make one incidently one New Year's day, and when he makes them he keeps it.

However, there is one New Year's resolution that is always in order. That is the resolution to study. The semester examinations are approaching with an inconceivable rapidity, and to overcome these annual scourages it is necessary to use foresight, insight, and a "sight" of hard digging. Now is the time to get busy.

JUST RECOGNITION.

During the Christmas vacation two alumni of Iowa university received recognition in the greatest governing body in the realm of intercollegiate sport. Prof. A. G. Smith was elected vice-president of the National Intercollegiate Athletic Association, and S. Clyde Williams, now coach at Ames, was chosen to be a member fo the football rules committee.

For a good many years Professor Smith has been recognized as one of the leaders in the movement for clean athletics in the middle-west and his election to the office he now fills is in recognition of that leadership.

S. Clyde Williams as much as any one who ever attended Iowa brought glory to Iowa through his football prowess. He piloted at quarter back the greatest team that Iowa ever had. Since leaving Iowa he has been successful as a coach and referee. He is well fitted to represent the Missouri Valley section on the football rules committee.

RESUMES PUBLICATION.

With this issue The Daily Iowan resumes publication, having suspended during the Christmas holidays, according to the usual custom.

IOWANS GET HONORS IN EASTERN MEETING

A. G. SMITH IS ELECED VICE-PRESIDENT.

E. Clyde Williams is Chosen Member of Big Football Rules Committee.

Prof. A. G. Smith, chairman of the board of control of athletics, was signally honored at the annual meeting of the Intercollegiate Athletic Association which was held in New York City, December 28, 29, and 30. The local athletic authority was chosen as vice-president of the association from among the representatives of the sixty or more schools which composed the membership of the big organization.

Captain Palmer E. Pierce, of West Point, one of the recognized athletic authorities of the country, was elected president of the association for the coming year.

In addition to the honor won by Professor Smith, Iowa received further recognition in the appointment of S. Clyde Williams, one of the greatest athletes ever known here, to a place on the rules committee of the Association. Williams, who is at the present time head coach of the Ames team, is one of the three western members of the committee of fourteen. The other western rpresentatives are Williams, of Minnesota, and Stagg of Chicago.

General satisfaction with the new football rules was the sentiment expressed at the gathering. Very few schools had any unfavorable comment except upon minor features of the new game, and theb elief that injuries have been materially lessoned seemed almost universal. Almost every school had some minor alteration to suggest, and these will furnish the material for considerable work by the committee on rules. The football question, the Association took up other points of inter-collegiate ethics, and steps were taken to strengthen the hands of the organization. Most of the real work, however, will be left to sub-committees, and no definite action will be taken until these are able to report.

Humanists Elect.

The Humanist society elected the following officers at a recent meeting: President, Prof. F. C. Eastman; secretary, Dr. M. A. Shaw; 3 member of executive committee, Prof. S. H. Bush.

The next regular meeting will be held January 16.

(Continued from page 1.)

entertainment in its honor which had been contemplated by the Ft. Dodge Alumni Association.

The work of Professor Schoettle, however, is not completed with the tour, and the men held their first rehearsal last night in preparation for the contest at Des Moines, January 26, where they will compete with Ames and Grinnel for prizes of $100 $75 and $50. Altho, the result of thec ontest is in doubt the glee club feels confident from the favorable comments which they have received on their tour that it has a very good chance to capture first honors.

Handbook Is Out.

The Fourth Annual Handbook of the Forensic league has just made its appearance. It contains the forensic calander for the year. A list of officers governing the different contests and orators for Iowa for some time past, are given in the hand book. It was published under the supervision of W. E. Jones, of the department of public speaking.

The N. O. L. orations will be handed in and judges selected on January 14, in Unity Hall, at 9 o'clock.

COE COMES JAN. 11 FOR CURTAIN RAISER

FIRST BASKETBALL CONTEST WITH PRESBYTERIANS

Stewart's Squad Lacks Experience—Thomas, Murphy, And Hyland Refuse to Report.

With the actual beginning of the intercollegiate season in sight, Coach Stewart has begun daily scrimmage practice for his basketball candidates on the armory floor. Yesterday saw the first strenuous work-out since the holidays, and witht he first game now less than a week away, the need for signal practice and team work is becoming too apparent to be longer ignored. So far, any actual scrimmage work has been hindered by the lack of suitable opposition, but the organization of a freshman squad, which will come to-night will remedy this defect.

According to the latest revised schedule, Coe comes next Tuesday, Jan. 11, for the first game of the year. The Cedar Rapids brigade generally has a fairly strong basketball team, and with the local squad in its present condition, Stewart will be satisfied with any sort of a winning score.

Following the Coe contest, the next appearance of the Hawkeyes on the home floor will be on Jan. 21, when Drake appears at the armory. One week later comes the Northwestern five, marking the last local game of the month.

The inexperience of the Iowa squad is causing the coach most concern just now. Many of the men who are working out are capable of developing into good basket-ball players, but Captain Ryden and Schmidt are the only veterans on the floor just now. Sallander and Smith have both had a little varsity experience, and will probably be going well by the end of the season; but this doesn't help the first part of the schedule any. Some of the first games are in danger of going by the board because of the greenness of the men who seem likely to compose the Iowa team, and this condition of affairs is rendered more noticeable because of the prosence in the University of three eligible veterans,—Hyland, Murphy, and Thomas, who have so far failed to report for work. All three of these men were members of the football team during the past season, and are still resting from the effects of their work then. Meanwhile, Stewart is doing the best possible with his mixed squad of veterans, subs, and new candidates.

Big Rally In Polk

A monster county rally is to be held at Des Moines for the Iowa alumni and ex-students of the university from Polk county during the early spring. Herbert Harwood, L. 10, and Vernon Sueburger. now attending school here, have the affair in charge.

The "Daily Cardinal," the student paper at Wisconsin, says: "Talk as ye will about Union vaudevilles, Union dances or Union six per cent's, the question now in point this zero weather is Union suits."

THE NYAL DRUGGISTS

Gilbrech is Winner.

Prof. Barry Gilbert yesterday morning announced the result of the annual freshman lay problem contest I. Gilbrech was the winner, Jackson being second and W. A. Byers third. The contest was for a valuable law dictionary presented to the winner by Barry Gilbert.

There were four hard problems put up to the members of the class trying for the prize. This first was to give the correct citation for the facts of a given case. The case was a difficult one to find, and several of the contest ants put in several days of searching.

The second problem was to find a case in the library that most nearly raised the exact legal point raised in a hypothetical case given by Professor Gilbert. Jackson found the case nearest in point, as judged by Professor Horak, it being found in 32 So. 744. Problem three was to give the best legal opinion upon the facts of the problem just preceeding. Problem four was to find as many citations of Watson vs. Diltz, 116 Ia. 249 as possible. Gilberch, the winner of the contest, found 45 separate citations.

Phi Delt Banquet.

Ten members of the Phi Delta Theta fraternity, including Clarkson Miller, of Iowa Beta, at the university of Iowa, held their yearly get-together banquent at the Kirkwood Hotel New Years' eve. Toasts were indulged in and reminiscences of college days were gone over.

Read Papers.

The Department of Physics presented several papers of interest before the recent meeting the American Physical Society and Section B of the American Association for the Advancement of Science.

The papers were as follows:

"The acoustic shadow of a sphere: the theory and certainp ractical application," Dr. G. W. Stewart.

"On the function of rest in restoring a platinum-iridium wire to its annealed condition," Dr. L. P. Sieg.

"The nature of the recovery of the light-positive and light-negative selenium," Dr. F. C. Brown.

"A method of measuring the fluctuations in a rapidly varying resistance," Dr. F. C. Brown and Mr. W. H. Clark.

All of these papers contained results of research work done in the laboratory at the University of Iowa.

Dr. Stewart was appointed a member of the General Committee of the Association.

Files Report.

Dr. Henry Albert, state bacteriologist, has just filed his report with the board of health, in regard to the number of hydrophobia cases in the state, especially the ones at Boone. He states that rabies in dogs is on the increase in Iowa. He declares that the dogs should not be killed immediately after biteing persons, but should be tied up, and if the dogs are afflicted with the disease that they will die within a short time anyway.

Engineers at Michigan will establish two wireless stations, one at the college, the other at a distance of ten miles, for the purpose of doing practical work.
