Don't Blame The Coach

It is unpleasant to have to eat a dinner that tastes like it had been prepared in the middle of the Great Sahara but it may not be the cook's fault—she did the best she could. But when she prepared meals with rich, appetizing taste, fresh and sweet give the cook a fair show and

Let's know the things we have learned

There are twenty-five students in the freshman class at Cornell. A $10,000 running track is being completed at the University of California.

There are only thirty students from points west of the Mississippi in the freshman class at Yale.

The question of the future in our class is: Will the students at Vassar celebrate the victory of their defeated team over Yale and Columbia by marching with the band?

YOU CAN DO IT—JUST AS EASY!

Learn the Touch System in Typewriting by one of our TOUCH TYPEWRITING DEVICES

Touch device secured to stand with desk clamps; Lesson chart resting on touch-device. (Can be attached to any machine or table.)

The system is so simple that a child can understand it, and the device is so constructed that it actually compels the operator to write by touch.

If you are operating by “sight” let us impress upon you the fact that "touch" writing is here to stay, and that you must learn it if you wish to do your work with ease and be considered an up-to-date operator.

We cordially invite you to call and examine this touch typewriting device.
