COLLEGE GLEE CLUBS HAVE SONG BATTLE

FESTIVUS OPERA HOUSE PRESENTS FALL APPEARANCE

Singing Arrangements are Complete. Local Amateur Assumed Charge.

Press Club Pleased.

The University singing will receive a rich addition to the nearly forty. The national museum at Washington, D. C. is making the gift in return for much scientific work done for the national museum by Professor C. C. Nutting.

The gift consists of 17 large mammals and 106 smaller animals. A large number of these come from Africa, although whether they have been on the second account explained. The whole collection will be a welcome addition to the university.

Dr. C. C. Nutting, representative, Honor. R. R. Mill, will make the utter. After his work is completed the university will have an exceptionally fine collection along this line. Many of the specimens are extremely fine and would be hard to get in any other way.

Freeman Departs For Scoon, All Tournament Voting To Participate in the Preliminary Christmas Festival that has been arranged, is due to be held on the campus.

The course will be the home of the university, and the football team is expected to be the host to the entire group.

The football team is expected to be the host to the entire group.

Change in Course.

The course in Kittle goes off "A" on November 30th. The course has been changed to a lecture course supplementary to elective reading and will be used to "Practical" in the usual way.

Don't Blame

The Cook

It is unpleasant to have to eat a dinner that tastes like it had been preserved in the middle of the Great Sahara but it may not be the cook's fault - she did the best she could.
But when you want meals with rich, appetizing taste, fresh and sweet give the cook a fair show.
