The Homorous Department

The full-year program of prizes will be divided into two areas that many students will find interesting.

The first area is devoted to the students of the university. Mr. Nettles Rowland, first woman graduate of the institution, is to be pulled up by a student of the university.

The second area is devoted to the students of the university. Mr. Nettles Rowland, first woman graduate of the institution, is to be pulled up by a student of the university.

Brain Food
One man has become rich out of the manufacture of a crystal
bead advertised as a brain builder. We firmly believe
that the steady patronage of Grandrath's busy store will aid any
one, in the acquisition of grey matter. At any rate, it is an evidence
of the possession of it on the part of the customer.
