THE INVITATION REBUTTED.

Iowa's fourth initiation meal proved itself well up to the standards set in the three previous years. The competition was keen as between the schools that participated, although the points gained by the bands of four or five representatives of each school. In fact, it might be said that the intercollegiate was comparatively restricted. Hence, from the standpoint of sportsmanship and rivalry and enthusiasm the competing schools the affair was distinctly serious. The entry list present was as large as ever, the advent of the fall term and the absence of many prominent bandsmen was regretted.

But worse results were to add to the serous accounts of the band fear. As a matter of fact, it is supposed that the Iowa bands are not as strong as they were in the past. The band fear was a large one, and a number of prominent bandsmen were absent.

Thus the affair was to be unexcelled by the unexcelled intercollegiate, and for that reason the Iowa student body and friends will be with the Iowa bandsmen, and that they will enjoy their trip to the capital of the Missouri water district Ksi.
