PUBLISHED BY THE STUDENTS OF THE STATE UNIVERSITY OF IOWA

VOL X

IOWA CITY, IOWA, WEDNESDAY MORNING, MAY 24, 1911.

NUMBER 157

Don't let a contract hold you to a worn out money making proposition. If you work for less than 60 per cent commission some middle man is making a big rake off on your work. There are a number of canvassing propositions on the market with which students will make from \$50 to \$100 a week this summer. See page 4. Col. 4.

HAWKEYES DEFEATED: WASEDA TAKES FIRST

NOTHING BUT WHITEWASH FOR IOWA.

Stewart's Men Fail to Hit Japanese Curves—Visitors Care Not for Precedent.

General Stewart is in the Kuro-patin class now. We can see almost exactly what happened to Russia, for something very like it dropped on the coach and his legions yesterday when the visitors from far o'er the briny Pacific tumbled them into the oblivion of a 2 to 9 defeat.

Led by the mighty Matsuda, the Waseda team won because it played better ball. Before the game started, it seemed a shame for big strong men like Baird and his confreres to pick on people the size of the Jap brigade. Right there is where a lot of people put in considerable time fooling themselves. Little, but oh, my! Things went along well enough for a while, and after that they stopped as far as we were concerned. Meanwhile pitcher Matsuda got busy and dented the plate twice, once in the sixth and again in the eighth, and put in the intermissions holding the Hawkeyes at bay.

The game as a whole was devoid of hitting, except when Baird developed a habit of puncturing the guests with the pill in inhospitable manner. Each side got one clean hit, while the visitors padded their total with three scratches and the Iowans with two. Iowa's best chance came in the fourth. Omachi robbed Schmidt of a hit to start with, and then put himself in bad by firing the ball over Oj's head at first. Schmidt went to second. Wright and Sallander both sent hard drives to Iseda, who pulled them down and held Schmidt on second. Mericle scratched a hit to short, and stole second. Hook walked after a stormy session at bat, but Baird's roller in front of the plate was fielded by Fukumaga for a force-out of Schmidt.

Mikami, who did the heavy clouting for the easterners, scratched a hit to McWhorter with one gone in the opener, but nothing stirred. The sixth saw the real beginning of the Japanese peril. Pitcher Matsuda opened with a single. It is not considered baseball ethics for pitchers to hit in America, but they haven't learned that yet in the Orient. Consequently said Matsuda landed safely on first, to the surprise and indignation of Captain Hook and his followers. Here Yawata distinguished himself by bunting with two strikes already called. The second violation of the accepted code almost upset the Hawkeye infield entirely, McWhorter

(Continued on page 3)

SENIORS CONTROL ASSEMBLY; FACULTY ADDRESS BY HOWARD

Cunningham to Speak for Seniors, Ashton for Juniors.

The seniors are to have complete control of assembly today. Marching in by the hundreds they will assemble by colleges on the main floor of the auditorium, and there sing "Old Gold" together. The occasion will be one long to be remembered by the seniors, for every effort has been put forth to surpass all other senior assemblies and to take the spirit of loyalty for this year's class a prominent factor in this respect. Dr. Campbell Howard will give the principal address of the hour and will speak on "College Loyalty." Doctor Howard is known as a speaker who has the ability to say something and who says something. The farewell address for the seniors will be given by Glenn Cunningham, and J. Edgar Ashton will respond for the juniors.

The program follows:

Doxology.

Invocation and Scripture reading, the Rev. F. M. Fox.

Song, Old Gold.

Reading, "The Stake and Plumb Line," (Gilbert Parker), Hannah Phelps.

Address on behalf of the faculty to the student body, "College Loyalty," Dr. Campbell Howard.

Selection, Ava Maria, (Schubert Wilhelmj), Mr. Howard J. Barnum.

Farewell for the Seniors, Mr. Glenn Cunningham.

Response from the Juniors, J. Edgar Ashton.

Rev. Jones Will Speak.

The Life Work series of addresses which the Y. M. C. A. has been carrying on will be concluded this evening at 6:45, when Rev. J. T. Jones, pastor of the Congregational church of this city, will speak on "The Student and the Claims of the Christian Ministry." The members of the association have been looking forward to this address for some time, and it is hoped to have one of the largest audiences of the year present to hear Rev. Jones.

The Y. M. C. A. two weeks ago challenged the Y. W. C. A. to a contest of attendance, which is to last until June 7th. Thus far the women have won, by small margins.

A special attraction is offered this week in the form of a barrel of lemonade.

Picnic Called Off.

The senior class picnic has been called off owing to the fact that only a few of the class would agree to attend. Those who have purchased tickets may have their money refunded from the person from whom they purchased tickets.

LAKESIDE LABORATORY TO OPEN NEXT MONTH

PROFESSOR MACBRIDE BUSY WITH PREPARATIONS.

Additional Instructors Added to Staff—More Applications Than Places to be Filled.

With the opening of the Lakeside Laboratory for its third annual summer session but a month distant, preparations are now going forward with considerable rapidity. The first term will last from June 19th to July 28th and the second from August 1st to 12th.

Professor Macbride, who is acting director of the laboratory, has already made one trip to Okoboji, to inspect the grounds of the station and get preparations started. He will probably make another before the session begins, and will go up several days in advance of the rest of the staff to have everything ready for actual work as soon as the students arrive.

Professor Wylie will leave here about June 9th. He will be accompanied by his family, and will occupy one of the cottages on the station grounds. Before leaving here he will superintend the packing and shipping of the instruments and apparatus which is to be taken. This will be done as soon as the laboratory work in the university is finished.

When the science students arrive at the station they will find everything in readiness for immediate work. Mr. Clifford Farr of the class of 1911 has been at Okoboji since May first putting the campus and buildings in shape for use.

The applications for places has been unusually large this year. Since the number which can be accommodated is limited, a selection from among the number of applicants is necessary and the department is able to obtain students of the very highest ability. So far there have been eighteen applicants from the university over half of whom are graduate students. These latter will undoubtedly be accepted, and will be assisted in special investigation work. The interest of the independent colleges of the state is shown by the unusually

10:00 Assembly.

4:30 Iowa vs Waseda. Iowa Field.
6:45 Y. M. C. A. Meeting at Close Hall.

6:45 Y. W. C. A. Meeting at Close Hall.

HONORARY DEBATING FRAT INITIATE NEW MEMBERS

Ashton, Powers, Clough, Loos, and Collier Taken In.

Delta Sigma Rho, the honorary debating fraternity of the university held its initiation last night at Unity Hall, following it with a banquet. The new men who were initiated into the society are Leon Powers, R. F. Clough, J. Edgar Ashton, Paul S. Collierr and Karl Loos. Four of the men, Powers, Clough, Ashton and Loos, were members of Iowa's debating teams last year, while Collier was the winner of the first place in the Northern Oratorical Oratorical league a year ago.

It ill be remembered that Ashton and Powers were members of the negative team which met Wisconsin on its home floor winning by a unanimous decision. Clough and Loos debated here on the affirmative under the leadership of Glen Cunningham, and were also successful, winning a two to one decision.

At the banquet following the initiation there were a large number of the resident members of the fraternity in attendance. Frank Jones, leader of last year's negative team acted as toastmaster. The toasts, which were upon general debating topics were given by Judge S. K. Stevenson, Henry G. Walker, Irving Brant and E. Clyde Robbins.

The society met finally in a short business meeting where the officers for the coming year were elected, and other minor matters attended to. Glen Cunningham was made president and Edgar Ashton secretary.

Peterson Leaves Iowa.

John C. Peterson, last year's champion wrestler has left the university and will not enter next fall. Peterson was sick for a long period during the latter part of the first semester with typhoid fever and went back to his home at Le Mars for a time. This spring he has returned to the university and made up his work, but will not go on with the course. He will enter Michigan University at Ann Arbor next fall.

Peterson was one of the best wrestlers ever seen on the local floor. His leaving will mean a great loss to Iowa's wrestling hopes for next year for it was expected that he might get back into his old form by that time.

Octave Thanet Elects.

At a business meeting last night, Octave Thanet literary society elected the following officers:

President, Della Patton.
Vice President, Maud Walz.
Secretary, Irene Farrell.
Treas., Zora Wells.

WORK OF Y. M. C. A. HAS BEEN COMPLETE

IOWA ASSOCIATION HAS GREAT YEAR.

Secretary Williams and His Assistants Have Instituted Many Student Activities.

The work of the Y. M. C. A. of the State University of Iowa for the year just drawing to a close has been very extensive and complete, and the association has proven to be a valuable aid, spiritually, morally, and in a general way, to the university.

A very important part of the work has been the weekly religious meetings held each Wednesday evening, when services of prayer and song have been conducted by student members, and addresses have been given by prominent faculty men, business men, and out of town speakers. The attendance at these meetings has averaged from thirty-five to one hundred and fifty. The committee feels that the possibilities of these meetings have just begun to be seen.

Bible study has been developed to a fair extent, though not as fully as was hoped. However, this year's work will furnish a basis for greater development next year. Altogether there have been seventeen Bible groups with an enrollment of 254 men, about thirty-five of whom are fraternity men, sixteen are athletes, and others active in college life, and over thirty are non-Christians. Preparation is now under way for a thorough campaign next year, beginning with a Bible study institute. A mission study class has been studying John R. Mott's book, "The Decisive Hour in Christian Missions."

In extension work there have been new developments this year. Gospel teams were sent to Manson, West Branch and Columbus Junction, by the influence of which men and boys have decided for the Christian life, and seventeen students have gained a greater love for Christian service. Two clubs have been organized by the association among high school boys, which meet once a week under leadership of prominent university men.

The Y. M. C. A. has been paying particular attention to the hospital patients, also, providing music and flowers, etc.

A large number of students have been furnished a much needed social side of college life through the association. Several stag affairs were held during the year, as well as a number of joint socials, all drawing large crowds. Chess and checker clubs were organized and tournaments held.

At conferences the university has

A RECORD WORTH THE MAKING

The news columns of The Iowan today carry the record of the local Young Men's Christian Association for the past year. The facts and figures shown form an interesting subject for study. They bring to mind the question as to what the University would do without this useful adjunct to its activities.

During the past year the Y. M. C. A. engaged in a variety of enterprises. It organized Bible classes, it held mid-week meetings and post examinations, and it promoted chess and checker tournaments. Besides these social activities, Secretary Williams and his colleagues found employment for many who needed work, and directed unknown numbers to suitable rooming and boarding places. They mingled in some way in almost every University activity; and their help was always acceptable and timely. We believe in the Y. M. C. A. and all its works.

THE LAKESIDE LABORATORY.

This is not the first time that the Lakeside Laboratory has been mentioned in the editorial column of this paper; we hope it will not be the last. Although but a few years old, the Lakeside Laboratory has already shown that it has a place in the University's educational scheme.

For the student of natural science, it is invaluable. Under the capable direction of Professor Thomas H. Macbride, the laboratory offers an opportunity for thorough scientific study under the most favorable climatic and scenic conditions.

LAKESIDE LABORATORY

TO OPEN NEXT MONTH

(Continued from page 1)

large number of applications coming from their students and instructional staffs.

The fluctuation in the number of applications presents an interesting psychological phenomenon. During the hot weather of the last few days applications have increased to a marked extent, as high as eight coming in one day. It is also peculiar to notice that all but one this year have asked for accommodation in tents, showing the decided growth in sentiment favoring outdoor living as well as outdoor work.

The staff this year is larger than that in charge during the sessions of last summer. There are two additional instructors in botany and one more in zoology. There have been some changes in the staff from its first announcement. The death of Professor Calvin leaves his place as a lecturer unfilled. It is possible that Professor Kay may go to the station for a few lectures but by no means certain as yet.

The staff is now announced as follows:

- Thomas H. Macbride, Director.
- Robert B. Wylie, Professor of Botany.
- T. C. Stephens, Professor of Zoology.
- A. O. Thomas, Instructor in Geology.
- Albert Kunz, Zoology.
- Albert F. Ewers, Botany of the High School.
- Bohumil Shimek, Lecturer on Physiology and Ecology.
- Assistants: Alice Yocom, Harriet V. Wilson, Mr. Grigg, Mr. Schatz.

Cadet Notice.

Companies E and F will draw their equipment for the practice march from 4:30 to 5:30 today.

COMING EVENTS.

- May 24 Assembly in Charge of Seniors.
- May 25 Intercollegiate Debate Try-outs.
- May 27-30th. Annual encampment of the cadet regiment.
- May 30 Hep-Zet Party at Little Dutch Hall.
- May 30—Decoration Day recess.
- May 30—Baseball, Iowa vs. Grinnell, Iowa Field.
- June 1—Baseball, Iowa vs. Minnesota, Iowa Field.

Washington University Med. School
St. Louis, Mo.

George Dock, Sc. D., M. D., Dean.

Full time heads of departments and staffs in leading clinical as well as in laboratory branches. Experienced experts drawn from the medical profession in St. Louis associated with these. Entrance examinations Tuesday and Wednesday, September 26 and 27. Academic year opens October 2. One year of college work in prescribed subjects required for admission in 1911; two years of college work in 1912. For catalogue and information, address Dean Washington University Medical School, 1806 Locust Street, St. Louis, Mo.

Have the Date Engraved

The gift you make to the graduating friend will be doubly prized if it bears a neatly engraved date and comes from the house of Standard Jewelry Quality.

barely nailing the hitter at first while Matsuda raced to second. Mikami, however, believes in following convention and precedent. There was nothing new about what he did, but it was eminently disastrous all the same. He simply grasped his bat firmly by the handle and drove a scorching double between Mericle and Strickler, scoring Matsuda. Iseda was beamed by Baird, who seemed to resent the way the Jap center-fielder wore his cap over one ear. No damage done, though, and Iseda went to first. Oi, the biggest of the Japanese, came up and hit hard towards left center, but McWhorter, playing far back, just managed to pull it down and avert a panic. Fukabori then struck out.

The other run came in the eighth. Matsuda led off again, and this time was hit in the back. Yawata violated precedent again, and bunted after he had two strikes, advancing Matsuda to second. Mikami, he of the two-base swat, was prudently walked after Matsuda stole on a short passed ball. Iseda laid one down the 1st base line and beat it for a hit, Matsuda scoring. That was all, and it was enough.

The teams will resume hostilities again today, with Gittins and Omura opposing each other in the box. The line-up:

Waseda	A	B	R	H	P	O	A	E

PERSONAL AND SOCIAL

Dr. and Mrs. A. J. Burge are en-
joying a visit from the latter's father,
Mr. John Lashek of Boston.

Erwin Oliver spent the week-end
at the home of his parents at Sigour-
ney, Iowa.

Rev. J. G. Hoerlein of the German
Lutheran church has been confined
to his home by illness for the past
few days.

Charles Updegraff spent the week-
end at the home of his parents at
Sigourney.

Paul McManus of St. Louis is vis-
iting his parents at Iowa City. He
will graduate from a medical college
of the Missouri city in June.

L. H. Kough of Le Mars is in the
city greeting old-time friends.

Hon. M. J. Wade has returned from
a business trip to St. Louis.

Mrs. D. C. Abrams has recovered
from a serious and prolonged illness.

Mrs. Homer R. Dill is spending the
week visiting with relatives and
friends in Sioux City.

Miss Mabel Branson of Cheyenne,
Wyo., is a guest at the Spencer home
on Governor street.

Attorney William J. Allen, an al-
umnus of S. U. I. is a guest at the
Kappa Sigma house. He has built
up a flourishing practice in his home
town, Laurens, Iowa.

R. N. Chamberlain, of Anamosa,
a former Varsity man is spending a
few days in the city. He has been a
guest at the Phi Delta Theta house.

The Liberal Arts class of 1906 will
hold a class reunion in the near fu-
ture. A meeting to determine the
detail arrangements of the event has
been recently held at Close Hall.

Dick M. Vawter, L. A. '12, of S. U.
I., has been in Cedar Rapids to com-
plete arrangements for joining the
Ridpath Lyceum Co., and booking
for some big Chautauqua attractions
during the coming summer.

C. O. Wright of Uniontown, Penn.,
Eng. '03, stopped in Iowa City to
greet old time friends. He is repre-
senting the Fayette Engineering
Co., of Uniontown, Penn. He will
visit his home in Tipton.

Miss Bess McEniry, who has spent
a few days with her cousin, has re-
turned to her home in Rock Island.

Miss Mabel Frisby is again able to
attend classes, after being confined to
her room by illness.

Miss Clara Ericson has returned
from her home in Forest City, where
she went to attend her sister's fune-
ral.

WORK OF Y. M. C. A.
HAS BEEN COMPLETE
(Continued from page 1)

been well represented, with the larg-
est delegations at both Grinnell and
Clinton. It is planned to have at
least twenty men at the Lake Geneva
conference in June.

One of the most important depart-
ments of the local association has
been the bureau of employment and
assistance for students. Rooms and

DRINK GOOD SODA

WHETSTONE'S

New Things To Try Every Day

board were furnished to about 500
men, room-mates secured for 100
and a bureau of information, a check
room, and a baggage transfer main-
tained. Employment has been pro-
vided to the amount of \$17,500. Steady
work has been provided forty men,
and odd jobs have been secured 162
times. Work for board has been se-
cured for eighty four men, and for
rooms for twenty-nine.

For the new year three new com-
mittees have been organized; one on
church co-operation, one on new stu-
dent work, and a third on personal
work.

The secretary deems that the work
this year will serve as a foundation
for even better work next year, and
is greatly impressed with the possi-
bilities of religious work at Iowa.

More Positions for Seniors.

Due to the energy and work of
Professor F. E. Bolton, more than
sixty positions have been secured for
Iowa graduates of this year. The de-
partment of education always aids
those students desiring to teach and
has been very successful in this line.
The number of positions already as-

sured testifies to this fact.

The list of those so far unpub-
lished follows:

- Mildred Simpson, English, San-
born.
- Lulu Utley, Latin, Sanborn.
- Eva Sinn, History, Bedford.
- Elsie Brey, English, Neola.
- Lydia Potratz, German, Latin,
Hartley.
- Beulah Brown, English, Corydon.
- Margaret Burns, Math., Center-
ville.
- Sadie Parrott, Latin, Stanwood.
- Bernice Bates, Latin, German,
Britt.
- Margaret McEniry, Math., History,
Schaller.
- Lillian Munick, German, English,
Hubbard.
- Mabel Eppard, Principal, Webb.
- Edith Parrott, Grade, Webb.
- June Hadley, Grade, Galva.
- Ethel Chamberlain, Public Speak-
ing, Chinook, Wash.
- Mary Hayden, Eng., Science, Hi-
awatha, Kas.
- Lilah Crum, Prin., Osage.

The entire enrollment at Michigan
this year is 5,381, which is two less
than last year.

Waskwi Initiates.

Waskwi, the junior society, initiat-
ed fifteen sophomores into its ranks
last evening.

A Summer Job.

Are you sure you haven't a worn
out money making proposition? Are
you sure of at least \$50 a week? I
am the Western Sales Mgr. for an
article with which every student who
took it up last year made from \$50
to \$100 every week. This article is
an invention of Mrs. Rohrer, the
famous domestic science woman
known by every house wife. This
device is a stove cover that fits any
gasoline, oil or gas stove and saves
half her gas bill. She can see that
it will pay for itself over and over
again and sees that she can make
toast on it, heat her irons on it, pro-
tect the sides of her kettles from the
smoke and blaze and that she can
cook as fast or as slow as she wish-
es to, and she realizes that it will be
useful to her in a dozen ways. This
article sells for \$1.00 and the agents
price is 40c, a low retail and whole-
sale price. This article is absolutely
the easiest seller on the market. When
you sell this article you are selling
a necessity and not a luxury and the
average man who will work sells
from 100 to 150 covers a week for
it takes only five minutes to sell it.
See J. B. Kemp, Western Sales Mgr.,
for territory in seven states. Call
54 for appointment.
