Dear Sir:

The well-dressed man is he who pays particular attention to his neck-dress—A slovenly, ill-fitting collar will mar the whole effect of man’s dress.

Yours truly,

SECRETARY H. W. WILLIAMS WILL RETURN NEXT YEAR

V. C. M. A. Planting Big Things For The Coming Year.

A much greater and more extensive work is being planned by the V. C. M. A. for next year, with the co-operation of all the present classes as a basis.

With the first signs of the fall afoot of the studies the work will increase in size and volume of labor. The history of the first year's experience will be brought forward and its place for the year published as soon as possible.

The first work of the school year will be turned over to the social committees, which has planned for a big introductory week. On the Monday afternoon before school is in session, they will hold a get-together following the regular Monday assembly.

The school of the coming year will be conducted by the Zetagathlans, a group of the civic-minded students, and the work following will be taken up with little study work.

In the air of the association we will put up a complete study of the Bible. This year there were two, but three hundred, students in a study of the Bible in Iowa last June. The study of the Book of Common Prayer will be conducted by the First Congregational Church.

The church's cooperation continued to increase church attendance. During the winter the V. C. M. A. hopes to cooperate with the school in visiting the big Sunday afternoons and meeting for the benefit of these services.
