WELCOME BACK to CAMPUS LIFE

It has been one of the fortunate incidents in the life of this store to be for more than forty years a witness of the campus life of Iowa's great university. Each new school year brings to us a host of new blood. Freshmen, they are for one short year. But from them we have seen developed the athletes, the scholars, the forensic stars, who have gone out a few years later laden with varsity honors. To these new ones, to those who return for further studies and work and a new series of campus experiences, we wish to join in saying, "WELCOME HERE FOR THE SCHOOL YEAR OF '11-'12!"

Clothes of Character

Old students know us and new students will soon come to know us as the house that sells Max Mayer CLOTHES OF CHARACTER. That term covers the last word in those essentials which differentiate our kind of clothing from the mass, which give to our patrons an individuality, an air of distinction sought for by every man of discriminating taste.

Featuring Strongest Known Lines

Our ready-to-wear clothing is the cream of the best that the ready-to-wear world knows. You'll find in our clothing the trade marks of Stein-Bloch, of F. Blimline, maker of College Brand clothes. You will find evidence also that clothes value here are always uniformly superior.

A Price Range from $10 to $30

We can always suit your demands as to fit as well as price because our stock is equal to all occasions.

High Class Tailoring

The tailoring department maintained in connection with this store has a long history of satisfactory custom work behind it. The patrons of this department are assured of expert service in cutting and perfection of fit is guaranteed. Just now our new suitings for fall and winter, including the rich rough wea so popular this season, are here for inspection.

Gym Suits---Athletic Furnishings

The Max Mayer store is athletic headquarters. You'll find the men who are weight on the track and field are the fastest in the race toward the department of this store where we are always handling out gym suits, sweaters and athletic furnishings of all kinds. In all this class of goods we are known for our low prices.

Latest Ideas in Haberdashery

Neckwear, Manhattan shirts, gloves, under- wear, honesty, etc., are unfailingly shown in late offerings here.

At the Bijou.

Axel Christensen, who is at the Bijou now, had a hit of late, with his present production, the "Old Reliable," an all-stripping, all-everything, all-nothing show, in which he has gathered together all his most notable stage pictures. The performance is said to be a hit that is making possible this and other "hits" at Willner's Golden Eagle, and successful manager of Willner's Golden Eagle. (and successful manager of Willner's Golden Eagle has enjoyed the reputation of warm, true friend of the student body since he came to Iowa. Brand Clothes are known from coast to coast, and the same excellent reputation is second to no Institution of its kind ever since he came to Iowa. For many a year, the Golden Eagle has been known as a favorite."

Student leaders in all fields of student-unionship are doing in every city to every student to which a newsletter of interest to many such work as an opportunity to join the staff. At the same time the students are gaining experience in the work of the staff activities, and some fail to return to the university for other reasons, but always a number of students open to aspiring journalists.

Newspapers of any kind are probably one of the most valuable means of preparation for the time when college days are over. For those who wish only for general training which will help them in future life.

For the freshmen, there is still much of value.

Practical experience is obtaining papers as a part of the course of instruction. Wood A. Brus, who made a success in other fields will tell you that he was most of his ability to handle the paper as a newspaper.

For the freshmen, there is nothing or any way of getting an insight into university affairs and of making the acquaintance of university people.

In addition, there is the opportunity of working at Washington department to get university credit for the work done. There is nothing in the world more educational to the average individual than the efforts to handle the personal and social issues, as there are some reasons to think that the average graduate.

BRIGHT CROSS COUNTRY

Conceived from Page 1

The event for the past two years, which is held at Chicago's own. About eight of his or her countries teams complete annually, and many shoos entering from the Mid-West (19) boys and girls (19) in service on the Iowa. The event will be won by W. B. D. in fast time. The 100 yard dash will be held just as the football game with North Western, the runners making the kick lap on the track on Iowa State, and finishing in front of the grand stand.

In preparation for the event, Coach Kellogg will make great efforts this fall to develop a fast country team here, and expect the event to amount much to it.

In working out his plans, the coach expects to get out a big batch of comrades, and may well be proud of them. They will be a great help in giving them some competition and is sure to get a line on his material for the coming spring.

Students in Residence

An automobile accident in which four university students were con-

tracted took place last evening about 7 o'clock on College street near the college. Two persons were hit by the car, carrying the body, Pare Jansen, Louise Adams and Fan-

zy Bradley, strolled on the west part of the street about 3 o'clock. Three persons, including the driver, Pare Jansen, Louise Adams and Fanzy Bradley, strolled on the west part of the street about 3 o'clock.

A number of representatives from the family and the students who have been in touch with the various schools or otherwise interested in the car accident, throwing Miss Payne out and bruising her slightly. No other damage was done.

Stag Event on Monday

The social events of the Y. M. C. A. will be as busy as a beehive this year. The stag reception which is always given some time during the first week, is scheduled for Thursday night.

The affair this year will be held in the university armory instead of at Clip Hall as formerly.

The function will be mainly in the nature of an internal recognition that will permit the old and new foes to get acquainted and enable everyone to be back to the social of their choice. Refreshments will be served until everything possible done to see that every fellow has a good time.

Notable Addition to Department

Made in Summer

One of the notable additions to the faculty of the liberal arts college during the summer was Louis Pelzer, a former assistant in the department of political science at Iowa and the new president of the History of the United States and a co-founder of the Department of History. The course offered by Mr. Pelzer includes the History of the Louisiana Purchase, the Building of the Western States, the Territorial Growth of the United States, and a summary of the Arkansas Post.

These courses constitute the work for the new branch of the History Department known as the History of the Western States. They are offered to be of particular interest to students in this section of the country because of its geographical location. Mr. Pelzer is looked upon as the foremost figures in western athletic history. He is at his best in the present time chairmen of the West's athletic board. The conference committee is thinking of the football officials for the coming season.

Professor Smith, the new athletic board chairman, has also resigned. The two vacancies will be filled by appointments of President Byrnes.
