CROSS COUNTRY WILL START TOMORROW

Preliminary Events

Home Run With Valuable Prize to Be Held as Preliminary to Large Event

Tomorrow at 4.00 Coach Keeling wants to meet every man in the university who can possibly enter the race and carry a credit for his college. He will be at the armory where the purpose of making good and strengthening the cross country course would be served.

This year's work in the cross country event shows a progressively increasing interest in the fact that the Western Cross Country run will be held here on November 25.

The conditions which will prevail will be similar to those of last year. Northwestern, Minnesota, Illinois, Illinois, Ohio, and possibly Missouri. These will include the pick of the distance runners in the west.

As a preliminary to the big run and in order to arouse enthusiasm and pick the team which will represent Iowa, Coach Kellogg will hold a home run some time before November 25, according to city conditions.

The race will be open to all the men of the university and the prizes will be given regardless of eligibility. The first, second, and third prizes will be awarded and the names which will run against the others on November 25.

Iowa men never fail to run with their true, and in order to give them practical instruction. The first run will be short, but that labor will be worth the effort for the first week.

Dean Appoints Committees

The committees on committees in the dental college, H. R. Norris and H. C. Chilton, yesterday announced the two members from each class who will cooperate with the Health club and the coaches in getting the men to enter and continue the exercise. This will be run under the direction of the Dental College, with the request that the men enter the contest and give every man an equal chance to show his ability in the contest.

Dean in Charge

The football contests from the medical college reported for progress. The Football Association and selected Junior Class, which were placed on the varsity last year will be entered this year. There were a number of candidates and no one will be accepted except those that will fulfill the requirements.

Increase in New Students

Registrar C. F. Bissell announced yesterday that to date 554 new students had registered, as against 534 at this time last year.

"Of all that is good, Iowa is to be the best."

DAILY IOWAN PUBLISHING CO.

Established, J. E. AMBROSE, Business Manager.

Entered as second-class mail matter, November 12, 1890, at the post office at Iowa City, Iowa, under the act of Congress of March 3, 1879.

Published as a daily journal of general news and student activity, and as a customer of the students, faculty and president, and for a feeling of loyalty to the university. The feeling of optimism is probably due partly to the football prospects, but to a large degree we believe it is the result of the splendid impressions which the new president has made upon the student body. President Bowman is fulfilling new life and enthusiasm into Iowa. His unbounded energy, his sympathy for every legitimate student activity, and his utter sincerity and frankness have won the hearts of all. Every one is working—students, faculty and president, and a feeling of loyalty is the result.

New Spirit at Iowa

The first week has passed, and other students are commencing upon a new spell that seems abroad at the university. This feeling of optimism is probably due partly to the football prospects, but to a large degree we believe it is the result of the splendid impressions which the new president has made upon the student body. President Bowman is fulfilling new life and enthusiasm into Iowa. His unbounded energy, his sympathy for every legitimate student activity, and his utter sincerity and frankness have won the hearts of all.
