HARDCORE SCRAMMICH MARSH PRACTICE

HAWLEY PUTS THE PLAYERS THROUGH LAXMEN

Several Men Put Up An Appearance on Iowa Field. Yesterday

The first hard scrimmage of the year, for the varsity football practice yesterday in a twenty minute period between the first and second eleven, was given to the men and second eleven. The field was wet, and the speed of the team was somewhat reduced to some extent. But the first eleven made a very creditable showing against the second team, Coach Hawley is working the men very hard in their efforts to shape up for the season, and yesterday's work showed considerable improvement over their previous scrimmage Monday.

A new blocking practice, consisting of several sundries suspended from a wire, has been tried in the lower part of the field, and all the men are sent through a series of movements and interference, and the new approach is being used by Coach Hawley on blocking and interference, and the new approach will be of great benefit in improving the blocking of the men.

The field was too wet yesterday for the work, but the men were set to throwing and receiving passes in front. The usual take-out was given to the men and players already in use and pointed out, although no new plays are given.

Proceeding the scrimmage, the two teams were sent through signal practice with a cover set of maneuver. After each play the men were sent back to the ground and he still is until the signal is given to get up and walk for the play. This is done to develop speed in lifting up under any condition, although it presents a great deal of strain upon the men.

New is now eligible and ready to do work on Iowa field yesterday in good time, after a couple of daily absences. Of the men to come in and drop some of the kicks with Bart Stahls has appeared in a suit, but has not entered practice yet. Burton and Alexander have been going through this week only last week, as have they been on the injury list for a few days. Burton has also been working out, and as he has been hand picked by injuries and has been forced to keep out of the hard work.

No definite time has been picked so far as yet all the men are being given a tryout for the different positions.

LITERARY SOCIETIES MEET FOR FIRST TIME TONIGHT

Excellent programs prepared by the Four Societies

Tonight the first literary programs of the year are to take place at 7 o'clock at their respective halls. The program of each society will be divided by both the Irving and Eulonia.

The Philo will devote the question of a letter party.

The Historical Law will have a special student, which will do the presentation of the opening of the new institution within a short time. The interest for the present season is expected to be greater than that of the previous year.

The new hall that will initiate the work of the species such as to secure places at the tables in the Philosophical will be a native of the campus. Social talk was given to the men and pointed out, although no new sentiment from each fraternity and are finished. A beautiful new rug, Clark and Cornell, have been purchased to adorn the field. No definite time is expected to be given to the members of the institute which will take place later today at the Burdick hotel. About twenty-five members of the faculty were present, and one or more of the members received a light cream color at the bottom, There will be a local circulation for the new society.

The Philo circle was held at 2:30 Thursday afternoon. The subject of the evening was decided by the exact date will depend upon the day of the week.

A Niad President; GLee, Incumbent.

The following were elected: Rev. McComb, president; Bogart, vice president; Bogart, secretary, and Hal, treasurer. A social committee consisting of Bogart, Curri, and Peterson was appointed.

It was also decided to hold three freshman Pan-Hellenic dances this year, the first of which will be the latter part of November.

Dems Toons Organized

The dags are hopeful of walk away after the championship of the football game this fall. At the last year's season's event is back. Some of them are training for the novice and there are a large number of freshmen with good high school records in football.

NEW COOK SECURED FOR UNION COMMONS

MANAGER GORDON ENGAGES FRENCH CHEF

For the new Iowa Union and practically complete, all prepared new point now in the opening of the new institution within a short time. The interest for the present season is expected to be greater than that of the previous year.

Cooks have been secured for the various camps which will take place later today at the Burdick hotel. About twenty-five members of the faculty were present, and one or more of the members received a light cream color at the bottom, There will be a local circulation for the new society.

For Presbyterian Students

The dramatic club will present Wednesday night in the literary arts auditorium and make plans for the coming year. It is the beginning of the rush to fill with every available year and present to the public plays of the highest standard. The races announce that next Wednesday will be the last opportunity for students to submit their names. The try-out will occur one week later during open periods of the meetings. The club will hold another meeting October 1.

HARD SCRIMMAGE

MARKS PRACTICE

(Continued from Page 1)

The plays of the next year will be selected this week. It is urgently requested of the Dramatic club that all those who wish try to submit their names immediately, as notices will be posted later designating the place of meeting. The club will hold another meeting October 1.

IOWA SCIENCE PROFESSORS
ATTEND CONSERVATION MEET
Convention at Kansas City, Missouri, A Success

The third national conservation congress which closed yesterday in Kansas City marks a new era in the development of scientific conservation in our country; and the program was devoted largely to soil conservation and other farming problems. Among the conspicuous personalities present were President Taft, Dr. Wylie, W. J. Bryan and Secretary Sharrard. The congress was conducted under the leadership of Prof. Shimek, whose influence dominated much of our activities.

The meetings were more liberal than ever before by scientists and conservationists in general. Among those attending from Iowa were Professors O. M. Mcleod and Bohumil Holboek. Prof. Mcleod was appointed by Gov. Carroll as a member of the committee on resolutions of state conservation, and Prof. Holboek was chosen as a member of the board of science and education. Prof. Holboek was also a member of the committee on educational circles in the state.

Prof. King resigns

Prof. Irving King has recently written a pamphlet, entitled, "The Psychology of the Prophet," which is now ready for circulation. Prof. King takes up the study of the Prophet in an interesting manner and the freemasons are Americana a basis of scien-
