MEETING OF MINORITY LEADERS

For Every Position

Commended Officers Will Be Chosen Soon—Mary Attend O’Neal School

The war is on! That is to prepare for war is on. At the word of the bugler’s cheer, some hundreds of blood-thirsty horses, uniformly dressed in red and unmanned, charged the enemy. The whole affair was under the general supervision of the Australian futility officers. The officers presiding are the most important in the list.

Another shift was made in the rotation of officials, going to that extent, while Alexander came back to right tackle, and Patton had another trial at the right end of the line. However, the work of the day was started with the usual meeting of the squad, and the work continued. The bugle was blown through for some long gaps.

LARGEST NUMBER GATHERED FOR OPENING LESSONS

The final examination for the summer courses in the junior class for registration by the students of the college was held on the morning of the 19th, under the supervision of the professors for the summer session.

MUCH MATERIAL GATHERED BY HAWKES DEBATE TEAM

Daily Date Set For This Year’s Cattle

The political game is on at last, with the announcement of the opening of a number of the tickets in the various classes of the college of liberal arts, which have been kept in the hands of the students for several days. The election is to be held on the morning of the 21st, with the election returns of the students of the college of liberal arts, which are scheduled for this year's contest on the basis of the vote and school spirit.

POLITICIANS PREPARE FOR PES. END PARLAM.

By law, any college of the state university in this state have to be in the hands of the students for several days. The election is to be held on the morning of the 21st, with the election returns of the students of the college of liberal arts, which are scheduled for this year's contest on the basis of the vote and school spirit.

A very novel situation has developed in the junior class. The list of the students who have been elected to the various classes of the college of liberal arts is as follows:

One class is interested in the better shape in spite of the resignation of the student senators in the junior class. This class is interested in the better shape in spite of the resignation of the student senators in the junior class.

The Nebraska team is doing a little bit better at the present time. All officers in the junior class, however, are working hard and doing their best to get the team in shape.

The Iowa team is doing a little bit better at the present time. All officers in the junior class, however, are working hard and doing their best to get the team in shape.

The Nebraska team is doing a little bit better at the present time. All officers in the junior class, however, are working hard and doing their best to get the team in shape.

The Iowa team is doing a little bit better at the present time. All officers in the junior class, however, are working hard and doing their best to get the team in shape.

A large number of students have been elected to the various classes of the college of liberal arts, which have been kept in the hands of the students for several days. The election is to be held on the morning of the 21st, with the election returns of the students of the college of liberal arts, which are scheduled for this year's contest on the basis of the vote and school spirit.

Some Team, All Right

Cornellian. Cornell had some representatives in both leagues and won a pro-ball during the season and without a single exception they all made good against the best pitchers in the league. At Shanghai, in the M. I. B. League, "Cop" was the sensation of the league and it is nothing to wonder at considering the way he pitched up. He started his initial game at bat with the city by converting his first out into a home run off Frank of Pacific. Yes, so be it, it is a good sign that person who is able to hit two home runs in fact, to be a regular Schulte. At the end of the season Cop's batting average was .681 with a total of 25 home runs. He played shortstop the greater part of the time and his quick spectator underranged whip to first was highly commented on and referred to by more than one opposing club. Two visits from the Southern league, Atlanta and Newport, have clarified his intentions of charging up the wares of a certain city in the Western league, and these league would give up their claim only a few days ago he received an exceedingly interesting offer from the Western league club to come and finish the season with them.

The best championship of Iowa this year went to Eldora. The man on this team who led in the hitting was none other than last year's first base third baseman and third baseman of the freshman team, Artie Noe. Artie hit the ball at a .320 clip and led the league in a steady way. He had a record of running seventeen games without an error. Sporting authorities palm it off him as the hardest third baseman of scrubs list in the state. He has a very exciting offer in league ball for the coming season but has not decided whether he will accept. "Pony" and Earl West played semi-pro ball during the greater part of the season, and are among the finest infielders in this part of the state, Topeka, Marionville, Mount Vernon, and others. Carl, Kishler, and Kubler were among others who played good summer ball.

Next spring, Cornell will christen that new "Dordi" diamond with a team that plays the real article.

George D. Barth, Grocer

We have always been of the opinion that cleanliness should be the all important characteristic of a Grocery Store. Our array of customers have come to understand and we attribute much of our success in the Grocery Business to our efforts in this direction.

Why not buy your Groceries at the store which sells the best of everything and saves you money at the same time.
