Fiske Plays Featured in Contest That Shows Strength of Second Team But Greatly Exciting Battle

Playing before the largest crowd that has witnessed any practice of this year, the Iowa team fought out a hard battle yesterday afternoon against the strong second line men. In response to the call went out and the full pull for a rally of the student body, about four hundred Iowa sup- porters were on hand to cheer and the material to that is to make up the Iowa team tried out in a real con- tent. The hand appeared for the first time of the season and led the scarcely to Iowa town.

Tell leaders chosen by the differ- ent colleges worked for the first time with the student body. North of the downtown college. Bases of the engineer- ing college and the art college are hubs of liberal arts such interest has not an up- per berth to show his ability to effect effective turn around and some students. The uniform success of each man gives promise of ability direction of Iowa football this year.

In a contest that was close fought from start to finish it was demonstrated that Iowa has more than one good football team. In the first season, the second team, sided by occasional hits of good fortune, swept over the material of the second team from the field without a mark of 5 to 0 in its favor. In the second, the same Mark was back found material, with the school spirit and the Iowa team gained the upper hand without a mark of 10 to 0. Now in the third game still a possibility of a contest was to be had. The match between Gordon and Sharrard, the latter won the contest by a score of 26 to 14. The match was well played by both sides and dive appearances from the opponents. It was not running for any length of time, and the marksman was unsuited to the occasion or the occasion was very exciting.

Sharrard Takes Semi-Final Match

It was not running for any length of time, and the marksman was unsuited to the occasion or the occasion was very exciting.

President Kelley yesterday pointed out the advisability of purchasing these tickets, both from the standpoint of finances and of college credit. The purchase of a large num- ber of these tickets means in the first place that every contest held this year, whether in baseball, basketball, track or football will be well attended and the men encouraged to try for the team. he said. "This shows of course that we are more interested in the contest. There are other instances of our work this year and we expect that all the contests will be well attended."

The challenge round will be played Tues- day.

Dramatic Club Try-outs

The university dramatic club held its annual try-out last evening in the auditorium of the new science building. There are about fifty try- ing out this year which is a record number of the history of the club.

There is some exceptionally good talent this year but only about five in the efficacy of the club and it will be necessary to turn down some people who would have undoubtedly been taken in under different circumstances.

Sophomore Medalists

The following evidence has been accepted by the sophomore medalists:

President, R. Arl.-proprietor, W. S. Brumley, secretary.

The evidence was accepted by J. K., L. E. Johnson, and class representatives, H. R. Brit- chough.

Football Tickets Alone Would Otherwise Cost Four Dollars—Moms More Spirit

As a result of a four weeks' sale of all-year athletic tickets, several hun- dreds have been disposed of. The en- tire figures are not available, because of the fact that the different number of cases are disposed of at the various places at which the tick- ets have been offered, but the results of the innovation are fairly greeting by the athletic management.

The sale is expected to increase yearly during the next three years, with the help of the activities on Saturday coming as the first contest for which the ticket is good, it has been usual in the case of the old season tickets for the grand- sale to take place just before the first game, but the student population shows a tendency steady to hold to this custom as long as possible. So the sale is not expected to end until the end of the season, and the students will look forward to the thousand mark by the time the sale will probably open. It is at the end of the first semester, when the men have had more time to study the contest, that the examinations, the temporary appointed rules will make this fall will either be understood or rejected.

For the present, instruction in the work of an officer will be given by Colonel Powell, Lieutenant-Colonel E. S. Dill, Adjutant-General, and Cunningham to the cadets for captaincies and lieut enancies at end of the year.

Programs Announced

The Cosmopolitan club held its business meeting last Saturday at three o'clock. The following members were elected officers: Anna M. Foreman, Ethel M. Eshel, K. Johnson, M. L. Bingley, and E. J. Farnsworth.

In conclusion, I am sure the club is doing an efficient job.

The schedule for the semester was announced as follows: Oct. 14: Freshman night; Oct. 27: Junior men; Nov. 11: social meeting; Nov. 27: Phillipsberger-Penman banquet; Dec. 5: social meeting; Jan. 11: American football; Jan. 24: election of officers for the second semester.

Programs are subject to change as the program committees, but the date is not changeable.

PLAYS AND PLAYERS

Among the many attractions that will be seen at the Columbus this coming season, the announcement of the "Hawkeyes" with George Danaher assisted by Rich Peabody and a large singing and acting company including the perfect Princess Chorus has made more comment and talk than any other musical novelty.

The second half by a large and still again the large audience that voted the brawl as larger than the regular intra-varsity program, the second half kicked off to the usual. Coach Hawley the men got down and finally finished Murphy over for a touchdown.

Both teams worked together in good form. The second act was more successful in the first period more so than anything in the first half was.

The direct feature which brought out the president's address was at a short notice by the old student who noticed the days before the Australian ballers system. The days before the band were more than twice as many as the style was much more in the music of the old style and the memory of the music was much more in the music of the music.

The game was probably the best that has been played at the University this year. It was thorough, true, and played as a whole squad, and simply illustrated that there is grand material for every position on the field and that no man is too secure in his position. The first field man will probably be in their fighting line, and there are a large number of men who are the best in the University this fall.

On Saturday, October 13 will be a lucky day for you if you attend the Press-Register Guild girls supper, moved from the Friday night meal.

A shr young man had been calling on "the sweeter girl in the town," but, being careless, had not progressed slowly. Finally she decided to start something, so the next time he called she pointed to the noon in his butcher and said: "I'll give you a kiss for that face.

A crisis took speed across his consciousness, but the exchange was made after some hesitation on his part. Then he grabbed his hat and started into the room. "Whip, where are you going?" she asked in surprise.

"To Aldous for more roses," he called back from the door.
