will deny the fact that tailor made garments are far superior in every way to ready made.

WHY LODGES—be a "Ready Made" "Grove" dresser when you will tailor your garments to your own order and individual measure —and charge you a price no higher than you would necessarily pay for the same material in ready made clothes.

WHY LONGER—pay exorbitant high prices for tailor made clothes—WHEN WE will tailor your garments at a saving of 15 to 25 per cent against any other local tailor of our kind, and will also give you the best workmanship and most conservative design in the line.

If you know superior workmanship, fabric, style quality and fit we are the ones for you. We take care of your clothes with a view to your health.

QUANTITY MEANS—QUALITY ESSENCE

We show more 111 fabrics, patterns and styles for both men and women than all other local tailors and ready made stores combined.

GEORGE D. BARTH, Grocer

We have always been of the opinion that cleanliness should be the paramount good in any line of business. Our army of customers have come to understand this and we attribute much of our success in the Grocery Business to efforts in this direction.

We ask you to try our Groceries at the store which sells the best of everything and saves you money at the same time.

rain-proofing process makes it really water-shedding, without impairing in any way the soft quality of the all-wool fabric. It's a good kind of overcoat for every man to own.

We have rain-proofed overcoats in several of the good models. You'll find here just what you like.

Tailoring

The new fabric for men's apparel includes patterns for those who are more conservative in their likes. Close and choose your particular fashions and have it made up into a handsome suit. We will guarantee it to suit, look, feel and wear better than any you ever wore and very a modish rain will nastily in to payment.
