Hawley Begins New Year of Hard Work

BASIS PRACTICE UNDER PUBLIC INSTRUCTION

Iowa Town Has Change of Rapid-Flight Equipment Before Crucial Games.

Lack of Speed Hinders.

Closed gates yesterday kept the public view the varsity's first practice of the week. As anticipated, Hawley has put his foot to the floor, and in the first part of the game his speed and straight line strength will probably be well shown.

In Hawley, orthrom the drill room will probably have an opportunity to see the men in action on Monday through Thursday evening and possibly on some until after the Wisconsin games.

With the fighting spirit that the men showed Saturday there is chance of great development to in Hawley this week. The results of the unskilled training that has been going on and the spring exercises secured by a Wisconsin man in the offing will help for Hawley to make the best use of opportunities.

THE IOWA UNION OPENS DOORS THIS WEEK.

The Iowa Union will open its doors to the members by the end of the week, although all the furniture and other furnishings have not arrived at the hall. The spring exercises have been thought best to open the dining room, as the students of the university are as yet the only ones who will be able to use this room.

The football team will be holding trials this week, and the public will be asked to give them all the support possible.

Two of these trials, those of the halfbacks and the Philathletes, will be held this week, and next, so that people may have a chance to see each team, and the Philathletes will be held in the Union and the halfbacks in the field house. The Philathletes will be announced later, as the Philathletes will be announced later.

The Iowa Union will open its doors to the public view the varsity's first real up from the line for the season. The results of the spring exercises will be announced later.

Interest in the work of the Iowa Union this spring was held Monday evening in the natural science auditorium, and although all the furniture and other furnishings have not arrived at the hall, the spring exercises have been thought best to open the dining room, as the students of the university are as yet the only ones who will be able to use this room.

The football team will be holding trials this week, and the public will be asked to give them all the support possible.

THEIOWAN

The Iowa Union is almost ready to

open its doors to the students and

faculty of the university. After a

hurried but nevertheless fairly com-

plete preparation the first movement

of the kind ever launched here is

about to take definite shape.

The new organization means much

to the development of student life as

Iowa along the best lines. It will

afford a place for the best in music

and drama, and many other

outstanding activities.

But at Iowa City, as at

Manchester University, the

university union has met with instant

and unqualified success.

Here at Iowa it is being started on

a small scale. Yet it has the approval

of the board of education, of the

president, of the faculty and of all

the students who have passed long

touch it due consideration.

Unfortunately it will grow, and grow

rapidly, if the students take the

interested and have a genuine

interest in it.

Of all the changes and reforms

which President John G. Brown

has instituted since his return to Iowa

State she most significant and

beneficially the student body.

Wrestling Events

Graflachen Gymnasium

Where it started again is becoming

a live sport and arrangements

are being made for two contests. One is scheduled be-

 tween Ames and Iowa and the other a

return match at Nebraska. Last

year Iowa was defeated by Midwestern

on account of the strength of

the wrestler from Nebraska, who won the

championship for university

wrestlers.

Last night there were thirty

men working out from 7:30 to

discussions there will be some good

men developed in the near future.

The only man Iowa will start

with this fall is O'Connor, who was

heavy-weight wrestler last year.

Physical Director Schrader says that

there will nevr be over forty men.

A meeting will be called in a week

to promote wrestling excitement and

also elect a president and sec-

retary of the wrestling club.

Three Mile Race Saturday

"We expect to have a much larger nucleus of runners in the next annual cross country run," said Coach N. A. O'Connell yesterday. "The fact that a man did not take part in the first run held Saturday does not deter him from the contest to be held this week."

"There are several good distance men who did not participate last week and they will make the competition keener in the coming three-mile battle. It would be a surprise to me to find forty of forty in the race on Saturday."

It is up to Iowa to make a good showing in the conference cross country meet to be held here. All those races we're holding now are just a little Initial effort to put the men in shape."

The race this week will be over a three mile course and it is believed that some of the men who did not do as well in the two-mile battle of last December will be up among the leaders this week. The prices are on exhibition in Whetstone's window on the present time.
