STATE TEACHERS' COLLEGE
TAKING MORNING'S PLACE
Will Open 1923 Football Season on Iowa Field

New Lighting System

Library M. A. Wolfe has recently obtained an innovation in the lighting system of the basement of the university library that will be appreciated by the faculty and students!

New Players will be added to the team this season and the games will be played in the new stadium.

The new lighting system is a unique invention. The lamps are arranged in such a way that every part of the field is illuminated equally. This will enable the players to see the ball clearly and will improve the overall quality of the game.

Basketball

The Iowa Hawkeyes will face the Wisconsin Badgers tonight at 7:30. The game will be played in the new stadium, which has been recently completed.

The Hawkeyes are looking forward to a strong season and are preparing to give their best effort. The team has been practicing hard and is ready to compete against the talented Badgers.

The game is expected to be a close one, and fans are encouraged to come out and support their team.

TODAY'S SPORTS

Basketball: Iowa vs. Wisconsin

Tonight's game promises to be exciting as the Hawkeyes face their arch-rivals, the Wisconsin Badgers. Both teams are neck-and-neck in the standings, making for a thrilling contest.

The Hawkeyes are coming off a strong win against the Iowa State University, while the Badgers have been dominating in their recent games. Expect a high-scoring and competitive match.

TODAY'S WEATHER

The forecast calls for a cold and overcast day, with temperatures dropping to the low 20s. The field conditions are expected to be good, although the weather may affect the players' performance.

The fans are encouraged to bundle up and come out to support their team. The game is scheduled to start at 7:30 and promises to be an unforgettable experience.
H. Anderson, member

This may require years. At present a single course will be requested, and in time, as opportunity arrives, more will be added, if the wishes of the students are accorded, to the present curricula amounting to between 30 and 40 credits. This great progress can be made without the assistance of the university in this direction, and everything else, the members will invest a large share of their energies in creating the university to establish a school of journalism.

If the new club will live up to its purposes, there is no reason why it should fail. The outlook is indeed everything seems to be in its favor. At other universities, such clubs have been done much to help the advancement of journalism in the different schools, and there is no reason why the club at Iowa should fail. The outlook is indeed, bright, and it would seem that journalism is coming to a recognized position here.

THE UNIVERSITY FACULTY—NO. 4

Dr. James Rewick Guthrie
Dean of the College of Medicine

Dr. James Rewick Guthrie, dean of the college of medicine, was born in Hopkinsville, Hopkinsville, Kent. 1858. He was educated in the schools of that town. He received his degree of Doctor of Medicine in the year 1888. He practiced for a short time in Hopkinsville, Kentucky, and then in St. Louis, Missouri. The outlook for the future of student life at the University is one of splendid opportunities. The university is one of the most important in the country. The outlook is indeed, bright, and it would seem that journalism is coming to a recognized position here.
