GRINNELL AND IOWA TO FIGHT FOR TITLE

TITLE SEEMS TO LIE BETWEEN OLD RIVALS

Expected to Fall Before Grinnell—Game Here Feb. 9

Grinnell, Iowa's eternal rival for state basketball honors, put Drake out of the running with considerable ease on Tuesday, defeating the blue and white five on its own floor 30 to 9. Drake was never in the running, and it seems that the Scarlet and Black veterans have one of the best quintets in years. Grinnell is expected to eliminate Ames with about as much ease as they did Drake, leaving the state title between the Congregationalists and Iowa, as the Aggies have never won from Grinnell in basketball.

On showings made thus far, the Grinnell five ought to be able to dispose of the Iowa team about as easily as the others in the state. But local rooters are now worrying much about the result of the game which is played here at least. The two teams generally win on their own floors each year, leaving the title in doubt. This year, the chief strength of the visitors has centered in Slutz, the center, who has scored the most points. None of the minor teams of the state, including Coe, Cornell and Drake, have been able to guard him, and he has run up scores out of proportion to the strength of the teams.

But the Hawkeyes have apparently solved the problem of what to do with such a man. Lawler, of Minnesota, a basekt-tosser far harder to handle than Slutz, was played off his feet by Maiden, and it is hard to figure where Slutz will have as good a chance to get away from him. Probably Coach Stewart will solve the problem by letting Maiden and the Iowa center change immediately after the tip-off, thus giving Maiden the task of holding down the Grinnell scoring machine while his teammates count a few for Iowa. Such, at least, looks like a logical plan of attack and with the added experience and team work which the Hawkeyes will have by the time of the opening clash with Grinnell at Iowa City on February 9, they should be able to slip over a victory.

Stewart's men showed great improvement in the Minnesota game, and should be getting better in every game from now on. The first string men are all capable of good basketball, and there is the best line of substitutes in years to send in in emergencies. The next game is with the State Teachers' College at the local armory on next Saturday evening.

Purdue Is Strong

Purdue showed that her basketball team must, as usual, be counted in the race for western honors by defeating Indiana on the latter's home floor on Tuesday evening by a score of 54 to 18.

PROFESSOR F. C. EASTMAN TO GIVE ADDRESS SUNDAY

Will Speak at Vesper Service on "Proving Up"

Announcement was made yesterday that Professor F. C. Eastman would speak at the vesper service Sunday. He has chosen for his subject, "Proving Up," which will have special application to every student in school.

Professor Eastman is known over the state as an exceptional speaker. Wherever he has spoken he has elicited the commendation of the entire audience, and is always wanted again. His addresses have that charming characteristic that makes the hearer feel the speaker knows the thoughts and intents of the heart, makes him feel that some one has discovered the secrets of the inner self. The thoughts the speaker gives seem to have application to all, and to be especially adapted to each individual. Those who have heard Professor Eastman before will be out next Sunday; and, if the elements do not forbid, a larger number than usual will be present to hear the address.

A special feature of the service will be the singing of Clifford Hakes and the vesper choir. These singers have been doing excellent work in this direction and have been highly commended for their efforts.

The program will be as follows:

Doxology.

Invocation—Rev. R. F. Hurlburt.

"Savior, When Night Involves the Skies," Harry Rowe Shelly—Mr. Hakes and Vesper Choir.

Address, "Proving Up"—Professor F. C. Eastman.

Benediction—Rev. Hurlburt.

Response—Vesper Choir.

Positions Open in Foreign Fields

Secretary Williams of the Y. M. C. A. announces that there are many opportunities open to students for work in foreign fields. These positions vary in location and nature, men being wanted in almost every foreign country, for positions all the way from printers to mission workers. There are each year a number who take up these positions on three to five year contracts, and they always seem well pleased with the work. Secretary Williams will be glad to see any persons who wish to consider this work. The Y. M. C. A. also has several good positions for students who want to work for board or room or cash, in the city, and men interested should see the secretary.

Massachusetts Improves

The Massachusetts Aggies. Iowa's strongest competitor for the intercollegiate rifle championship last year, showed that they must be reckoned with again by counting 950 in their last week's shoot. This is a considerable improvement over their work of the first two weeks, and promises some real competition for Mumma's team before the end of the matches.

LARGE SCORE MADE AGAINST ST. THOMAS

ARNESON MAKES FIRST PERFECT SCORE OF YEAR

Last Year Iowa Overwhelmed St. Thomas, and Much the Same Result Is Expected this Year

In the shooting match with St. Thomas College, Iowa fished yesterday with a total score of 950 points. While the result is eleven points lower than that of the week previous, it will doubtless be large enough to "bring home the bacon" very comfortably. Last year St. Thomas was entirely outclassed, shooting only about 750. The dopesters predict an Iowa victory of at least 50 points.

While the score as a whole is not quite up to the standard, the first two men, Arneson and L. R. Leeper, made some remarkably good shoots. Arneson shot the first perfect score of the year, 100 prone and 96 standing giving him the highest total reached thus far. Leeper was not far behind, with 95 standing and 98 prone.

The results follow:

	Standing	Prone	Ttoal
A. I. Arneson	96	100	196
L. R. Leeper	95	98	193
K. C. Loos	94	96	193
M. W. Iles	89	97	186
J. S. Leeper	87	98	185
Total			950

Next week Iowa will meet the University of Kansas.

Mumma to Lecture to Cadets

Beginning Friday, January 26, Captain Mumma will lecture to the cadet regiment each Friday at 4:30 in the natural science auditorium. The lectures will probably continue until the weather opens suitable for outside drill. Last year the commandant gave a series of highly instructive lectures on the various phases of military law. This year the subjects taken up will be more varied in nature but will likewise be of much value to the members of the regiment. Friday's lecture will be given on the subject, "Military Drill; What Is It and Wherein Is Its Value."

Dr. Patton at Mild-week Meeting

Dr. C. H. Patton, secretary of the American Board of Foreign Missions, gave the address at the Y. M. C. A. mid-week meeting yesterday at Close hall. Dr. Patton proved to be a very powerful speaker, with a personality and an ease in talking which could not help but please his hearers. He spoke in connection with his experiences gained in visitin the various mission fields about the country. The meeting was held jointly with the Student Volunteer band, and began at 4:30 in the afternoon, owing to the fact that Dr. Patton spoke at a 6 o'clock dinner at the Congregational church yesterday evening, and so could not appear at the regular mid-week meeting time.

TRACK MEET WITH AGGIES SCHEDULED FOR MAY 4TH

Hawkeyes Go to Minneapolis to Meet Gophers May 25

After a lapse of several years, Iowa and Ames will meet again on the cinder track next spring, according to an announcement made yesterday by Manager N. A. Kellogg. The track teams of the two institutions will come together in Iowa City on Saturday, May 4. The Aggies will take the place on the Iowa schedule formerly held by Northwestern.

Another dual meet, the annual affair with Minnesota, will also be held in May, coming on the 25th, at Minneapolis. These two meets, with the annual Big Eight affair to be held this year at Lafayette, Ind., under the auspices of Purdue University, will compose the list of meets which the Iowa team will enter this spring, with the exception of relay carnivals and similar aflairs not yet arranged.

There will be a general rejoicing over the renewal of relations with Ames on the track. The former Iowa-Aggie encounters in this branch of athletics were second only to state meets in point of interest, and should draw well again. Prospects are for a strong team this spring, with some of the best distance runners in the Missouri valley ready to train as soon as it is possible to get outdoors.

Keokuk Dam to Be Shown

Those who recently became interested in the Keokuk dam, the great engineering feat which is being put through at the Gate City, and who heard the lecture given by Mr. Cooper, chief engineer in charge of the work at Keokuk, will be interested in learning that the actual work of construction and the great dam itself may be seen at the new Iowa theatre on Dubuque street tomorrow. Manager Hanlon has secured the film, which is made from pictures taken while the work progressed and has just been released and it should prove of unusual interest.

Another picture of great interest to collegians is the famous college life film called "Four Yale Men," which will be shown Saturday. This film is said to be one of the best of its kind. It is in great demand, and has been secured by Manager Hanlon only after great efforts.

To Entertain Cosmopolitans

Next Saturday evening at the regular meeting time Professor and Mrs. Starbuck will entertain the members of the Cosmopolitan club at their home on Iowa avenue. The meeting will be in honor of the former president and vice president, who are to leave at the end of the semester. All members of the club are cordially invited and urged to be there.

Octave Thanet Elects

At the regular meeting held Tuesday evening, Octave Thanet literary sociey elected the following officers: President, Maude Walz; vice president, Ada Beach; secretary, Gertrude Taft; treasurer, Norma Edelstein critic, Fan Koch.

VAUDEVILLE PROGRAM IS BEING PREPARED

MUSICAL COMEDY WILL BE A FEATURE

Harter Hull and Fannie Bradley to Star in Dramtic Club Innovation on February 14

Elaborate preparations are being made by the University Dramatic club for its vaudeville production to be given in the natural science auditorium on February 14 for the benefit of the Iowa Union. Miss Carrie Bradley has taken charge of the rehearsals and reports that an excellent program will be given.

Most of the acts are the personal efforts of the club members and those interested will be pleased to know that local songs and local jokes will come fast and furious during the show. The program will not be announced until late next week but it is definitely known that the headliner will be a musical comedy selection, lasting half an hour, featuring Harter Hull and Fannie Bradley, assisted by a company of ten.

Frank Jenson will be seen in a local farce written by himself and it is promised that the playlet will be richly colored with local scandal. The cast will include Bertha Nicol, Ralph McGinnis and Mae Williamson.

The entire membership of the club will be seen on the program and this insures the theatre going public that there are several good things in store for them when this bill is presented.

Much interest is being taken by the student body and it is hoped that the event will fill a long felt want at the Iowa Union. Tickets will be on sale this week by the different student committees and it is expected that one of the largest crowds ever present at such a function will lend its assistance in helping the Union secure the much needed funds.

Bolton to Lecture

Professor F. E. Bolton, head of the school of education, has accepted an invitation to talk before the Northeastern Wisconsin Teachers' Association at Oshkosh, February 9 and 10. The subjects upon which he will talk are "Three Fundamental Needs of Iur Rural Schools" and "A Square Deal in Education."

Weld of Coe to Columbia

Professor LeRoy D. Weld, of Coe College, formerly of Iowa, a brother of Professor L. G. Weld of Iowa City, was a guest of honor at a farewell party given by Kelvin Society at Coe. Professor Weld will go soon to Columbia University, exchanging chairs with a professor who is to come to Coe.

Iowa Woman's Club Notice

The Iowa Woman's club will be entertained by Mrs. Frasier at her home at 4 East Prentiss street, Thursday afternoon, January 25, at 2:30 o'clock.

ATTEND VESPERS

Every student who can should be out at vesper service next Sunday, and not only at next Sunday's service, but at every succeeding one. This is the wish of President Bowman, who has taken special pains to adapt these services to the needs of the students. He has been getting speakers who know the things that students must contend with, and who have the welfare of the university at heart. It is then to the interest of every student to be present at these services.

President Bowman has inculcated a ned idea in the vesper service: it has not been brought into the university as an ornament, but as a necessity. It is not to be a mere formality that is to occour regularly on Sunday, but is to be a visible representation of the spiritual life of the student body. In other words, it is to be a natural outgrowth of the spiritual activities of the university, and is to be representative of the condition of the university's religious life. The service, then, is to have a distinct spiritual atmosphere, the outgrowth of and not an addition to the university life.

The student who leaves this university well balanced intellectually, physically and spiritually is almost certainto make a success but, he who is deficient in any one of these will be seriously handicapped in making his way through the world. Especially true is this of the man who is careless of his spiritual self. This fact has become so generally known that any comment seems unnecessary, for in every walk of life one finds those who have fallen by the way because they lacked that dynamic force which impels the seeker onward, and gives strength when he is beset by difficulties that cause the unprepared to waver. Invaribly the men higher up are those who are well balanced in these three necessary assets. No student, then, who is anxious to succeed should allow himself to become loose in his moral conduct, but should strive to become a man strong in every particular. If this be done, the means of spiritual growth will be taken advantage of, with the result that the vesper service will become a privilege that all will enjoy.

THE UNIVERSITY FACULTY---NO. 11

CARL E. SEASHORE

Head of the Department of Psychology and Philosophy and Dean of the Graduate College

Dean Carl Emil Seashore was born at Morluda, Sweden, January 28, 1866. He took the degree of Bachelor of Arts at Gustavus Adolphus College in 1891, and later the degree of Doctor of Phiolosophy at Yale in 1895.

He served as assistant in the psychological laboratory of Yale from 1895 to 1897, coming to Iowa as professor of psychology in 1902. In 1905 Professor Seashore was made head of the graduate college of the university.

Dean Seashore was elected president of the Western Philosophical Association in 1909, president of the American Psychological Association in 1911, and vice president of the International Congress of Psychologists for 1913.

He is the inventor of several psychological apparatus, among which are the voice tonoscope, spark chronoscope, psycherograph, audiometer, sound perimeter, multiple recorder and other psychological instruments.

He is the author of "Manual in Experimental Psychology" and numerous other research articles. He is editor of the University of Iowa studies in psychology, joint editor of the Journal of Educational Psychology and consulting editor of the Psychological Review.

The announcement of the summer session of Columbia University lists Professor Seashore at the head of the psychological staff of instruction in Columbia University for the coming session. This is a good recognition for an Iowa man, since the department of psychology in Columbia is especially strong and has a large number of men on the staff. Professor Seashore had the same invitation from Columbia last year but refused it in order to stay here and help develop our own summer session. He has also refused similar offers from the University of Chicago, both for last year and this year.

IOWA UNION INCREASES IN POPULARITY CONSTANTLY

Dining and Reading Rooms Full All Hours of the Day

The Iowa Union is fast becoming one of the most popular resorts of the university. The big, cheerful lounging and smoking room, with the massive fireplace at one end, is filled throughout the day, and especially at the meal hours. Newspaper files, embracing all the important cities of Iowa, are found on the reading tables, as well as current numbers of all the leading periodicals. A little group gathers about the chess board each evening. A number of writing desks, supplied with "Iowa Union" stationery, pens, and ink, have been placed along the walls and take care of many literary aspirtions arising after the well cooked, carefully served meals supplied at the Union.

The excellence of service and delicacy of cooking offered by the Iowa Union, beyond question of doubt, cannot be duplicated in the city. The Union is equipped with the most modern kitchen appliances, and in point of cleanliness is perfect. The service is unexcelled and only in a large city can the personal attention be supplied to the diner be equalled. These points are attracting a large number to the dining rooms of the Union, and if the rush continues, further provision will have to be made to accomodate them.

PLAYS AND PLAYERS

"Baby Mine"

Margaret Mayo's hilariously funny comedy, "Baby Mine," comes to the Coldren on Friday, January 26, under the direction of William A. Brady, Ltd. It has a record of one solid year at Daly's theatre, New York, and is now in its second year in London, at the Criterion theatre, while arrangements are being made for early production in Paris, Berlin, Vienna, St. Petersburg, Australia, South America and Japan. From the very first rise of the curtain the fun is said to begin and in its two hours or more, it does some wonderful things with plots and situations, and fairly twinkles like a miniature firmament. In the company to be seen here are such well known players as Benedict MacQuarrie, John J. McCabe, Richard Collins, F. O. Benson, Geo. Harris, Nanon Welch, Eda von Beulow, May Freund and Evelyn May.

Advanced class in dancing at Suppel hall every Saturday afternoon.

PLAYS AND PLAYERS

"The Country Boy"

"The Country Boy," Edgar Selwyn's comedy success, which Henry B. Harris will present at the Coldren Monday evening, January 29, comes here direct from its five months' engagement at the Liberty theatre, New York, with the same cast and production complete that has been such a prominent factor in its success wherever presented. The keynote to the whole play can be summed up in the speech of Merkel, the newspaper man, when in the third act of the play he says: "Some men have not the staying qualities, and lay down. But those who have the right stuff in them refuse to acknowledge they are licked, so they shut their teeth hard and go at it once more. Perhaps they get another solar plexus, but they are up at the sound of the gong, and they keep coming up in spite of their knockdowns until the world realizes they can't be kept down and so is forced to make a place for them. A man is never a failure until he admits it."

GIRLS MEET TONIGHT IN BASEBALL GAMES

SEMI-FINALS TO BE PLAYED IN TOURNEY

Freshmen Meet Sophomores and Juniors Play With Seniors at Close Hall Gym

Tonight at 8 o'clock the semi-finals in the girls' basketball tournament will be played off in the women's gymnasium. The teams representing the four different classes have been at work for some weeks, taking daily practices, and considerable interest has been aroused over the coming tourney. So far, none of the teams have shown any marked superiority over the rest, and the greatest uncertainty as to the outcome exists.

Miss M. F. Roe, assistant instructor of Coe College, who will be coached the teams during their preparation. The referee will be Miss Mabel Lee, woman's physical director ot Coe college, who will be brought from Cedar Rapids to arbitrate. Miss Alice Wilkinson will umpire. The freshmen will meet the sophomores in the first game, and the juniors will meet the seniors in the second clash immediately following. The teams will line up as follows:

Freshmen		Sophomores
Stegh	RF	Tieden
Taylor	LF	A. Russell
Koch	C	Bradley
Ward	RG	M. Russell
Raske	LG	Pieper
Juniors		Seniors
Arthur	RF	Day
Nutting	LF	Spencer
Elwood	C	Shontz
Thomas	RG	Bowie
Oshier	LG	Erickson

Gillin Returns

Dr. John L. Gillin has returned from Chicago, where he served as a judge in the Michigan-Chicago debate, held there last Thursday evening.

High School Plays Game

The Iowa City high school basketball team will meet the Cedar Rapids high in the high school gym Friday evening at 8 o'clock. The local five after getting a bad start when it was defeated by Marengo, redeemed itself when it defeated the Anamosa team so decisively last Saturday evening, and is making a strong fight for a place in the state tourney.

Trowbridge Contribute to Journal

Professor A. C. Trowbridge, of the geology department of the university, has written up an extensive account of the "Geology of Owen's Valley, California," which appears in a current number of the Journal of Geology.
