SPIRITLESS CONTEST TAKEN BY HAWKEYES

WIN 28 TO 8 IN SPASMODIC GAME

Normal Holds Even Until Captain Schmidt Goes In—Maiden Shares Honors of Game

Iowa won a poorly played game from Normal last night, 28 to 8. The feature of the game was the helplessness of the Hawkeyes without Captain Schmidt, who was kept out of the first half and part of the second because of his injured ankle. Maiden was the only man who showed much ability or fight until the captain entered the game, and the best that can be said is that they held the teachers even until that time.

Normal led almost all through the first half, scoring two field goals and a free throw. Gardner got three counts for Iowa in that period, his last one coming just before the call of time and giving Iowa a scant 6 to 5 lead at the half-way mark.

The second half started out the same way, and after a few minutes ineffectual battling, Captain Schmidt broke into the pastime. Things picked up at once, the scrappy leader counting three baskets and scoring four consecutive free throws. Team work also entered the game for the first time, and everybody got down the field for a goal or two. Outside of one painful moment when Gardner and the captain stood under the basket with the ball and debated as to who should shoot the goal, things progressed finely from then until almost the close of the game, when they showed a tendency to relapse.

Trexel, who started in Schmidt's place, fought hard, but was uncertain both in passing and goal shooting. Maiden played hard and followed the ball closer than any other Iowa player, some of whom were often in danger of being hit in the back with the ball when passed to them. Schmidt and Maiden shared the honors of the evening. Playing as the team did before Schmidt entered the game, there is small chance of a victory over Grinnell; but playing as it did after that, the Hawkeye five should have at least an even chance. The line-up:

Iowa—Gardner, rf; Trexel and Schmidt, lf; Leo, c; Brothers, rg; Maiden, lg.

Normal—Huston and Carrington, rf; Robinson, lf; Bryson and Anderson, c; Brown, rg; Ludeman and Mitchell, lg.

Summary—Field goals, Gardner 4, Schmidt 3, Maiden 2, Brothers 2, Leo 1, Huston 2, Carrington 1; free throws, Schmidt 4, Robinson 1 and Carrington 1; referee, Hedges of Dartmouth; time of halves, 20 minutes.

PRESIDENT TAFT APPOINTS STEWART TO COMMISSION

Iowa Professor Recognized as Authority

Professor G. W. Stewart, the head of the department ofphysics, who has built up the physics course here to the position it now occupies, on Friday received notice of his appointment by President Taft to membership in the National Assay commission. The duties of this commission are to test and certify as to the purity and quantity of the metal in the gold and silver coins of the United States. The commission includes the judge of the U. S. court for Pennsylvania, the comptroller of currency and the assayer of the New York assay office. The commission convenes February 14, at Philadelphia, at which time Professor Stewart will take his seat on the board.

The appointment to this board is one that reflects the greatest honor upon Professor Stewart and upon Iowa, and is a deserved recognition of the fact that Professor Stewart is one of the leading physicists of the country. With the completion and occupance of the physics building next fall, Iowa will be excelled by none in this branch of science. A sketch of the life of Professor Stewart is given on another page of this issue of the Iowan.

Summer Baseball Dead

Summer baseball failed to get far in the meeting of the Big Eight held in Chicago on Friday. The Chicago papers reported that five schools voted against it, but it is likely that this was a mistake. Minnesota, Illinois and Indiana could hardly turn against the measure after their previous attitude; it is not believed that Iowa's representative, Professor A. G. Smith, opposed the desired change in the rules. Professor Smith, with Professor Paige of Minnesota and Director Ehler of Wisconsin was appointed on a committee to draft a new rule, however. Professor Smith is chairman of the committee.

Kubelik Wednesday

A large delegation from Iowa City will attend the Kubelik recital in Cedar Rapids, next Wednesday, Jan. 31, at Green's opera house. Kubelik is today undoubtedly the greatest violinist before the public. All those that will attend the concert will have a treat which they will never forget. Indications are that the opera house will be packed.

St. Thomas Beaten

Iowa's score of 950 against St. Thomas college of Minneapolis easily won over the northerners' 755, according to dispatches received here yesterday. The Massachusetts aggies hold the high score in the eastern division with 945 points.

PANDEAN PLAYERS PRODUCE PLAYLET

"AT INGLE HALL" COMES FEBRUARY 6

First Play by New Club Is Progressing Well, According to Advance Reports

The new university dramatic club, the Pandean Players, is preparing to stage a play February 6 at the Coldren, which, according to those who have witnessed rehearsals, will be one of the best local talent plays given in Iowa City in years. "At Ingle Hall" has a quaint English setting, a delicious complication of characters in unique scenes that are distinctly novel to the play-goer New and unexpected events are continually transpiring, from the rise of the curtain until its last ring, and the interest of the listener is held without interuption throughout the entire play. Vigars, as Sir Jasper, in the star role, presents a scene in the last act which is said to be a masterpiece production in itself. Vigars is well known as an actor, and everyone may be assured that he will discharge his position creditably. Supported by Miss Muriel Arthur in the role of the heroine he should meet with success. The whole cast from the stellar roles to the most minor part, that of stilt-walker, is showing up exceptionally in rehearsals, and Mrs. Harold Miles, the coach, is confident that the university students attending will be well pleased.

Nebraska Easy for Gophers

A good comparison of the Big Eight and Missouri Valley conferences in basketball is furnished by the easy victory of the Minnesota five over Nebraska at Minneapolis Friday evening. The Cornhusker five which has hitherto cleaned up its Valley rivals with ease, was beaten 40 to 15, a larger score than the one by which the Gophers vanquished Iowa earlier in the week.

Cribbers Dismissed

Two students were dismissed during the past week for cribbing. The faculty is withholding their names, but promises that if any more are caught a public example will be made of the offenders.

VESPERS

Professor F. C. Eastman will speak at the vesper service today on "Proving Up." The auditorium will be crowded to hear him, as he is considered a speaker of exceptional worth. There will also be special music.

N. O. L. PRELIMINARY WILL TAKE PLACE IN FEBRUARY

Six Men Entered Thus Far—More Expected

From now on the focus of forensic interest will be centered about the coming Northern Oratorical League preliminary contest which will be held on Friday evening, Februray 16, in the liberal arts auditorium. There has been a little misunderstanding as to the date of this contest, but the date mentioned aboveis the one officially announced. This is an important contest as the orator who is to reperesent Iowa in the finals is to be chosen.

It is well to note a few rules which govern the contestants. The orations which must contain not more than 2,000 words, must be handed in at 9 o'clock Saturday morning, February 3, at room 311, L. A., and judges for the contest will be chosen at the same time. Two typewritten copies of the oration must be furnished, and in case there are more than eight orations submitted, a tryout to select six men in the preliminary will be held not later than Saturday preceding the preliminary.

Thus far six men have expressed their intentions of entering, all of whom are experienced orators. They are Louis P. Penningroth, Fred R. Blythe, C. H. Fishburn, R. L. Masson, Leon Powers and Floyd Shaw. Any others expecting to enter are requested to speak to Miss Norma Harrison, of the public speaking department at their earliest convenience.

Iowa City Beaten

Iowa City high school suffered a serious setback in its efforts to secure a place in the state high school championship tourney, when the Cedar Rapids five defeated the local team in its own gymnasium, 14 to 10. Bales of Cedar Rapids won for his team with six free throws, while the Iowa Cityans were compelled to make all their points from the field.

Dents Take Easy Game

The dents won the only game played in the inter-department league yesterday from the pharmics with considerable ease, leading at the finish by a score of 38 to 10. The pharmics were outclassed, and the game was slow and uninteresting. The line-up:

Dents		Pharmics
Qually	rf	Burnside
Youel	lf	Bales
Reichelt	c	Long
Hagan	rg	Dick
Woodford	lg	Knowles
Harvey	lg	Parsons

Summary—Field goals, Qually 10, Reichelt 6, Youel 2, Knowles 2, Bales 2, Burnside 1, Hagan 1; free throws, Qually 2, Bales 2; umpire, Schroeder; time of halves, fifteen minutes.

MAROONS AND ILLINI COME TO IOWA FIELD

EIGHT CONFERENCE GAMES LISTED BY KELLOGG

Chicago, Illinois and Minnesota Will Appear Here—Series with Davenport Leaguers

Eight games with Big Eight baseball teams were arranged by Manager Kellogg as a result of his attendance at the managers meeting in Chicago on Friday. These contests, which will form the nucleus of the Iowa schedule for the coming season, will give the local rooters their first glimpses of the Chicago and Illinois nines battling on Iowa field. Minnesota will also appear here, as per custom, while Iowa will meet each of these institutions on their own diamonds, jousting twice with Minnesota and Illinois.

The Davenport leaguers are scheduled here for five games and a tentative date for the Cornell game at Mt. Vernon has been arranged. Another prospective date is with St. Joseph's at Dubuque, but this is not definitely settled.

The track schedule is also practically complete. The regular schedule of events being as follows:

April 2, home meet on Iowa field.

May 4, Ames at Iowa City.

May 11, Inter-scholastic meet at Iowa City.

May 25, Minnesota at Minneapolis.

June 1, Conference meet at Lafayette.

The baseball schedule so far as made up, follows:

April 8 to 12, inclusive, Davenport Three-I league team at Iowa City.

April 13, Illinois at Iowa City.

April 18, Illinois at Urbana.

April 19, Illinois at Urbana.

April 20, Chicago at Chicago.

April 25, Minnesota at Iowa City.

May 3, Chicago at Iowa City.

May 9, St. Joseph at Dubuque (tentative).

May 10, Minnesota at Minneapolis.

May 11, Minnesota at Minneapolis.

May 25, Cornell at Mt. Vernon (tentative).

Close Game for Grinnell

That Ames is coming to the front in basketball is shown by the way in which the Aggies held Grinnell on the latter's floor Friday evening. The Scarlet and Black finally won 25 to 15, but the farmers held well until the last five minutes of play, and led through the first half.

Kellogg Referees

Manager N. A. Kellogg went to Cedar Rapids yesterday to referee the Coe-Cornell basketball game.

WRITE FOR CREDIT

With this issue of The Daily Iowan ends its work for the first semester. During the present week the staff will devote itself along with the rest of the university to preparation for examinations. The stac that has turned out this paper the first half of the year has worked faithfully and conscientiously for the most part. Those members of it who have find themselves now the recipient of credit which applies toward their degree. In so far as the phase of the work pertaining to credit has been realized it must be deemed profitable. On the other hand each member has derived inestimable personal good, good that will unquestionably prove of service to him in any one of a multiplicity of ways.

In the succeeding semester it is the plan of The Daily Iowan to interest more students in the newspaper activity than ever before. There was never a better opportunity than the present to earn places on the staff. Credit should be registered for immediately in the same manner as for that in any other course. In the future it is hoped that more women in the university will be seen as members of the staff. At present there is a deficiency in this respect. The social side of the university has remained practically uncovered.

Moreover, there should be more interest because of the stimulus worked by the recently organized club, the purpose of which is journalism. The principal qualificaion an applicant for membership to this club should have is an interest in journalism. The best conceivable manner in which to display ability of this nature is through association wth an organ that brings personal work to the attention of others. We would urge that students desirous of devoting a short time each day to activity of a most diverting as well as profitable nature regitser for it as soon as possible.

THE UNIVERSITY FACULTY---NO. 13

GEORGE W. STEWART
Professor and Head of the Department of Physics

Professor G. W. Stewart was born in St. Louis in 1876. He received his public school education in Kansas City. In 1893 he entered DePauw University and in 1898 graduated with the degree of A. B. Mr. Stewart then took up the study of physics as a life work, entering the graduate college of Cornell University. From this institution he received the degree of Ph. D. in 1901. He held the position of assistant in the department of physics at Cornell from 1899 to 1901, and instructor from 1901 to 1903. In 1902 he was an instructor at the summer session of Lehigh University, and in 1903 at the summer session of the University of Missouri. In 1903 he was appointed professor and head of the department of physics in the University of North Dakota. In the following year, his title was changed to that of professor of physics. He was the editor of the physics section of the state high school manual of North Dakota. In 1907 he organized the North Dakota Association of Science and Mathematics Teachers, of which he was the first president. Professor Stewart was called to Iowa in 1909, being attracted especially by the dedecision of the board of education to erect a magnificent physics building.

In 1911 he was appointed State Superintedent of Weights and Measures by Governor Carroll. His biography appears in the selected list of the American Men of Science, in Poggendorff's Biographisch-Literarisches Handworterbuch zur Geschichte der exacten Wissenschaften, and in two other biographical reference works of a general nature.

Professor Stewart is a member of the American Physical Society, of the Society for the Promotion of Engineering Education, and of the honorary societies of Phi Beta Kappa and Sigma Xi. He is a fellow of the American Association for the Advancement of Science. In 1910 he was a member of the General Committee of the American Association.

Professor Stewart has been a contributor in several fields in physics, but more especially in radiation, electricity and sound. He is editor of the Contributions from the Physical Laboratory of the State University of Iowa, a publication which contains the results of the research of the students and the staff of the department of physics. Because of the increased laboratory facilities in the new building, the "Contributions" will become more and more important and will bring a continually greater credit to the State University of Iowa.

But Friday the signal of honor of appointment to membership upon the National Assay committee was conferred upon Professor Stewart by President Taft.

SIDE-LINE COMMENT

The recent custom of shouting to players to "shoot" the basket in basketball games is, to say the least, deplorable, indeed. That the game will progress eqully well without it is beyond all doubt, and it is to be hoped that hereafter it will be dispensed with altogether. It belongs to the rest of the curriculm of unsportsmanlike things that may be done at an athletic contest and deserves to be discredited with a like amount of earnestness.

Jones to Give Student Sermons

Rev. J. T. Jones, pastor of the Congregational church, is planning a series of sermons on the different Apostles of Christ, to be given on Sunday evenings, commencing this evening at the Congregational church. These sermons are especially prepared for the interest and benefit of the student. The sermon this evening will take up the study of Peter as an Apostle.

Advanced class in dancing at Suepel hall every Saturday afternoon.

To Hold Lecture Services

The Y. W. C. A. is planning to hold a series of lecture services during the first week of March. These meetings will be evangelical in character only in so far as they will aim to turn the minds of the girls toward the more serious things of life and to give a deeper and more thoughtful tone to student life. The best possible speakers have been secured and already a full program has been planned. The first feature will be a banquet on March 6 open to all university girls and intended as a sort of introduction to the series of meetings. Some excellent toasts will be given during the course of the evening. The Y. W. C. A. has been extremely fortunate in securing two such able speakers as Miss Bertha Conde and Mrs. Ella Byers. Miss Conde of New York, is the student secretary of the Y. W. C. A. Several years ago she came to Iowa City during a series of meetings and was exceedingly well received. Her wide experience and the fact that she is an unusually strong speaker, makes her very much worth hearing. Mrs. Byers is the executive secretary of the North Central committee of the Y. W. C. A., and in this capacity, plans and organizes the work of the whole territory. For seven years she was secretary of the city Y. W. C. A. of Omaha and under her direction the association made a phenomenal growth. Mrs. Byers has an interesting manner and personality and appeals to her hearers as a deep and earnest thinker. With two such strong speakers, the meetings promise real merit.

WANTED—Stenographic work of any kind. Work guaranteed. 222 North Clinton. Tel. 1321M. 1-29

Released from Sanitarium

R. Paul Miyamota, ex-L. A. '12, has just been released from the Oakdale sanitarium for tuberculosis patients, and is now on his way back to Japan. Mr. Miyamota spent his first two years here, then going to the University of Wisconsin. There the dread disease came upon him and he was forced to leave school. He came back to the Oakdale sanitarium because he had heard so much of it as a cure for tubersulosis. His faith was well founded and he departed Saturday for Japan. He said that he would come back here to graduate if it was not till 1915.

Don't forget your date "At Ingle Hall" February 6.

WANTED—Experienced waiter at Iowa Lunch Room. tf

OTHER COLLEGES

The Drake girls are planning a great basket social for February 9, to raise money for "D" emblems that are to be conferred upon the girls who play basketball.

The Drake Delphic is advocating student council for Drake.

A Poverty club has been organized at the Ohio State University. The club was organized to promote hospitality and good fellowship among the members and has taken for its motto: "Poverty is no disgrace."

The Michigan Athletic association has a membership of 13,000 men.

The final results of the straw vote taken at William Jewel were Wilson 84, Clark 65, Roosevelt 62 and La Follette 39.

PERSONAL AND SOCIAL

Prof. C. W. Wassam was out of town over the week-end.

Thomas Hamilton, A. S. '14, visited in Cedar Rapids yesterday.

Prof. P. S. Peirce went to Des Moines yesterday on official business.

Miss Gertrude Neas of Sigourney is visiting Miss Mary Schiltz, L. A. '13.

Miss Mariana Sims of Dennison expects to take up her school work next semester.

Rowland Philbrook of Dennison returned from his home to take up his school work next semester.

Otto Behmar, D. '15, who has been in the hospital for a number of weeks, is able to be about again.

N. A. Kelogg returned Saturday morning from Chicago, where he attended the Big Eight conference.

Mrs. Thomas Hamilton of Rolfe is visiting her husband, who is a sophomore in the college of applied science.

G. H. Hillard of Vinton is visiting H. C.Austin,L. A. '15. He is contemplating taking up work here next year.

Professor and Mrs. E. D. Starbuck entertained the Cosmopolitan club at their home at 946 Iowa avenue last evening.

Merlin Oren, D. '14, who has been in the hospital for treatment of his eyes the last two months, was able to be out yesterday.

On the evening of February 2, Donald Price will entertain the members of the Delta Sigma and Delta Phi clubs at his home on Kirkwood avenue.

Professor and Mrs. B. F. Shambaugh entertained at an informal dinner yesterday, the retiring and newly elected president of the Cosmopolitan club, T. Inouye (Japanese) and S. Bose (Hindu).

OTHER COLLEGES

The extension department of Kansas University will send a representative over the state who will show lantern slides of the university and its activities. A lecture is to be given with the views.

Kansas will start a Commons next semester and the food will be cooked by girls in the domestic science department. Medicala attendance is thrown in free.

President Baker of the University of Colorado says that he would have girls of the school maintain a happy medium between the sorority and suffragette types.

Northwestern is to organize a Red Head club.

DePauw is trying to install the honor system but some seem to think conditions are not yet ripe for such action.

Two hundred and thirthy-six couples will attend the prom at Wisconsin.

At Indiana University the senior laws have selected a gray woolen shirt, with the monogram "Law '12" on the pocket, as their distinctive dress.

Yale's receipts for the football season amounts to $80,000. Yale's share from the Harvard-Yale game alone was $34,000.

A canvass of Yale football officials and semi-officials shows them to be unanimously in favor of rule revision that will allow more scoring.

The non-fraternity women of Northwestern University have organized into a society called the "Campus Club." Every non-fraternity woman is eligible to membership.

The junior class of Indiana University has adopted a class pipe. This gives on opportunity to those unaccomplished in the art of smoking to acquire the charming habit.

A bureau to assist foreign students has been inaugurated at the University of Chicago by the Cosmopolitan club, an organization which has hitherto been open to American and foreign students at the university, with the restriction that not more than one-half the membership should be composed of any one nationality. It is now proposed to allow foreigners in the city of Chicago to become associate members of the club, thus giving to them the benefit of the advice and counsel that those within the university now enjoy.—Daily Student, Indiana University.

Prizes for undergraduates who have developed the most physically during the academic year are awarded at Dartmouth. The candidates are obliged to attain an verage of 65 per cent in their studies.

Wellesley girls, in order to raise money for a building fund, have opened a shoe-shining parlor in one of the college buildings, where faculty members and students may have one of the young ladies polish their boots.
