\textit{Powerhouses, Illustrious Presentation, Show, Hulme and Fishburn in Preliminary}

\textbf{AT A MEETING HELD IN ROOM 311 of the hall of liberal arts yesterday, entries were made for the N. O. L. contest and a list of men prepared from which the judges will be selected. According to the rules of the contest, 150 handbills were used to announce the preliminary.}

\textbf{BASKETBALL VETERANS WILL RETURN TO GAME}

\textit{SALLANDER, AND MURPHY TO JOIN SQUAD
Jen’s Chance for Victory Over Grinnell of Friday Gently Strengthened}

\textbf{GOOD NEWS REACHED the basketball team yesterday in the shape of tidings that two basketball veterans, who have been badly needed this year, will be in again in time to get into the Grinnell game next Friday evening. In fact, Sallander, the forward, who played in the Iowa-Vermilion game and was then compelled to miss because of heavy work, appeared yesterday fine and, in his presence made great improvements that were very encouraging. Murphy has played basketball in the past, and in view of the fact that he is to be in by next Monday, one group of players, who is gathering material for the Iowa-Minnesota game, will be ready, in view of the fact that the courses thus far have been found necessary in the past, to make the greatest part of defensive play.}

\textbf{FOR MANY YEARS there has been a feeling that the courses thus far have been found necessary in the past, to make the greatest part of defensive play.}

Absence makes the heart grow fonder—but not absence of coal. I was thinking during the last cold wind wave that there’s nothing quite so much beloved at the particular time as coal in the heater. Order early the next two months.

Professor Johannsen, curator of the botanical museum, has just received a valuable and unique collection of Indian plants for the university herbarium. The gift was presented by J. H. Pierce, a member of the college of pharmacy. It consists of various kinds of plants collected by his grandfather, Rev. Geo. French, while serving as a missionary. A very fine time is expected in their study of this direction.
