FRESHERNS VS.
HIGH SCHOOL

OLD ENEMIES RANGED
IN ORDER OF BATTLE

FIRST GAME OF IOWA-GRINNELL
SERIES TONIGHT.

State, Grinnell State, Repeated as
Game-Freshmen and High School in Preliminary.

The first battle of the two states for the state basketball title will be on Sat. this evening when the two states meet at the Armory. Both teams have had the benefit of a long preparation, and are in the best of condition for the game.

Scores from Grinnell yesterday showed the loss of Stelk, the star center and goalkeeper, Iowa freshmen take this announcement with some allowance, as Stelk is one of the players who will return next year, but got back again before any games were played. On the previous occasion, he was able to do the best because of encouragement with his team mates, but this time Stelk is attending an important meet in the Grinnell-Modes games last Saturday, and it may be that this report is founded on fact. Local fans will regret his absence from the game, as they are unanimous in the belief that the Hawkeyes in their present form can match the measures of the visitors with their strongest line-up in action, and their chances will be even for a win.

The Armory will be the place of meeting, and the program will be well worth the attention of all basketball fans.

IOWA RIFLE TEAM MAKES SCORE
OF 944.

A little off Iowa but Captain Munson
Debuts Victory is Almost
Assured.

Iowa's crack rifle team scored 944 in its match with the rifle team of the Michigan Agricultural school. In the appearance of the two teams were a bit off color and hardly came up to their standard, the novelty at that last, and if the conditions in the performance of the Michigan Aggies should not hinder the Hawks, the scores from all make-up the great mass of young men of Iowa State were predicted to do as well as possible by them as a sport bit off color and hardly came up to their standards in the competition of Iowa State. If the Michigan Aggies made 912 in their best match of the year.

It is of interest that Capt T. H. Allen, professor of rifle shooting at Purdue university, will be present during the competition for comment on the performances of this famous team.

To Decide Fate of Freshmen

The Pre-Senior council is to hold a meeting to deliberate on the fate of the freshmen. Matters for discussion will be the bonus on the sides of the freshmen for initiation. The issue which was recently passed requires that the freshmen shall have two thirds of their work for one semester in order to be initiated. All members of the class have been careful in their work as far as can be ascertained, and the new council has been a pronounced success.
