AGGIES OUTCLASSED IN WRES-TLING TOURNEY

Visitors Fail to Secure a Fall After Four Hours of Struggle on

Iowa's grapplers proved strong for the Aggie squad last night, taking all four matches from the visitors. All the matches with the exception of the middleweight went in straight falls, and even then Weyrauch, the Aggie representative, failed to win one from Gilliland, who took the first. Leonard H. Racker of Waverly won first in the freshman oracorical prize of \$20 last night in the contest held at the auditorium. His oration on "The Call of the Country" was well written and was delivered in excellent style. The ease and earnestness of his delivery was really remarkable and could have been classed with that of a speaker of many years experience. Y. M. C. A. RECEIVES MANY RECOMMENDATION

Tributes for Leader of Coming Campaign

Rugh, who spoke at the meeting of vices. the Y. M. and Y. W. C. A.'s on Monadvantage over the other speakers day night, pays Mr. Douglas a high journalistic fraternity. It occupies a tribute. He made the statement while here that he had known Mr. Douglas during his college career, and that he had been one of the best liked in the university. Mr. Douglas, he said, has held many varied positions, each of which he left to take up another work more to his liking, and to each of which he could have returned. He left the pastorate of one of the most prominent churches of Washington to take up the work among college men, for whom as a body he has always loved to work.

> Mr. Rugh further said: "Mr. Douglas has been said to be, if not the most prominent man to graduate from Wittenberg, one of the two most prominent, the other being Judge Grosscup, of Chicago, who gave the commencement speech here last year, and who was also judge in the famous Standard Oil case." Such 'Chinese Statesman," Mr. Rugh, are very plentiful, and the association feels that it has been fortunate in securing Mr. Douglas.

Yesterday a letter was received Rowland Philbrook, whose home is from Hon. Champ Clark, in which worked most of the time with head in Denison, and who managed the he says: "It gives me great pleasure to say that I have heard the Rev. Lloyd C. Douglas. Sigma Delta Chi is the national place in the world of college journalism similar that that occupied by Phi Delta Phi in law, and Phi Beta Kappa in classic scholarship. The Iowa chapter will be the tenth in the country, others being established at Michigan, Wisconsin, Washington, DePauw, Purdue, Virginia, Colorado, Ohio and Kansas. The fraternity has attained a position of considerable prominence in the journalistic world in general.

Only upperclassmen are taken into the organization, and men whose interests lie primarily in a journalistic career. The eleven Iowans who will be initiated tomorrow night as charter members of the Kappa chapter are: Chester A. Corey, J. E. Ashton, H. D. Hanson, Frank Baldwin, Conger Reynolds, George K. Thompson, Frank Seydel, A. C. Gordon, Earl T. Vincent, Henry Bell and Vernon R. Seeberger.

Graduate Scholarships

The graduate college of this university offers a number of scholarships for the current year. The stipends will be as follows: Scholarship, \$150; junior fellowship, \$300; senior fellowship, \$500. All applications must reach the dean's office on or before Friday, March 15.

Notice to Track Men

All track candidates, both varsity and freshmen, will report in the band room in the university armory on next Monday afternoon at 3 o'clock. The coming track season will be discussed by Coach N. A. Kellogg and arrangements made for practice, which will start at once.

Baconian Club

The Baconian club will meet in the physics lecture room on Friday evening at 7:30 o'clock. The paper will be given by Professor Homer R. Dill on the subject, "A Report on the Laysan Expedition." A cordial strong friends and admirers like invitation is extended to all who desire to attend.

> Iowa's track prospects are not of much brighter hue than they were last year. The lack of material on which to build a strong track team remains a serious handicap. Practically none of the men who points in the meets last year have been lost, but with one or two exceptions no valuable additions have been made to the list of eligible men

Arlo Wilson, captain of last year's team, is still eligible, and can be depended upon for points in the hurdles. Wilson is one of the fastest men in the state in the hurdles and unless hindered by illness, as was the case in the Missouri Valley meet last year, he will undoubtedly take some points in this year's contest for Iowa. Streeter is strong is strong in the hammer throw and may be depended upon where that feature is a part of the contest. The only strong distance men now availsble are Steinberg, Jans and Seydes Before the new semester began, lov enthusiasts were excited with the i formation that Merle Alderman, the star weight man, might return to Iowa. This he failed to do, however, and as a result O'Brien is practically the only man who can be counted on in the discus and shot-

Among the new material, the most promising candidate is Herman Gableman, who has made some fine records in the dashes and relay work. His performance in the military meet at camp last year, when he ran away with practically all these events, mrked him as a man from whom valuable work can be expected this year. Other men in whom the coaches see some promise are Brunner, Hanna and Smith.

The freshman team is likely to be considerably stronger than last year. Schroeder and Parsons , two men who practically won the state high school meet for Iowa City last year, will be members of this team, and other strong men from various high schools will be eligible,

To make a dramatized novel just as interesting to the auditor who has never read the book as it is to him who has, is considered a most difficult task in playwriting. Eros Entertain Irvings

Last evening at Close hall the Erodelphian society entertained the Irvings. The program was begun by Miss Vander Zee with a violin solo, after which two farces were cleverly presented by the girls, the first being "The Train to Morro," and the other "The Mouse Trap." After the farces, ice cream was served and the rest of the evening was spent with social games.
