Interscholastic Track Meet. Twenty-eight Schools at Iowa Today

PRELIMINARIES 9:00 FINALS 2:30

HIGH SCHOOL STARS IN TRACK MEET HERE

Annual Interscholastic On the Iowa Field.

FOUR SCHOOLS PICKED AS FAVORITES

Twenty-eight Teams Will try for Honors in Fifth Invitation Meet Tomorrow Afternoon.

Th fifth annual inter-cholastic track and field meet begins tomorrow morning at 9 o'clock on Iowa field, when the preliminaries in the 100-yard dash will be under way. High school athletes from all over the state and some from beyond the borders are entered in what comprises the largest entry list ever made up here, and promises to bring out the best competition and the best records ever made in a similar meet on Iowa field.

Twenty-eight schools will send athletes to compete. The men will come from the following towns: Albia, Ames, Anamosa, Cedar Rapids, Columbus Junction, Davenport, Denison, Dubuque, East Des Moines, Fairfield, Grinnell, Independence, Iowa City, Keokuk, Marion, Mechanicsville, Moline, Oelwein, Ottumwa, Pomeroy, Postville, Rock Island, Rolfe, Seymour, West Liberty, and Wilton Junction.

The starter for the meet will be A. J. Reir, former Michigan hammer thrower and coach at Simpson and Monmouth, who is known to Iowa followers of athletics as an official in several of last fall's football games. The drawings for places will not be held on Friday evening this year, as has been the custom heretofore, but will take place on the field immediately before the preliminaries in the morning.

Preliminaries in the track events will be held in the two hurdle races and in the two short dashes. All of the field events have enough entries to necessitate preliminaries, and in these the system used will probably be that of setting a certain mark and allowing all who can reach it to qualify. Feld and track events will be held simultaneously both morning and afternoon.

At 12:30 the training table lunch will be spread for the athletes in the university gymnasium, and the men will be turned over to their trainers until 2:30. At that time the century dash will start, and the meet proper will be on.

Immediately following the meet will take place the presentation of medals to the winners. Four places will count. The winner of first place will receive a gold medal; of second, a silver medal, while the winners of third and fourth places will receive silver medals. Special medals will be given to the members of relay teams winning first, and a silk banner will be given to the team winning the largest number of points in the meet. First place will count five points; second place, three points; third place, two points; and fourth place, one point, in all events, including the relay races.

As the time for the meet draws near, the big team from East Des Moines is being looked upon more and more as the favorite for first honors by the experts. The Des Moines school is always strong, and as usual has this year a well-balanced team. Davenport is another school with a good chance at the honors, and Iowa City and Cedar Rapids both have strong teams entered. These four schools have entered larger teams than any of the others,and for that reason it seems that the winner must be picked from them. It is true that a few stars will probably win the meet, as was the case last year, when Parsons and Shrader almost unaided won for Iowa City. But on the form shown to date none of the schools with smaller entries have the required stars, unless it should be one of the Illinois squads, of which little is known here.

Laws vs. L. A.'s

The laws and the liberal arts will fight out differences on the baseball diamond at 4:30 o'clock this afternoon. It will be a bitterly fought contest, say the followers of both aggregations with scarcely an advantage to either side. The members of the school are taking an unusual interest in baseball this year and a large crowd is expected at the contest. The game is to be played on the varsity diamond.

Sigma Nus Win

Sigma Nu defeated Phi Psi in the Pan-Hellenic league yesterday by a score of 9 to 1. Both sides hit frequently, but the Sigma Nu team bunched its clouts much better, the Phi Psi swatsmen being weak in the pinches. The battries were Callander, Brueckner and Foster for Sigma Nu and Hansell and Stevenson for Phi Psi.

PARTIAL REPORT FAVORABLE FOR McCONNELL CAMPAIGN

One Day Campaign Brings Good Results—Letter from Monnet

The campaign for the McConnel fund yesterday proved to be even more successful than the ocmmittee expected. The reports from the members of the committee up to the time of going to press last night were very pleasing to those in charge of the campaign, and they feel certain that the goal set will have been reached easily, when all the reports are in. Should the results fall short of the required amount, the work will be continued today.

Secretary Williams yesterday received a letter from the acting president of the University of Oklahoma, Julien C. Monnet, in connection with the campaign in which he praises "Joe" very highly. It is indeed sufficient to make the student body of Iowa feel that their endeavors to support McConnell in India will be well worth while. The letter follows:

Mr. Howard Y. Wiliams, My dear sir: I am certainly pleased to know of this movement at the University of Iowa to raise a fund of $500 toward the support of Mr. McConnell. Mr. McConnell has been our general secretary here for two years and it would be difficult to express too emphatically the influence for good which he has exerted. He has thoroughly organized the work and pushed it with great vigor and effectiveness at all times. He is greatly loved here by the entire student body not only because of his amiable personal qualities but because of his ability and broad sympathy. We are exceedingly sorry to lose Mr. McConnell but we are glad to know that his ambition is leading him into a broader field of usefulness and we wish him God speed. Mr. McConnell has done great credit to the University of Iowa in his work at this place. He is worthy of the support of the alumni and I feel certain that he is destined to do big things in the future.

Yours very truly,

JULIEN C. MONNET.

Faculty Beats Pharmacy

By a score of 4 to 2, the faculty baseball team scored a victory over the pharmacy department baseball team last Wednesday. The game was close throughout and was in doubt until the very end of the contest.

IRVING JUNIORS VICTORS OVER ZET TEAM IN DEBATE

Two to One Decision Goes to Negative After Close Squabble

The first of the inter-class debates was won last night by Irving Institute when the junior debate team of that organization defeated the junior team of the Zetagathian literary society in Zet hall. The question debated was, "Resolved, that the U. S. should incorporate the principles of the Canadian industrial disputes investigation act in state and federal legislation." The affirmative was upheld for Zetagathian by Benjamin Boer, Leo Brueckner and Edward Korab, leader, while the negative was maintained for Irving Institute by Alexander Holmes, B. E. Frost and Harry H. Gould, leader. A vast amount of thorough preparation by the men was displayed throughout the entire debate.

Benjamin Boer, as the first speaker for the affirmative, showed that the problem of industrial disputes is an outcome of large scale production and declared, furthermore, that in these disputes between labor and capital, labor has been compelled to submit to the unjust rulings of capital. The second and third speakers on the affirmative continued by showing that the only practical solution of the problem lies in the adoption of the principles underlying the Canadian industrial disputes investigation act in state and federal legislation. One of the principal features of the act, they declared, was the degree of publicity obtained through it, and that it is efficient in Canada to the extent that strikes have decreased, and general conditions improved between labor and capital since its adoption five years ago.

Alexenader Holmes opened for the negative by declaring that the very things which are claimed for the act does not exist in Canada. He declared that the proper degree of publicity is not obtained, and in fact not the degree claimed by the advocates of the plan. He declared that the law is not used as claimed and that it does not benefit the employee, the employer and the public in general. This line of argument was carried out by the other negative speakers, showing how strikes had increased under its operation. In concluding, the negative proposed that the disputes be left to a joint commission representing both parties, as they are at the present time, and that with an extension of this system the desired results would be accomplished.

The affirmative came back strong in the rebuttals but they could not get around the facts produced by the negative that the law and the principles underlying it had actually proved a failure in Canada.

The judges were Professors A. O. Thomas and H. G. Plum, and H. A. Blackmar, of the Iowa City high school. Their decision was two for the negative. R. L. Masson, of Zetagathian, acted as chairman.

The Girls' Glee club give their first concert this evening. They leave on the 1:30 car for Cedar Rapids, and from there take the Illinois Central to Coggon. At that place they will sing under the auspices of the high school. The concert has been boosted by "Pep" Latham, L. A. '11, who now wields the big stick over all the Coggon students. It is rumored that "Pep" has already sold more tickets than he can get people into the house.

Those who will make the trip are: Miss Proffitt, director, Mrs. Ethel Fried, president, Neva Smith, Hazelle Listebarger, Sarah Hayden, Dean Newcombe, Mira Jones, Evelyn Van der Zee, Unda Hamren, Alta Shank, Ada Beach, Florence Franzen, Gertrude James, Helen Silsbee, Lydia Thomas, Bernice Neitz, Ethel Addington, Ada Dalrymple, accompanist, Clifford Hakes, Frank Callander, Verne Foley, reader and Forrest Reed, manager.

A WELCOME NEEDED

Today and tomorrow high school men from all over the state will be in Iowa City. Many of them will be getting their first glimpses of the university to do what he can to enit is really like. This is a subject that has been exploited before in these columns; but it is hardly likely that it will lose anything by being repeated.

It is the duty of every man in the university to do what he man to entertain these men while here, and make them see that the state university is the logical place for them to complete their education. This should not be a difficult task. We believe that all that is necessary is to show the university as it really is, free from the doubts and misgivings of outside interests.

The high school man who comes to Iowa City and finds a hearty welcome is much more likely to look upon the university as a desirable place in which to spend his college days than if he is left alone in a hotel without entertainment or any sign of interest in him.

All this, of course, aside from the first duty and the chief reason why every Iowa man should try in every way to show the high school athlete the best time in his athletic life. They are our guests, coming here by invitation of the athletic board; and as such we owe them every possible courtesy. So if there is anyone coming from your home town, or anyone whom you know from some other town, or anyone with whom you can possibly get acquainted, go out and do what you can to prove to him that there's no place like this.

PLAYS AND PLAYERS

Johnson-Flynn

T. A. Hanlon, manager of the Iowa theatre has been enceedingly fortunate in getting the two-reel feature which gives an exact reproduction of the recent boxing match between "Jack" Johnson, the champion prize fighter of the world and "Jim" Flynn who was a strong contender for the title. This is a new reel and its appearance at the Iowa theatre tomorrow will be the first time that it has been show in the state. Every detail will be shown from the time when the men enter the ring and shake hands until the gong sounds at the end of the tenth round.

Octaves Give Farce

Last evening the freshman girls of Octave Thanet literary society gave one of the best farces ever given by university talent in Iowa City. The farce, "The Three Chauffeurs", was well presented, Miss Nan Wooster being the star of the evening. Much credit is due Harry Gerhart, whose excellent work as stage director was instrumental in a large measure in making the undertaking a success.

Bohemian Night

Another of the Cosmopolitan club's novel entertainments will be held in the liberal arts auditorium tomorrow evening at 8 o'clock, when the Bohemian members will give their program. An especially good drawing number will be an address by Professor Bohumil Shimek, head of the botany department, who is one of the best speakers on the faculty. Music will also be a strong feature of the evening. The program, which is free to all comers, is as follows:

Fail to Get Games

Negotiations conducted by the management in an effort to get some baseball games to take the place of those cut off when the Minnesota schedule was cancelled, have so far failed. The other teams around are already on the Iowa schedule or have their dates completed. A game may be arranged with Coe, to be played here some time next week. The Hawkeyes are scheduled to battle the Aggies at Ames on May 14, which is next Tuesday. The next game at present scheduled for the home lot is the Ames contest here on May 24. The next day the team goes to Cornell, and closes the season here with a game with Grinnell on Decoration day. June 1 sees the final game of the year at Grinnell.

Medics Win Another

The medics won another game in the interdepartment league yesterday by defeating the engineers by a score of 5 to 3. The engineers showed surprising strength, while the medics failed to play their usual good game, Lambert's work behind the bat being costly. The score by innings:
