VERIFIING WORK

Investigations are Embodied in Two Volumes—Prof. Downey is Author of Both.

Professor R. E. Downey, a graduate of the university, is spending several days at the laboratories of the state historical society for the purpose of verifying research work which he has done for the society. These two works shed much light on the two subjects discussed, and will be welcomed additions to the state historical library.

Professor Downey is an alumnus of the university, having secured his master’s degree in the department of economics. He is at present a professor of political economy at the university of Wisconsin.

Prof. MacBride Sends Material Prof. Bohumil think reports that Prof. MacBride is now stationed at Ocean and Washington, where he will remain for some little time. He has sent to the department of history another box of material, this one being the fourteenth one since he went west.

After Prof. MacBride is through with his work in the state of Washington he will go to the Yosemite Valley. This will be some little time longer has a great deal to do before he is through in the northwest part of the United States.
