Indoor Sports are Now Given Boost

Football Season Ends With Interest Shown in Minor Sports

Gymnasium Work Keeps Director Schroeder Busy Every Afternoon—Such Interest Shown in Wrestling That Program is Expanded

The date of the coming season has given a decided impetus to the indoor sports, such as basket, ball, wrestling, boxing, handball, volleyball, indoor baseball, and gymnastics, each of which has shown a decided improvement.

The gymnastics program is one of the most prominent and is being carried on at the same time as the regular physical drill. This is a program that has been greatly strengthened by the addition of a number of new boys who have voluntarily entered the program and are now taking part in it under the supervision of the Physical Director, G. A. Schodler, a man especially well qualified to teach the work. Physical training has much real value in the boys' lives, in that it has been found an excellent way to build up the body. In addition to the ordinary attendance is required, the regular systematic exercise is of far greater benefit, and the students who attend are therefore much better prepared for the coming years of college work.

Two more practices are being held on Wednesdays, the boys being more widely known for their skill in this line of entertainment.

The physical training although the boys are not required to attend the classes in order to get the credit, it is strongly recommended that they should. The attendance is much better than has been the case in the past. The attendance of the boys is much desired by the Director, and he is doing all in his power to encourage them to come to the classes.

Special classes will be given throughout the winter, the idea being to take the best of a line of physical drill. These classes will begin immediately after Thanksgiving, and will be divided into three sections, Monday at 4:45; Friday at 4:45 and Tuesday at 7:15. Two companies will be on the floor at each practice. A special training in supervising the drill work, Director Schroeder will decide the large classes into square groups, and place a boy at the head of each group. In this way, the individual needs of every man may be better studied.

A number of the old men have been working about the gym, getting in shape for the season, and a number of the boys are now beginning to work out in earnest.

COTILLION TO BE HELD NEXT WEEK

Everything in readiness for Big Sophomore Formal

December 6

With the big sophomore cotillion a little more than one week away, every hand on campus is working to perfect the program of the formal of the second year men. The donations have been shipped and the decorations will be busy the latter part of next week in preparing for the assembly, which is the scene of the big annual reunion of classes. The dates that have been selected by the committee and will appear in the Iowaan early next week. Tickets may be had of any one of the committee at the usual price.

The committee have been unusually successful in preparing for this party and every indication seems to point to one of the most successful formal over staged at the university. The committee promises that there will be something absolutely new in the way of decorations and arrangements, and that the lighting arrangement will be especially fine.

Those who are still without dates for the first formal of the school year are, in a spirit of friendship, urged by the committee to get with their dates as soon as possible.

STUDENTS DIRECTORY IS NOW READY

The students directory is ready to be turned into the hands of the students and faculty. The directory has come out this year that every student should possess for the benefit it will bring. The committee believe that it will be a much better directory than has been published before. The directory is much better because of the fact that only one directory will be issued this year. Persons should not try getting their directory thinking that it will be given to them in the spring. However, a supplement containing this additional, and changes will be issued in the spring, which will be given to every one having a directory. Provisions are made in the directory for grading this supplement in the back of the book. But the present directory will be the only complete list of names published this year.

Walt Scott—Moonlight Tri-Meeting

Walt Morris will be distributed this morning at all the classes in the university. They are so arranged that the man in the front will get one and so on down the line. The arrangement of the meeting is very neat, and the pilot will make an excellent thing to hang on the wall.

$14,000 Worth of Fine New Merchandise Being
Sacrificed in the Old Bijou Building on
Dubuque Street.

Within the past week we have secured possession of this entire building and for the first time we have placed our complete and entire stock of goods on sale and this wonderful money-saving opportunity to buy your winter supplies of new seasonable merchandise at the beginning of winter is without a precedent in this community. Don't be fooled by the reports that most of these goods have been sold. More than three-fourths of this stock is still to be sold and our store will be open from day to day until December 30th, at which time the balance of the stock on hands will be disposed of in bulk. We wish to say that 90% of this merchandise is scarcely damaged at all. The stock is new, fresh, having been in business only one year. It will pay you to anticipate your wants for a year or two. We had hundreds of cloaks yet to sell, hundreds of ladies' and misses' suits, thousands of dollars worth of fur muffins and scarfs and fur coats, also sweaters, umbrellas, house dresses, party dresses, dresses for street wear, silk and cotton petticoats, corsets and hose and our goods are so arranged now that you can wait on in a satisfactory manner.
