**SUCCESSFUL TOUR MADE BY GLEE CLUB**

Katherine Jewell Everts

Natural Science Auditorium

The longest tour ever taken by Iowa's Glee Club was com-
pleted Friday, January 3, much to the credit of the members, Fred and
Jim. These students took the club on an
eleven-day tour of the northwestern part of the state at
Anamosa and Marshalltown. Carrying their own provisions and
accommodations, the Glee Club arrived in Iowa City
February 1.

The club bus, a large touring car, was
pulled by two horses, and the members slept
in bunks. The trip was made with only
one change of horses, and in spite of the
extreme cold, the members were in high
spirits when they arrived in Iowa City.

The Glee Club was well received in
Anamosa and Marshalltown, where they
were entertained by the local music clubs.

The tour was a success in every respect,
and the members look forward to similar
trips in the future.

**IOWA WON FROM NORMAL LAST NIGHT**

HAWKINS HELD THEIR OWN IN HARD FOUGHT GAME AT ARMORY

Iowa Showing Better Form Than Before—Game Clean and Fast—Op-ponent Ends String of Early Wins—Hawks Missed—Game Closed by
Whiteside.

The basketball game between Iowa and the University of
Chicago last night at the Armory was a hard-fought contest,
with both teams putting up a good fight. The Hawkyke
were led by the exceptionally fine play of their star
forward, Hawkins, who scored a number of points in the
first half of the game. The Hawks made a strong bid for
the lead in the second half, but the Fighting Illini
were too strong for them and came away with
a 74-120 victory.

**ENORMOUS AUDIENCE GREETS EXPLORERS**

Stefansson and Anderson are Warmly Received by Big
Audience at Natural Science Auditorium

That Stefansson and Anderson were
warmly appreciated at the home-
ncoming Friday night, was demon-
strated by the enormous audience
that came to greet them and by the
enthusiastic reception that they
received upon their civil appearance upon the plat-
form. Early that morning few
tickets had been sold, for some reason
or another, but by seven o'clock,
people were trickling into the auditorium
for an opportunity to see these two great
men of their experience in the far north,
and to give them a hearty welcome
back to their Alma Mater.

President Woman presented at the
reception. In a few words, he told of the remarkable
stories they had attained since les-
ing in this university. Anderson
was the first speaker. He was introduced
by Professor Norton, who formally
announced the men present while
in this university.

Anderson Tells Of Trip

Dr. Anderson covered most of the
ground in giving an itinerary of the
journey through the frozen land
between the artie circles. The trip
was sponsored by the American Museum of
Natural History of N. Y. and the
Geological Survey of Canada. The
party departed from New York in
April, 1914, the objective point being
Coronation Gulf, which is in several
thousand miles eastward from Alas-
ska, along the northern boundary of
Canada. They are now at the war
of the Avon and Kingdon.

The party started and ran the
seven hundred miles eastward from the
northern boundary of Canada. They are
now at the war of the Avon and Kingdon.

55TH CONVOCATION TO BE HELD FEBRUARY 22
REGARDS WILL BE GRANTED FROM KINLEY BULL COLLEGE IN UNIVERSITY
There will be Twenty-Nine Candidates for Degrees—Convocation to be Held on Washington's Birthday.
All Arrangements Are to be Made.
The Fifty-fifth convocation of the State University of Iowa will be held Saturday, February 22, Washington's birthday. There will be 31 candidates for degrees.
Arrangements are being made for a convocation speaker. The announcement will be made later.

Following is the list of the candidates for degrees:
Bachelor of Arts: Ellis O. Atwood, Coralville; Hildene, Jenison, Clinton; City; Henry Bell, Des Moines; Walker E. Burgess, Iowa City; Herbert E. Bixler, Linn-Spartan; Archbold L. C. L. El＝eon, State Center; Teta Maudo, Takamori, Japan; and Louis J. Vetter, Tinton.
Bachelor of Law: Charles F. Fortun, Humboldt.
Doctor of Medicine: Thomas A. Jacobs, Iowa City.
Doctor of Dental Surgery: Harriett A. Kisor, Davenport.

Miss Everts, Well Known
The coming of Katherine Jowell Everts recalls some of the university's dramatic scars of a few years ago. Katherine Jowell Everts said of Ethel Elliott, "Few amateurs ever equal her" and Ethel Elliott, formerly of Marshalltown, now Mrs. James dean, of Minneapolis, is still remembered as the great dramatic favorite of her class. After her graduation, at the suggestion of Miss Everts, she went to Boston to study in the Juvenile school of actors and with Leland Powers. Finishing her course in Boston, Miss Elliott, became assistant professor of public speaking, in Smith college. Marion Stockley who brought forth round upon round of applause in "As You Like It" was trained by Katherine Everts as generously donated two weeks service in training the junior class play.
May Kisor was repeatedly urged to go upon the stage, after her splendid work in "The Taming of the Shrew." Miss Kisor's talent was discovered through Mary erect. Miss Kisor was still a high school student in Marengo.

Iowa City remembers the generosity of Katherine Everts in time past. At one time Miss Everts turned over the entire proceeds of her rental to the Young Women's Chris-
