IOWA RIFLE TEAM SHOOTS MATCHES

Next Big Debate Comes to Night

CRIMINAL LUXURIES WILL OCCUR AT NATURAL SCIENCE AUDITORIUM

To Choose Teams to Meet: The Question is One of Universal Interest—Both Teams Strong and Promising Good Fight.

Mystery upon mystery! What is it that nightly takes up his tribe in the live western city? What is it that goes in that room night after night, quietly close and helps the door and leaves himself in the best of luck? That's the question which the regular entrepreneurs want to solve last evening.

For several weeks past students working in the evening in room 216 N. have noticed someone jiggling the window which leaves in the wall between the two rooms.

Sometimes he has sought the window and looking at the ground level in the room has been seen. Sometimes he has been seen too, but not his face could be made clear, nor could his whereabouts be ascertained.

It has been reported that two students have been heard by the Steward—Anderson expedition which leaves in April for the forest north and which is to include five men of scientific ability in addition to the two exceptions for R. W. McKee and William Steward.

Two names are well-defined as definite word has not been received from Steward—although if news apparently represented at the time the trip into the Arctic north. And now it is reported that two aspirants for the honor have been given new active training as prospective candidates for the trip.

May Play Pool

To lead off the month's schedule for an arctic expedition as Stefansson, Anderson and others deem requisite may perhaps furthermore but considered in the light of the remarkable undertaking are vitally necessary. Some unusual announcement has already been made that the voyage of the two men who have applied for the trip. However, in the first place they must be leak. One of these must declare that he can qualify by April. His friends suggest that he play pool instead of going to church, since it is in the idea of Stefansson's that no words of Christianity be brought on board the Blaekar. Both of the Iowan men being more than well versed in religious matters it appears they will have some difficulty in qualifying on the three requirements of Stefansson's idea of the scientists' ability it appears.

H. Cogdell Easing

Both Iowan men are said to have 1915 as well as the apostolic class. Some are heavy and 1916, but February and March, they may be good enough in which to train and put their ability along this line. Their men are well known to the school and to use their ability in controlling their eating capacities in the other line.

Anderson and Stefansson will choose five men to accompany them. There are heavy and 1915, but February and March, they may be good enough in which to train and put their ability along this line. Their men are well known to the school and to use their ability in controlling their eating capacities in the other line.

LUNDGREN MAY COME TO IOWA

Our Trusses Is A Possible Coach For Baseball Team

Was With the Chicago National—Only Question Before Athletic Board—First Inter-department Football Game.

Carl Lundgren, star pitcher of the Chicago National League club in 1914 and 1915, has formally made application to coach the University of Iowa baseball team this spring. He is entering the ranks of professional baseball, and is the best he could get at the University of Illinois last season. He was a sensation while at this institution and Coach Haff, who has been quite anxious for the Cubs, gave him a tryout with Frank X. Nagy's aggregation. He immediately proved his worth and his first season in that company was so far above the mark he has won the majority of his games.

Iowa could consider itself fortunate if Lundgren would consent to come for a reasonable salary. It is all that stands between the two batting at the present time and it is quite possible each may do jolly satisfactorily. Last spring he reached the Princeton team and succeeded in winning the eastern championships.

Basketball Game

Tomorrow afternoon at 2:15 the first game in the inter-department series will be played between the liberal arts and the deans. Following the same the matches will meet with the engineers and on Wednesday afternoon the players and the law will play. These are unusual strong teams representing the different colleges this year and consequently the bills are always between certain departments, the games will be interesting.

The inter-department teams have already made the assurance that they will win the championship and from their line-up their chances are good to win the inter-department series. The young men on the Clinton high school team will play center, Thunder and Lion, who are out for the varsity at the first of the season, will be at the forward positions, with Bye, Hanna, and other stars competing for the third place. These boys are bound to have a strong aggregation and they cannot be counted out before the game is played.

der is busy getting them ready for the match with Ames, which will be held at Ames some time during the first part of February. There is an abundance of material in the light weight class, but few men in the heavy weight. Another match with either Nebraska, or Wisconsin will be put on St. Iowa City in March.

The champions of last year were cut again for the team. Ballard in the featherweight-Grun in the light weight, Gilliland in the middle weight, Corkshorn in the welter weight and O'Connor, the university champion, in the heavy weight division, have shown improvement over the form which they displayed in their matches in 1912.

Another innovation in the physical training department is the muscle in connection with each of the gym

rooms.Shaffer, the popular pianist, has been engaged for the remainder of the year and this feature alone will mean an increased enrollment for the second semester.

HAWKEYE TO GIVE
PRIEZS THIS YEAR
New Rule This Year Says Stories Do Not Necessarily Deal With the College Life
According to the custom of past years the Hawkeyes staff will award a prize of ten dollars for the best short story submitted for publica

tion in the annual. This contest is open to any student of the university whether graduate or undergradu

ate. The stories must be handed in to the Hawkeye office by March 1, and the name of the author is not to appear on the manuscript but handed in on a separate slip.

In regard to the subject matter an important change has been made in the rules. The stories may deal with any kind of life whether of the campus or otherwise, and they may be either humorous or serious in their nature.

to dispose of our stock at less than it costs to manufacture the shoes—but we do agree to save you a very substantial sum less than our regular selling price on any shoe in stock.

Men's Newton's and Bostonians must go on sale with the others.

Ladies' Brown, Gray and Black Sneakers. Custom Lace Boots in Black and Dark Brown, all in the money-saving column for you. GET A BILL. We advertise facts which will be relied upon.

You need shoes. We have the best Standard makes and are sacrificing the price

For Ten Days
Get the Right Place
115 Clinton St.
Mueller Bros.

NOTICE!

We ask that you send your garments for cleaning in early so we may have them three days. While we are installing new machinery in our cleaning plant we are sending all clean ing to Des Moines. This makes it necessary for us to have three days. You will be delighted with their work for your garments will be returned to you sweet and absolutely clean.

You will also be delighted with the delightful results we can give you as soon as our new cleaning machinery and high temperature deodorizing dry room is ready. In the past some garments have gone out with the gasoline odor still in them, but in the future we absolutely guarantee that every garment will be returned without the slightest odor of any kind and we will forfeit five dollars ($5) for each and every garment returned to you with even the slightest odor of any kind. Your garments will be wonderfully sweet and clean and it will pay you to get the benefit of this improved service.
