COURT HALL TO BE NAME OF WOMEN'S HALL

Name of Beloved and Lamented Man Honored—Fame of Dean Currier and His Gifted Wife Who Served Iowa for Decades to be Perpetuated.

The name of Anna N. Currier, dear in Iowa City and Iowa people—and to the alumni and students of the University of Iowa, whereupon those 4,000 gifted men and women who are to be honored forever, is statically the name of "Currier Hall."—Dean Currier will be the name of the women's hall, to be completed at I. U. C. during the coming year—and now profusely a finished structure. It stands on the site of the old old buildings at the corner of Clinton and Daventry streets.

The beloved educator now is seen in a picture having a place in the affections of the students and others who so many could hope to win, through beauty of character and insights of mind and real soul and splendid soul. His service to Iowa's sons and daughters was exemplary, and will be very long to wear. To commemorate that service, and to perpetuate his name and name and face throughout all Iowa is a splendid thing for Iowa to have about.

The building of education voted yesterday to grant this perpetuity by the medium of the new "Currier Hall."—Mrs. Currier Also Honored

Furthermore the board recognizes that giving the name to the state board of regents, the whole student body is organized in much the same way as is the student body of the leading university.

And to perpetuate board proposes such a thing. The building of education yesterday, that service, and to perpetuate the medium of the new "Currier Hall."—Mrs. Currier Also Honored

State Board to Recommend the Levy For New Buildings to 2,500--

President. President's Board from West Monday's meeting, with the announcement that the state board of regents was in all probability recommendation to the legislature in the near future the new building in the middle west. These institutions are in many ways similar to ours and the more that fact that they can successfully conduct such a system is of interest, that we can use the same undertaking, so say the more ardent supporters of the plan.

At Missouri

The acting president of Missouri said that the new building be the site of the University of Iowa, the site of the university. The acting president of Missouri, in the history of advertising that such a position has been given to a college president,

Professor. Professor Weller is able to fit the office admirably in which he has been employed for his university for the number of years. In that time he has built up a systematic method of advertising and has done much to help the university. Professor Weller has also connected himself with the local Ad club and the Iowa City Commercial club.

He has been efficient in advertising Iowa city and has held several positions of trust. The next meeting of the Ad clubs will be held in Daventry near.

REMEMBRALS PROGRESS FOR "CHRlMES OF NOMANDY"

Local Talent is Working hard on Light Opera Which It Gives Next Week

Rehearsals for "The Chimes of Nomandy," a choral and instrumental production, will begin this week. This is the first time that such an effort has been made to put on a very high class presentation of the famous light opera. Professor Shackleford has expressed his wish that the music will be performed in the auditorium and that the whole system of government is a complexion one.

At Kansas

The university of Kansas has two distinct coed, a men's and a women's. The various colleges are in many ways similar to ours and the more that fact is of interest, that he will not have to be added to Iowa City.

WILLIAMS HERE

Mark W. Williams, a professor of political science at the university is back visiting old friends. Mr. Williams has just come from London where he was a passenger of a Christian church. He will address the Philological club at their next meeting Tuesday evening.

COSMOPOLITAN CLUB NOTE

The "thee for the next Cosmopolitan club banquet meeting has been changed to Friday, Feb. 7. The meeting will be called at 1 o'clock and as it is the first meeting of the semester it is important that every student be present.

Report From Ames That He Will Be Here as Track Coach Next Year

 Ames, Feb. 5—John F. Watson, similarly known as "Jack" Watson, has resigned his position as head football coach of the University of Colorado. The legislative powers are vested in four bodies, the Commission, the Athletic Board, the Debating Board, and the General Board. The executive power is vested in the president, vice president, secretary of the associated students, the chairman of the athletic board and the debating board, general manager, and editor and manager of the "Silver and Gold." An elaborate system of education is provided for, and the whole system of government is a complexion one.

CONGRATULATIONS

ALL AMATEUR PRODUCTIONS MUST PASS CENSORSHIP OF FACULTY COMMITTEE

New Method Will be Tried—May Help Both Sides—All Societies Are Working Hard—Miss Norma Harrison is Chairman of Committee

The dramatic activities of the university are being conducted under the supervision of Miss Norma Harrison, of the public speaking department, chairman, Professor Lauer of the German department, and Professor Hunt of the department of English.

This plan was adopted last autumn, in order to promote the cause of both better and more effective dramatic work at the university and to give those participating in these plays a better opportunity for effective training along these lines.

Three all literary societies are, at present, working their plays with the secretarial class, and the general public will be able to gain entrance to these productions under the proper orders of the department.

IOWA RIFLE TEAM IS CLIMBING UPWARD
MAKE HIGHEST SCORE OF SEASON DURING WEEK—MATCH WITH LOUISIANA
Several New Candidates For Places—Other Men Are Making Excellent Scores Putting Some of the Top Places in Hamurd.

The university rifle team finished this week's shoot last night, with the creditable score of 944. This week's match is with the State University of Louisiana and unless the team representing that school is able to match a total much larger than any they have made so far, the ideal crack shots will add another victory to their list. Last week Louisiana made a total of 891, more than a hundred points below the latest score of the locals.

The summary of this week's shoot follows:
Arthur T. Atkinson 98 97 98
Fred Bohrer 92 92 93
Paul G. Tingley 91 93 92
Raymond L. Jasper 92 93 100
George W. Chin 92 95 103

Total 495 497 494
John W. Brooks 93 96 105
Arnold J. Ochs 86 88 103
Bertrand Bl.Work 90 95 100
Leo Chapman 92 95 103
Waldo W. Walker 97 95 109

Total 441 472 414

Room total 306 452 1854

Several new candidates for the team have appeared, and are making the names of some of the older men more secure. M. W. Liu who was a member of the team during the greater part of last year has again come out and will shoot as one of the ten representatives of the school this week. His score of 182 made this week displaces W. W. Walker for next week's match. Several of the new candidates are making good progress and some of them will undoubtedly be named in the line-up of the team before the season is over. V. Van Zole made a score of 198 this week and with a little improvement he will give some of the older marksmen a run for a place. Since last week a steady improvement has been noticed in almost all the men and from now on upward progress is to be expected.

Of the four local teams, the decoration and size of the Eastern Division, the locals' scores are hardly high enough to put her on a plane with the faster eastern teams. In order to get the men in the best possible condition for the next two matches, the gallery will be closed to all but members of the team every afternoon during the next two weeks. Each man will practice at least an hour each day and with this hard work some extra good scores are sure to be made.

Playing to a packed house the participants of the Post-Exam Jubilee made a hit and demonstrated that the adventure was a sure success. The size of the crowd was more than sufficient and the conductor of the band that had the affair in hand. All the seats were occupied and many stood through the long performances without a word of protest. It is this time that the first act of the program has been tried at Iowa and it worked. The Y. M. C. A. are entirely pleased with results.
The program was somewhat long and some of the acts were drawn out a little bit, but on the whole the show worked. The wanted his date to the program furnished by the college a group of university men who have formed a small orchestra and put into operation with it.
Two members of the Philanthropic society put on a grammatical and accurate performance which was received with much favor by the onlookers.
A "Take off on the Honor System" was the subject of a little act by the Cosmopolitan club. The scene represented, a well known professor in the set of giving an examination. He put the questions on the board and left the room. What happened next was startling. The honor and integrity which the students of the class displayed in writing the examination was wonderful. In fact they had nothing reduced to a fine art.
The other numbers of the program were good and according to members of the executive staff it is likely that the Y. M. C. A. will have another similar affair next year. They were

At Minnesota
At Minnesota the Academic Coun-
cil is to be assured that the uni-
versity council, possibly because it is an older organization. The acad-
emical council has charge of all stu-
dent activities in the Liberal arts
college, and it would seem that there as here the L. A. council has secured control of most of the student activi-
ties. From this the truth may be that a university can be ready for a system of self-govern-
ment when the honor system would be an utter failure.

Co-eds at Northwestern university have openly revolted against the sophomores' grade ruling. Anxious, freshness girls recently launched a new morrow without official sanc-
tion. The Fox-Helen concert, at the university of Wisconsin is also asking for a teavision of the rule, so that freshman may be admitted. Few fraternity remain in favor of the sophomore ruling.

CHANGE IN DATE FOR MUSICALS

Y. M. C. A. ADVISORY BOARD MAKES NOTABLE CHANGE IN COMING EVENTS

Heart Hoell and Irene Scharrer Neither Able to Fulfilt Date with Otilka and Ida Divinoff Will Take Places.

At a late date the advisory board received the news that Heart Loell
the tenor who was to give the next recital tonight, and Tuesday, and
Scharrer, the English pianist, who was to come March 4 with Normers
would not be able to be in the same room. However, there is a misappre-
ception prevalent that student self-government and the honor system are identical. This is far from the truth. A university may be ready for a system of self-govern-
ment when the honor system would be an utter failure.
