TRIANGLE CLUB PLAN NEW HOME

To Take Rooms In State Bank Back-To-Be Sometime This Summer.

Announcement was made yester-

day that the Triangle club, compo-

sed of members of the faculty of the state university, would move into its new quarters this summer. In the State Bank back, southeast corner of Central Avenue and Fourth Street, recent ameliorations have been made on the third floor of that building for the use of the Triangle club, and the work was completed last week. The club has been invited to use the room at just what time the club can move in property there. It will be some-

time this summer, however.

Future plans of the club have cleared rooms in the Johnson County bank building on the west corner of Washington and Clinton streets.

STAINBOOKE-WAIL.

Dr. Guy L. Stainbooke and Miss Wailer were united in marriage at this morning at Episcopal church. The ceremony was per-

formed at 11 o'clock by Rev. Dr. W. H. Williams. The best man was attorney Lee R. LeRoy of Waterloo, and the bridesmaid was the bride's sister. The music was performed.

The ceremony notes were the following: The trio course luncheon was served at the home of the bride's mother at 7, south Clinton street.

The program closed with the music "Hunting Dance" by Genee. Here appeared in full riding habit and delight in a realistic way the events of the day. Three times the curtain fell and rose, but the eager audience would let the wonderful dance leave for the last time.

INTERDEPARTMENT BASEBALL.
The interdepartment men will meet at the university Saturday at 4 o'clock to arrange for games this season. From the advance interest shown, there will be more skilful confined players than ever before. The length of the season, and the national game will be played right by representative

sections from all colleges.

LEONARD H. RACKER

LARGEST OF RACKER'S CONTEST TO BE HELD FRIDAY EVENING IN BANQUET HALL OF HAMILTONS' CLUB—CHICAGO.

To the right and left of the stage there floated a sound so harm-

less as to pass unnoticed altogether. The audience, in the theatre, was not aware of the presence of the sound.

The sound was the result of a change in the air. The change was caused by the presence of a feathery sheen that assimilated itself to the air and disintegrated itself into the air.

Mr. Robert St. John, attorney, who is the and depicts in a realistic way

THE TRACK SITUATION.

There is only one solution to the track situation. Coach Kellogg has made us the means on the field. Last night about twenty-five men appeared at the track for at least fifty other men on the field who were down to look on the track and have ball practice. These men should be up on the track getting ready for the Drake relays which are to be held soon. You men who went down there yesterday after being on the track situtation and should rise to the occa-

We know that it takes time and work in this branch of athletics!

There is nothing to be proud of while that does not take time and work and track athletes is work while.

2 PLAYES TO BE GIVEN ON TUESDAY

"The Bishop's Candelestick" and "The Fair Awary Princesses at Auditorium."

This evening the public speaking department will present the first of the plays that they have given for several years. These plays are under the direct supervision of Miss Norma Harrison. She is assisted by Karl Gaskett as stage director. The university has put up a permanent curtain in the Natural Science Auditorium for these plays. The costumes have been ordered from Chicago and those together with the stage decoration charged with the audience will be twenty-five cents. This is a ridicul-

NEW MOVE IS MADE IN THE SCHOOL FIGHT

JOINT RESOLUTION ASKING BOARD TO RESCIND ORDER IS INTRODUCED.

Went over to Committee on Educational Institutions, but will be called up by Senator Crouch this afternoon.

Des Moines, Jan. 2 — A joint resolution was introduced this morning by Senator Crouch asking the state board of education to rescind its order of Oct. 8, last, removing engineering from the state university to Ames and establishing other educational changes in Iowa. The resolution read:

"That whereas, conditions have arisen which make it unfair for the state board of education in carrying into effect its order of Oct. 8 relating to changes in the course of study in the course of study in the different schools under the supervision of the board, therefore be it resolved, that the board of education is requested to rescind its order of Oct. 8th.

Friends of the board say the order will be reconsidered at a meeting to be held tomorrow. Meanwhile a cabled meeting of the state board of education is being held here.

Hacker Drops Iowa.

(Continued from page 1)

1. P. D. Brown, Indiana, "The University and the State."

The Hamilton League is organized permanently, and the above three univestrities will continue to hold these contests, at all probability, without change is membership.

The winner of first place will receive a prize of $100, and the man placing second will receive $10, both of which are paid directly from the treasure of the Hamilton Club.

As the universities in this league are the five reputed to be the strongest in oratory in the middle west, the section known to hold the supremacy in forensic ability, the honor of winning these prizes is no small one.

Hacker will probably return on Sunday morning, and Professor Maury will arrive somewhat later, as he has business matters requiring his attention, and desires to pay a visit to two of his private friends, who reside in Chicago.
