Davenport League

The Iowa Obstetrics and Gynecologic Society will hold its annual meeting in the Senate chamber at the Old Capitol in Madison, Wisconsin, April 19th. This will be the one big event of the year for the followers of the game, coming from the larger colleges and universities in the West. The game has been requested by the athletic authorities at the University of Wisconsin.

Governor Clarke is going to take this time into his schedule the question of the plans of the state board of education. With the examinations coming on, Governor Clarke is very much concerned in the appointment. Governor Clarke must recommend to the Senate the three new men by April 15th, so the assembly has served notice of necessary adjournment on that day.

Governor Clarke has been out of the game Tuesday evening. The game was fairly well played, and Streeter has been out of the game since Monday. With the turn down the weather, the practice has been very much discussed the temperature of the past three years, and Jordan, a recruit battery, would get the team for the past three years. NEW RULES AFFECTING SIX YEAR STUDENTS

CONFERENCES RULES THAT FOR
PRO-SPORTS MEAN COM­PETE FIRST FOUR YEARS

Medals and Laure Will Suffer Most
Further Change-Brought About In
Case of Friction Between Faculty
Men and Athletes.

New conference rules making
necessary that a six year man com­pete
during the first four years of his
course. A medic or a combined L.
A. and law student could not remain
eligible for collegiate athletics sim­ply
by waving the right to graduation in
the L. A. colleges. Non-participa­tion
during the first two years of
varsity athletics would then leave to
the senior student in the L. A. col­lege
but one year to compete in col­lege
athletics. In past years it
has been the custom for six year
men to select from this time these
three years which they most desired
to compete. This rule is now void.

The new ruling will make it neces­sary
for those men to be combined
courses to get out at once if they
expect to compete during the three
years allowed on varsity athletics.
The above rule in a way works a
hardship on the Iowa team but for­tun­ately it comes at a time when
most of the strong men in the com­bined
courses, by getting out this Th
term, will be able to complete the
full three years.

This rule is the outgrowth of frien­dies between faculty and athletics.
A tendency existed to waive the regu­lar
time for graduation in order to
further athletics interest. Another
stimulus to this rule was the desir­ability of men finishing their athletic
work in order that undivided time
might be given to
professional courses.

This rule carries with it some tode­worthy features. It will be impos­sible
for men to select those three
years in which he can best distin­guish himself in athletics simply be­cause
someone else is out with a
stronger lead. He will have to fig­ure it out on the same basis as the four
year man. This will have a tenden­cy to turn out better teams because of
keener competition.
