DEBATORS NOW AWAIT QUESTION

Society Shown by Locals Men Because Question for Intercollegiate is Help Vp.

Two universities in the Central Debating Circuit are holding up the choice of a question for the intercollegiate debate. Wisconsin and Nebraska universities have not yet decided what question to submit, and it does seem that the question in the discussion should be given.

The try-outs are only a little more than a month away, and while there is still sufficient time for preparation, particularly those of the local debaters are growing anxious for the matter to be definitely decided.
