FACED WITH no known competition,
the league rivals and by some
few days. Last week he was in
San Diego doing some work in Botany
research but was called back to Los
where the two hundred
of the State of Iowa
prepared a banquet and
be held in his honor.
Professor Macbride is with him
to enjoy the banquet and reception.
Professor Macbride is away on
will be continued by special investigation in
California. Every now and then
himself with great looks with students of S. U. C.

SOON TO BE IN ASTRON SHOOT

T. T. Drinnon is the First Markman
To Come to the Work.

The Chicago Record-Herald has the
following to say concerning the
and is now

"Frank Konvalinka was the
and the Iowa City high
school rifle team that finished
the "by mail" competition now in
progress among all military and
academic schools of the
United States for the John Jacob
trophy. Iowa City high holds the
national amateur academic
championship, and is booked to win the
thing. Scores are not being
announced, but it is understood Konvalinka's
mark surpass 157.

HIS TOURNAMENT CUP

The annual meeting of the
women's men's Iowa union of Iowa
City will be held Friday, May 7, at
the third floor of the Methodist church.
An attractive program is being
prepared, with Mr. T. A. Wadsworth
as speaker.
The ladies of the Methodist church
will serve refreshments at the close
of the program. It is hoped that
all ladies interested in the union will
plan to present at this meeting.

CANDIDATES FOR DEBATE TEAMS
WILL TRY TO OUT

DESIGNED THAT UNITED STATES
SHOULD REELIGIUM ALL
COUNTRY WILL HOLD ITS
LAST ABUNDANTLY

NOW that the spring has opened
up so that cities can begin to lay
their annual plans, the
speeches are able to work, there is
a demand for much testing of
play, brick, tile, asphalt, etc. The
Engineers are getting a lot of practical
work as the result.

During the past week the
engineers tested brick and tile for the
Brocklin Brick and Tile Company
of Belle Plaine. The city engineer
Mr. O. D. Reagan of Cushing
concrete stone tested here for
Northwestern University. The
City of Clinton is also having
asphalt tested here before they put
in several miles of paving down
this summer.

IOWA ACADEMY
OF SCIENCE MEETS

University Instructors Take Prominent
Part In Nouted Scientific Organization

Professors and instructors of
the state university will take prominent
parts in the twenty-seventh annual
session of the Iowa Academy of
Science to be held at Ames, April
25 and 26. Following are some of
the papers, with subjects, that will
be read by professors from the
university. "The Continuous Supply of
Public Water Supplies Through Pressure in
Rocks" by Dr. Henry Albert; "Tramping About Popular Science" by Prof. E. T. Macbride, head
of the botany department; "The Electrical
Conductivity of Insulators in the	Gases in Allitude" by Prof. J. N. G. Kinzer; "Flowers of the
Tulip Tree" by Prof. H. A. Judd, head
of the botany department; "Some Dangers
in Statistical Methods" by Prof. A. R. Smith, head of the department
of mathematics; "The Problem of the
Vision of an Illusinated Surface"
by Prof. E. R. Caldwell, manager of
the Iowa City Gas and Electric Co.

Mr. Caldwell has had wide
experience in the electrical field
and is ready to speak on this subject.
Everyone is interested in his
attendance.

S. L. Physical Director of Women
An Attend Physical Education
Meet.

Miss Alice Wilkins leaves to
night for Chicago when she will at
the second annual convention of the middle west society of physi-
ocultural education and hygiene. The con-
vention will be held at the univer-
sity of Chicago Friday and Saturday.
Although this is only the second
of this society, it has at-
ttracted the attention of scholars
and physical directors all over the United States. An extensive pro-
gram is arranged to last during the
two days. Every phase of physical
training will be discussed and much
is expected from this convention.

REAL ESTATE

For sale or rent: Large
of city residence, vacant lots, and
farms. Also stock of merchandise.

H. S. HOME MEET COMES SATURDAY

CLASSES WILL BATTLE FOR THE
SCHOOL CHAMPIONSHIP ON
IOWA FIELD

With the announcement made yester-
day that the high school home
meet will take place on Saturday af-
term, the high school track
students are harder at work than ever
and are beginning to take a
line of the possible point winners.

There is a great deal of hope being
induced but the chances between
the three upper classes seem to be
more even this year than ever be-
fore. It is highly probable, however,
that the classes will finish in the
usual order, beginning with the
upper first and then on down.

The sophomores will lose a good many
points with their loss of Powers, who
is down with the mumps and will be
unable to compete. From this,
everyone seems to be in true
condition.

The order of events has been an-
ounced as follows:

110 yard dash, shot put, mile run,
low hurdles, broad jump, 110 yard
dash, discus throw, high jump, 200
yard dash, 880 yard run, half mile
run, half mile relay.

NOTE: ESPERANTIST TO VISIT UNIVERSITY

COMES UNDER AoNIPS OF COMSOPOLITON CLUB

 Returns to America After Four Years' Absence—In President of International Esperanto Institute—Author of Several Works.

Prof. Elard Privat of Geneva, Switzerland, the eminent French poet and esperantist, will come to the university the first of next week, the exact date to be announced later. He will lecture here under the auspices of the Cosmopolitan Club and at the invitation of President John G. Bowman. Privat received his doctorate from the University of Paris four years ago and is now on the way to the World's Peace Conference, where he is to be held in St. Louis May 1-4.

The university is fortunate in securing this linguist of international reputation as a speaker to the students. Mr. Privat is the founder and president of the International Esperanto Institute, an organization for training and using teachers of the universal language throughout the world. Since his last visit to America he has become the author of several works published in different countries, and has been a member of the Linguistic Society of Paris and more recently of the University of Geneva. He is now preparing a new textbook and is teaching at his own institute. He has made much progress in this movement, among whom he is considered one of the few able scholars. An address which he delivered at the Seventh Esperanto Congress in Antwerp before 1800 representatives from forty different nations, was immediately printed and enjoyed a wide circulation.

Preliminary exercises were conducted by Miss Booth in the shops and the second meeting was held at the University Club. Thirty-eight persons attended.
