Miss Spence led the morning ser vice of 9:30, church service being held later at the Presbyterian church. The conference Vera ser vice was held at 9:40 in the after noon.

This conference was a great suc cess in every way. It was the first which has been held in the state, and was attended by women from all over Iowa, as well as from Iowa City.

The meeting place for next year has not been decided upon yet, but it is well that we have that information available to us.

BINGO END PLAY

NOW WELL IN BAND

Best Sale Promises to Be Large—Miss. William President of Success.

Seats for the Irving-Bro play "Miss and Mrs.," which is to be held tomorrow evening, go on sale at this morning at 6 o’clock. Advance tickets have been well and large and it is thought that the house will be well filled by tomorrow noon. Members of the boys’ section have sold tickets exchangeable for reserved seats at the box office for the past week and from the number of tickets that have been distributed the manager predicts a large crop. No university dramatic production has been staged for several years and the chances for the presentation of the Irving-Bro venues seems opportune.

Miss Willard who is coaching the ensemble of the Irving-Bro production is well and the play was well in hand last evening. The members of the cast have been working consistently for the more than a month and it is said that they have succeeded in getting into the parts remarkably well. The play gives opportunity for some especial parts for the lyric and musical work, and the actors of the cast have interpreted their parts with well high precision.

STAY AWKIE

This afternoon, if the weather
man does not collect too seriously
Iowa City play around the Iowa
Diamond. There is one thing this
is discouraging to say the least.
The crowd starts to leave the
bleachers at about the sixth inning and by
the time the sixth has arrived the spec-
aator seats are nearly empty.

Last Saturday the ninth inning
was the most exciting of the entire
Iowa-Illinois contest, yet as soon as the
score was tied in the seventh, the
crowd became restless, left the
bleachers and many of them left the
field entirely. It is certainly hard
for a team to have a chance to win,
when the spectators who do not have confidence
enough in them to believe that they
can make one score in two innings.

Another thing that the crowd has
the habit of doing is crowding along
the running track, dangerously
close to the field, and right under
when a long drive clears to the foul
line on the left side would have been
impossible to get because of the
bleachers. The bleachers are put up
for the benefit of the spectators. You
pay your money for a place to stay.
There should be enough Iowa
not to leave till the game is over,
no matter how the score is go-
ing. Michigan and other large uni-
versities have a man from the
field till the last man is out. Let's
have this at Iowa. You do your
part at the next game.

J. P. Nickelson, who ran hurdle for

sylvania Relays Games, tied the
world record in the preliminary heat
of 15.5 in the preliminary heat. He
was disqualified in the semi-final for knocking down too
many hurdles.

Glick Chosen as Secretary

Was Elected as Position in X. O. L. at Meeting Held at Oberlin.

George G. Glick was elected secretary of the Northern Chapter of the League for the ensuing year, at the meeting of the league which was held after the contest. This office is considered by far the most important in the league. Claude E. Clark of Oberlin College was elected president, and A. C. Reis of Wisconsin, treasurer.

All members of the officers are paid to the annual meeting of the Northern Chapter of the League, which will be held at Wisconsin next year, and at Iowa City the year following.

Glick’s victory at Oberlin broke the tie which had existed between that college and the university, giving Iowa fourth place in the league.

A board of oratory and debate has been established at the University of Illinois for the purpose of which is the control of forensic activities. The board will be composed of six student members, three alumni, three faculty members, and three ex-officio members. The change will put the control of these activities entirely in the hands of the students.
