BEGIN BALLOONING FOR "STAFF AND CIRCLE"

TWO-ONE NAMES PRESENTED TO SENIOR CLASS SOCIETY YESTERDAY

Final Ballot Is To Be Taken Today To Choose the Twelve Junior Girls Who Will Complete Senior Organiza- tion Next Year.

The informal ballot for "Staff and Circle" candidates was announced yesterday, aborning a list of twenty junior girls, from which to be chosen the twelve who will receive the distinctive honor of composing the "Staff and Circle" society in 1913-1914.

Twelve names only were selected on the informal ballot.

And, however, a good time was enjoyed by the twentieth and twenty-first names, and accordingly it was decided to present twenty-one to final ballot on Monday.

Three of the informal ballot list will be voted upon today as follows:

E. KIPP WILL SPEAK TODAY IN PIESHEN HALL

Professor to give First of His Series of Lectures on Electricity.

Dr. C. T. Knapp, Associate Professor of Physics of the University of Illinois, gives the first of his pub- lic lectures today at 4:30 in the lecture room of the Physics building. The subject will be, "The Positive and Negative Carriers of Electricity."

The conduction of electricity through gases has become of such importance as it is generally understood that the first step set forth at Lake Geneva. He speaks of smaller colleges who had sent fifteen or twenty men, and then declared that if the university of Iowa would send fifty delegates to this meeting he would have no fear for the future character of the students and graduates of this great institution, and the same holds true for the future of the students and graduates of this great institution.

ROK TO ENTERTAIN WHITBY SOCIETY

Erodalians Will Hold Reception in Honor of Girls of New Literary Society.

Indicative of the fact that a new spirit is pervading Iowa town is the preparation for the reception to be held in honor of the Whitby girls, to be held in Liberal Arts drawing room, from 4 to 6 o'clock this evening. The girls of Erodalians are lending every effort to make this an attractive occasion.

The formal part will be followed by flowers in the colors of the various societies. The reception committee have been fortunate in finding for the entertainment of the guests talent of distinct merit.

The program is composed of the following numbers:

- "The Eagle"--Mary L. Mothersfield
- "Spirit"--Alma Adeline Nelson
- "The Legend of the Lily"--M. T. Knipp, Associate Professor of Physics
- "To the Land of the Leaf"--Arthur Paule "Barholm"
- "The Legend of the Lily"--M. T. Knipp, Associate Professor of Physics

On Wednesday evening at 10 o'clock, President Lowell will speak to the students of the State university and law school.

On Friday of May 15, a special reception will be tendered students of the College of Applied Science and faculty. Other receptions planned along with the announcement of the reception for President Lowell, will be announced later.

A CORRECTION

An error has been made in the past of the Greek play announced in yesterday's Daily Illinois. The Arius Aire is to take part of the goddess Ariciae, who "utters the knot" dramatically at the end of the play. The character, and the unique ending of every scene in the second of the utterable features of the play.

A RARE OPPORTUNITY

Doubtless there are many men in the university who are aware of the splendid opportunities presented to them in this great university to Lake Geneva, Wisconsin, conference. Here the college man has a chance to come in contact with representative fine students of all the colleges and universities in this section of the country, and to rub elbows with college men whose lives exemplify that which is high and worth doing in life. Secretary Williams is exceedingly anxious to have Iowa represented by a large delegation, and every Iowa man should see that it is very

great privileges to be counted among the men who will compose the Iowa delegation. We suggest that every student inform himself with regard to the benefits that can be derived from attending this year’s conference, and we know of no better way of doing this than by talking to our local secretary.

Last night’s banquet was very entertaining to those in charge, and the local organization is confident of having a good representation of Lake Geneva, both in point of numbers and quality of men. The Geneva delegation is a sort of dimension of the ideals of the men of the various institutions, and here is a chance for Iowa men to prove that they are of the right sort.

Students in the school of journalism at the University of Wisconsin will read and study Paris daily newspapers next year.

EAST JUDGES WIN

The fine and fitting final of the
team at last met last evening at
Chase hall, with the result that the
Zeta Epsilon wins over the unanimous
decision. The men discussed the
distinction election of United States sena-
tors, and each side put up effective
arguments. The strongest proposition, while the Zeta contested that the present method was the one
that should be used.

A feature ambition to hear the men, in spite of the fact that the
Girls’ Glee club was holding a concert in the Natural Science au-
mnatorium. This concert was repre-
ted by Anderson, Madison, and
DePrees, while the Zeta were
Hanna, Hildebrand and Hobie.
The men all did excellent work, and judges were Professor Deming, At-
torney Miller and Dr. Brownson.

Alva Ersk, of Wisconsin Univer-
sity, who won the oratorical contest
at Oberlin, was granted a scholar-
ship and an expense for Oxford next September.

NOTICE TO CARRIERS:
This afternoon the regiment will go out as usual. Regimental parade will be the order of the day.

IOWA-AMES GAME WILL ENLIGHTEN STATE FANS

**CONTEST ON DIAMOND TOMORROW WILL BE IMPORTANT IN STATE SERIES**

Ames Rooters Are Enthusiastic Over Their Prospects — Zimmer May Twirl for Iowa—Koons Out on Account of Sprained Ankle.

Fresh from a recent triumph over Cornell, the Ames basketball club will appear on Iowa Field tomorrow afternoon for an engagement with the Hawkeyes. This contest will be a certain extent give the rooters a better line on the team which has the best chance for the state championship. With Cornell almost out of the running, after suffering two defeats from the hands of teams in the state, and the Aggies losing one to St. Louis, the chances look bright at the present time for Iowa to carry off the honors again this year.

The Ames rooters are betting their claims principally on the ability of Captain Levison to win the majority of his games. He has been doing well in the games in which he has played this season, but with the batting eyes of the locals improving as they have in the past two years, he will find strong opposition tomorrow.

Either Zimmer or Ingham will be the choice of the twisters to take the long end of the score for the team of Old Gold. Zimmer is rounding into old-time form, and his work in the Cornell game was of the very best. He was a public in the Aggie outfield in the game last year, and he will probably be called upon to repeat his past performances.

Hastings is the only regular who will be unable to don a uniform, as his sprained ankle is still bothering him. His hitting would strengthen the locals considerably. Recknizer is taking care of the restful position. Like a leaper, and is hitting the ball better than the majority of the members of the team.

**GEOLOGY FIELD COURSE**

Class will assemble Saturday morning at 11:00 at the Burlington street station, one block north of College street bridge. Trip by trails to solon.

**EDDA NOTICE**

The Editors society will hold their annual picnic up the river Saturday afternoon. The boats will leave the boat house at 2:30, rather than 2:00 o'clock.
