SOPHOMORE PHYSICAL EXAMINATIONS GIVEN

DIRECTOR SHRODER RUNS MEASURING STRENGTHS OF SECOND YEAR MEN

(Supports Made With President's Fund.)—First Time Such An Examination Has Been Held

—Statistics Published Next Fall

During these rainy days Physical Director Shroder is taking physical examinations of every sophomore in the university with a view to determining what progress he has made during his two years in the university. This is the first time the examination has ever taken place and the 146 men concerned are greatly interested in their physical condition. When all of the results have been taken Mr. Shroder will combine the data and publish the statistics.

The strengths, weight, and height of the men are measured. The heart is examined by a thorough going through the records taken when the freshman entered the university. One thing which is being taken into consideration is that when men came here they were rested after a summer vacation; but since this is the first of a seniors school year the results of the men of most of the men are out 10.86.

The results of this examination will not be published until next fall.

STUDENT VOTERS

Be a Real Booster and Vote for a Plan that is Up to Date and Progressive

The Present System has Outlived its usefulness

YOU know what the Commission plan of government is.
YOU know its history in the United States and you know it is a success.
YOU know the insufficiency of the arguments against the plan and you know how baseless are the fears of its opponents who maintain that they are against it only "because it puts too much power in the hands of a few men."
YOU know the conditions in Iowa City and you know that the Commission Plan of government will better them.

There are over Two Hundred Voters registered in the University. These Two Hundred Voters can control the election and they hold the fate of the Commission Plan in Iowa City.

PROFESSOR HILL LECTURES

Prof. J. B. Hill lectured to the Iowa chapter of the American Institute of Electrical Engineers last week on "What the Technical Graduate May Expect." The varied experiences of the new graduate, and the many things he must encounter before reaching a high place in his profession, were all set forth in a whimsical, yet entertaining manner.

PAYORA ENTERS TWO MEN FOR BIG MEET

Harper and Cales Will Enter All Events and Weighs—Both Fast Men

The first entry for the intercollegiate meet, to be held on Iowa field Saturday, May 11, was received by Manager Kellogg yesterday. It was from Payora high school, who are entering two men, Harper and Cales. Harper will enter all of the sprints and Cales will participate in all of the weight events. Although this team is composed of only two men, it is understood that they are both fast.

John Markert, M. '15, has just returned from a visit to Lincoln, Iowa, where his mother is seriously ill.

**MISS HARRISON GIVES RECITAL**

Will Hold "A Dawn of a Tomorrow" In Liberal Arts Hall

Miss Norma Harrison, instructor in the public speaking department, will give a recital in the Liberal arts assembly hall this afternoon, at four o'clock. Although the program is especially for students in public speaking, anyone is invited to attend. Miss Harrison will read from Seneca's "A Dawn of a Tomorrow.

The story is of a man of wealth who hires of all and decides to sail for India. The accident occurs in London. Before he takes his life, he drags into the poorest district of east city and says contact with the noted character, "Glad," the little girl joy of the streets. The brave battle against the odds is a display of the author's method and excellence in their work. It is one of a series of famous recitals to be given along lines of literary interpretation.
