SIX RECORDS SMASHED IN BIG FIELD MEET

Most Successful Meet Yet Held
---Every Event Fought Out to Finish---Time is Fast

On a fast track, with the weather against it, hundreds of people saw the sixth intermittent interscholastic track and field meet, in Iowa field yesterday. Not only the history of the track meet was made, but it was the biggest meet ever run with such gratifying results. Every event was won without a ripple and each event was entered and finished at the advertised time.

Six intermittent records were broken: Hoyt of Greenland starred in the javelin, clearing the country dual meet, during the time to 30 seconds fast. After he entered the hurdles of 27.5-2.0, Hoyt was on the run. The first one for this yesterday was the 220 yard dash, injured, having the record of 20.7 held by H. Dutton of Cedar Rapids. This record now stands 22.0-0.3 seconds. Hoyt of East High, second fastest in the 440 yard dash of 44.5 by Victor of Cedar Rapids. This time will be scored 44.5-4.45 held by Victor of Cedar Rapids. The first one for this yesterday was the 220 yard dash, injured, having the record of 20.7 held by H. Dutton of Cedar Rapids. This record now stands 22.0-0.3 seconds. Hoyt of East High, second fastest in the 440 yard dash of 44.5 by Victor of Cedar Rapids. This time will be scored 44.5-4.45 held by Victor of Cedar Rapids.

The javelin record of 4.45 held by Hoyt of Greenland starred in the javelin, clearing the country dual meet, during the time to 30 seconds fast. After he entered the hurdles of 27.5-2.0, Hoyt was on the run. The first one for this yesterday was the 220 yard dash, injured, having the record of 20.7 held by H. Dutton of Cedar Rapids. This record now stands 22.0-0.3 seconds. Hoyt of East High, second fastest in the 440 yard dash of 44.5 by Victor of Cedar Rapids.

Sabins' Educational Exchange

HARRY SABIN, owner. MR. JOHN SABIN, Sec. and Treasurer. Chicago, Illinois. Iowa

For twenty years we have paid particular attention to securing good positions in all the western states for experienced graduates. Before sending anywhere send for our papers. Read them carefully; learn our exact terms; ask former graduates about us before you leap; that is our only request. Is it not a fair one?

ROCK ISLAND GETS ALL
MECHANICAL ENGINEERS

Entire Senior Class Will Go Into the
Technical Department of the
Road at Once

The S. T. L. engineering graduate is coming into his own.

All of the graduates of the mechanical engineering department in the University of Iowa have been placed under contract by the Chicago, Rock Island and Pacific Railroad to enter the mechanical department of that corporation next month.

This news was received at the university today. It is considered by the authorities as a marked recognition of the efficiency of the University of Iowa's college of engineers.

The faculty members also believe that the seeking of Iowa's graduates by the Rock Island railroad shows recognition of the college men by the great corporations.

Immediately after commencement, June 11, the entire mechanical engineering class of the university will report to the Rock Island railway.

FOB RALEY—Dentist Laboratory will close completely, practically now. The office at 318 Church St.

OCTAYE THANET ELECTS

The Octave Thanet Literary Society elected officers last evening for the first term of next year. The following officers were elected: Buda Steiner, president; Blanche Bishop, vice-president; Kenneth Burke, secretary; Gertrude Taft, treasurer; Myr- eda Tudor, corresponding secretary; CharlotteMadrock, critic; Harriet Root and Hazel Penrose, correspondents-at-large; and Norma Edelmstein, historian.

LAST—A Monroe's Postcard pen. Law 75. Return to Daily Iowa office.

Are you going to be a part of this summer and leaf? or work away the chin down for two dollars a day? Would you rather work from the chin up and make five times this amount? This is your chance to do so. We WILL ALSO HELP YOU ORGANIZE THAT BRAIN POWER WHICH YOU HAVE BEEN DEVELOPING ALL YEAR AND TURN THE SAME INTO MENTAL DYNAMITE. This will stir up the desert and help you find the gilt mine, both of which are located under your hat.

GENTLEMEN

If you have any desire to make for yourself from $350 to $1000 clear this summer. If you have ambition to develop leadership in dealing with men, making them come your way and think as you think, feel as you feel and act as you want them to act, then consider and investigate my proposition.

I have given contracts to 200 hundred men in the last thirty days. I still have considerable desirable territory open but this will not last long. I WILL PAY ONE OF A HUNDRED MEN. FROM IOWA WHO WILL MAKE OVER FIVE HUNDRED DOLLARS THIS SUMMER.

I do not want you to sell books or any other dead proposition where the man to create your own demand and sell your talk or use the sympathy (working through college) armorer, and persuade the people to do a desirable act and buy something they do not want and will never use. Because these kind of propositions have been all that is usually presented to the students. But work you are just prepared against evas- vasis for you know that it is next to impossible to make any money with them. Any men who could make $100 selling books can easily make a $1000 with my proposition.

I DO NOT WANT YOU TO PEDDLER OR CANVASS. I WANT YOU AS A REPRESENTATIVE OF THE HOUSE TO DRIVE THROUGH THE COUNTRY AND TAKE ORDERS FOR SOME SEED CORN DRYERS YOU HAVE NO DELIV- ERING OR COLLECTING TO MAKE—Delivery is made at a future date as the company directs. The demand for this proposition is already created. Every one is praising to the farmer to take better care of his soil and to pick it early. He is picking it early and knows he must insure strong sure seed but to hang it up so that it will dry quickly and evenly is a tedious, bothersome and much disliked job. AS BOOK AS HE SELLS THE DRYER, HE SELLS ITS UTILITY TO HIM AND THE LOW PRICE CAUSES HIM TO BUY AL- MOST ON SIGHT. WITH in his children will not want a seed corn. YOU WILL BE PRESENTING A PROPOSITION FOR WHICH THERE HAS LONG BEEN A WANT. IT is a need and a convenience and will make you money. YOU WILL HELP INCREASE THE CROP OF IOWA.

TWENTY FIVE PER CENT.

It is just as easy to make big money with this proposition and be happy as it is to barely exist and be discouraged with a dead line.

We pay you thirty per cent commission and give you a ten per cent bonus. Half of commission advanced on the order the other half when the delivery is made. We guarantee prompt delivery and you can look up our standing to make you feel sure of a square deal (50 per cent commission if you deliver.) Our contract is simple with no "ifs" or red tape. The men say it is just what they have ever seen. You can get a commission on orders coming from your territory.

The Sime seed corn dryer is a new proposition more simple and cheaper than any other on the market. We have one hold two hundred ears. Average sale to farmer is for six dryers which cost him $8.50.

THIRTY FIVE. WILL YOU BE ONE OF A HUNDRED MEN FROM IOWA WHO WILL MAKE OVER FIVE HUNDRED DOLLARS THIS SUMMER.

This proposition looks as pleasant as a proposition ever did. We have a simple, easy, and sure proposition which will make a man many dollars. The proposition is as follows:

HOLD THE INCOME TAXES OF IOWA AT $100 PER YEAR.

Every farmer, manufacturer or merchant is paying taxes to the state. Our proposition is to collect the income tax and pay it back to the farmer who has paid it.

If you are the right man for the proposition, we will send you the necessary literature and you can start your orders immediately.
