BUSH ON OCEAN. HERE NEXT WEEK
Head of the French Department De-Par in Paris and Will Not Arrive by Tomorrow.

Prof. H. F. Bush, head of the French department, has been depar- ted for Paris since his return trip and will be unable to hear his classes tomorrow due to the fact that at that particular time he will be visiting the home of his cousins in Iowa City and U. S. L.

Last February Prof. and Mrs. Bush left for France in order that the professor might continue his studies of the language and literature of their native country and keep up with the changes and advances made in the modern French. He had a leave of absence from the university until this fall. However, he was taken sick with rheumatic fever some weeks ago and although not seriously ill was in no condition to undertake an ocean voyage. Word has been received from him that he will be back in the city and ready for business sometime in the first week of October. During his absence his classes will be divided among the other instructors of the department.

MORE MEN WANTED.
A good number of men are trying out for positions in the university band. While a great many are tried and the size of certain positions in the band is limited, some men in bands and clarinet sections are needed at the present time. Giving to the fact that several members of these sections will not be in school this year vacations are left and they must be filled to give the band a good balance.

Gymnasium Lockers
The locker fee for one year is $1.10 and must be paid at the secre-
tary's office. A lock will be sold to each man for 50 cents at Mr. Schroeder's office. Those locks will be master key and all other locks will be allowed. Clean towels will be placed in each locker each day by the janitor holding the janitor key.

PHYSICAL EXAMINATIONS
Enrollment requires that all men entering classes be branches of liberal arts and applied science must take a physical examination. Immediately upon registration a student shall be made by interested Schroeder at the Armory.

HIGH MEDICINE STANDARDS HELD
ABOUT SAME ENROLLMENT AS LAST YEAR—MANY CHANGES MADE IN BUILDINGS.
Dr. O. T. Moody, dean of the college of medicine, in an interview stated yesterday that although the registration would probably exceed that of last year, the medical faculty, with the exception of a very few, were the same. The loss of students due to World War was not serious, and the college would be able to function well.

GEOLOGISTS MAKE SUCCESSFUL TRIP.
CLASS DOES GOOD WORK IN NORTHEASTERN IOWA UNDER PROF. PROTHORPE.
Many Interesting Things Studied.
Jesuits and east mines visited.
The party established several camps along the Mississippi River and spent a week on a bluff overlooking the river and moved freight from one place to another using the steamboats and by the ever accommodating rivermen.

FRESHMEN MIXER AT ARMORY MONDAY.
FRESHMEN SHOULD NOT MISS THIS SOCIAL EVENT—EVERY BODY GETS ACQUAINTED.
Miss Florence Ensign has been arranged for Monday evening, Ballroom dancing, gymnasium exhibits, etc. Be sure to be there.

b) Evening—Wrestling, Body-building, Matches, Gymnasium Exhibits, etc.

For Miss Florence Ensign is expected to be on hand to welcome the new men. Capt. McMillin, of the football team, Franklin H. Mannack of the Y. M. C. A. and other prominent university men will speak. Secretary Williams will preside.

The mixer is expected to start about 9:30 and to give a warm welcome to the new freshmen.

EODE SOUR-BOOKS
An innovation has been advertised by the Y. M. C. A. in its service de-
partment. The association will not sell to all second-hand books brought in. This idea is in practice in many other institutions, Illinois and Wisconsin for example. Those desiring to sell books will bring them in marked with the price desired. The association will register them and sell at the price marked, charging five cents in the sale for the use of each book.

For Miss Florence Ensign is expected to be on hand to welcome the new men. Capt. Jackson.

FOOTBALL EQUIPMENT
All freshmen and varsity men can get call at Manager Keeling's office on the third floor at the armory any Monday afternoon to get equipment.

FOR MISS CHURCHILL
Miss Helen Herberg entertained a group of friends Thursday evening at a shower for Miss Florence Churchill whose mar-
riage to Dr. Harvey Black was an
arranged for Polytechnic last week. Dr. Black, whose home is in Wirt Liberty but who has a fine practice built up in Davenport, is a graduate of the Uni-
versity dental school in the class of '11.

TO PLAY BALL.
All athletics will continue, and in fact other bases of athletics and track work in the spring are urged to get acquainted with "Jack." A Wines is as well as possible. Fall track work will start right away.

IOWA IS IN CHARGE OF H. S. DEBATING.

High School League Composed of Fifty Members—Big Class Here.

The department of Public Speaking is in charge of the Iowa High School Debating League this year. The league is composed of about 16 high schools, over the state, that are not debating teams. The various teams act out their turn in action. It is termed the Championship Debate. The controversy held this year at Iowa City, in the X. A. auditorium, was the time of the Intercollegiate Academic Contest. To the winning team, the University gives a handsome lyceum cup. The business of the League is under the care of a: Executive Committee the members of which are Professor D. E. Merry, Chairman, Dean O. E. Bailey, Head of the Department of English, and the Superintendent of City Schools, A. A. Forge. The question will be debated this year by the same team that debated the last year, Federal Incorporation Charities.

ALUMNI ORGANIZE FOR REVIVAL OF ATHLETICS.

Start Made Late Week Promises To Do Great Things for the University Sports Situation.

The Iowa alumni have gotten together for the housing of athletes. The tenth day of this month saw the incorporation of the Iowa Alumni Athletic Association for the advancement of clean athletes at the university. The organization is new but its promise is great. W. E. Purcell is president of the association, W. O. Coast is vice president and D. H. Osborn is secretary and treasurer.

A board of directors consisting of W. E. Purcell, W. O. Coast, Max Mayer, W. H. White, John Ross, H. M. Hardware, and D. H. Osborn has been elected to control the association. The men are already at work to make the work a big success. Clean athletics here is one of the things that will be sought for. Bringing good men to Iowa is another of their purposes. The association is very young but by the next summer it will probably number among its members many of Iowa's prominent athletes of former days.

HAY NEW QUARTERS.

The Public Speaking Department will have new quarters this year in the Old Hall of Physics. Professors Merry and Miss Harrison will have their offices on the second floor, and the large auditorium will be used exclusively for Public Speaking Classes. The Intercollegiate Debaters will be given a room, in the basement, for their exclusive use.

TO GIVE CREDIT.

No University credit will be given this year for work in Public Speaking, except for work pursued in regular classes.

We’re Ready To Play The Good Clothes

A careful, conscientious study of the prevailing styles, has convinced us that we must not mistake in pinning our faith to clothes from Hirsh-Wickwire & Kuppenheimer

Likewise, a careful inspection on your part, will convince you that here, and here alone, are garments which are both pleasing to the eye and critic-proof from a standpoint of quality and worthy workmanship.

Right now we wish to extend to everyone in the University, an invitation to make this store his clothing home. We want to meet you and know you personally. We want you to feel free to come here at any time, not simply when you have a definite purchase in mind, but whenever you happen to be in our vicinity.

Our main idea, as good business men, is to sell clothing—we care for friendships and acquaintances too. An ideal combination of both is just exactly what we are looking for.

And because such an announcement as this would be incomplete without telling you what these good things will cost you, here’s our complete price range, and from the lowest to the highest, every dollar spent with us represents just so many dollars worth of that before mentioned quality.

$17.50, $20, $22.50, $25, $27.50, $30

F. S.—For the man who seeks high quality at even a lower figure we offer a line of exceptional value at the popular price of $15.00. Some even lower and all guaranteed to give a full measure of service.

Merchant Tailor Clothes Look Better—
They Always Have—They Always Will

That elusive something called STYLE cannot be made in a factory.

Good tailoring—the draping and cutting and modeling of cloth—is an ART, nothing less.

Every good merchant tailor believes this with his soul. I KNOW it from my own years of experience and patience and skill as a craftsman.

I know that merely to FIT is but a small part of a good tailor's art.

The RIGHT sort of clothes—the clothes YOU want—appear as much through FITNESS as through FIT.

Through an air of distinction and elegance, a good tailor can express the best there is in you. I can make your clothes bespeak CLASS. I can preserve INDIVIDUALITY. I can give PERSONALITY a chance.

You want such clothes and they can be had in only one way. They must be cut and made EXPRESSLY FOR YOU, from faultless fabrics, by that artist of merchants—a merchant tailor.

These are tailoring FACTS. In neglecting them you wrong Opportunity.

University professors the past summer spent their vacations, almost every conceivable spot from Maine to California, in Europe and Alaska. Some were gone all summer; a few weeks, while some were merely out of the city, not on a vacation, but on another teaching job of writing in the east. The university president, John G. Bowman, was one of the latter kind who combined business with pleasures. He spent three weeks in New York City and eastern points, but was back much of the time. Following is a partial list of the faculty and where they spent their vacations:

Charles R. Wilson, Michigan.

SCHOOL OF MUSIC IS GROWING RAPIDLY

OLD IOWA EVENT BUILDING TO BE ADMINISTRATION BUILDING FOR SCHOOL.

Second Time Store Room Has Been Needed Since Professor Schottw Has Been Here—Big Things Anticipated This Year—Starting You Right.

It has been found necessary to again enlarge the quarters for the school of music. This is the result since Professor Gustav Schottm took charge of the school that more room has been needed. When the school was started under the direction of Professor Schottwe the little brick building north and east of the science hall was adequate. Later it was necessary to occupy the old building by the side of the former the Clinton street. At the beginning of a new school year the school will have quarters in the hall exceed the past two years by the Iowa State.

Director Schottwe promises to put the school on a much better footing. The studies of Miss Agnes Plankt, and Miss Myrtle Wood, teachers of piano, Mrs. Marie De Sante Riedle and Miss Mae Prefft, teachers of voice, Mr. W. T. E. Riedle, teacher of violin, Mr. W. T. F. Riedle, teacher of public school music and Doctor O. E. Vanhoven, teacher of band instruments will all be in the two old buildings. The offices and studios of the Director will be in the old building where quarters are being repaired, and the Chautauqua Choral Society and the University Orchestra will meet permanent quarters in the new building, and will now have a home. Both Choral Clubs will use the new building.

All the school of music has been hewn up by the circles efforts of Director Schottwe. It is greatly through him that the school has grown in the three buildings are required for it see Director Schottwe is elected over the growth of the school and promises great things for the coming year.

HAPPY ALUMNI WERE BACK AT HOME FOR COMMENCEMENT.

Registration at Headquarters Last Spring Session at Home of University.

A record breaking attendance, perfect conditions, and the enactments by the society of the annual banquet of the alumni were all of the features of the Alumni banquet, the Alumni banquet, the Alumni banquet, the Alumni banquet, the Alumni banquet, the Alumni banquet, the Alumni banquet.

The registration at alumni headquarter exceeded the 1912 record by 150 and there was an unusual turnout of the older graduates who returned for their class reunions. Clear skies and cool breezes made the conditions perfect for the alumni home banquet, the Alumni banquet, the Alumni banquet, the Alumni banquet, the Alumni banquet, the Alumni banquet.

At the Tuesday alumni business meeting a new constitution is being drafted for an organization which provides for the admission of all former students as alumni. A campaign is now being undertaken to increase our ranks and make alumni of the alumni.

The Alumni banquet was held on the night of the 5th of May at the College Inn, 119 E. Washington St., Washington, D.C.

Yesterday's work continued to light practices. Meloy will not be back in the game—Veteran Backfield Remains Injurt. Except Meloy—Good Outlook.

They're off! The official football campaign of 1911 was inaugurated yesterday morning at nine o'clock when about fifty candidates for the eleven met Coach Hawley and assistants on Iowa field. Saturday, the 26th was the earliest date upon which western conference football coaches might meet their charges. Yesterday's work was confined to light practice in the rutu*lls of the game, interspersed with some exercise.

Their exercises under the direction of Jack Watson who has already brought a power in the Hawkeye camp. This program was repeated in the afternoon at three o'clock.

A change of place was added in the general sartorial situation when it was announced that Pat Mor- ton, star quarter of last year, would be unable to play owing to parental opposition. This is a blow to the Hawkeyes as the coaches had intended building many plays around Meloy whose generalship is unquestioned. The coaches are now wrestling with the problematical situation of finding a capable successor among the can- didates. It has also been rumored about the campus that Kirk, tackle on last year's eleven wouldn't return to school this fall. Information, however, has been received that Kirk would arrive in town tonight in condition to don the caplges. Iowa roosters are also worried over a story in the effect that Green, a star of the first magnitude on the freshman eleven, last fall, had developed a bad case of water on the knee which would materially affect his playing ability this year. Information brought to the Iowa office yesterday afternoon has been passed on to the Iowa correspondent.

Nevertheless, in spite of these discouraging rumors there was much to please. Ralston, a member of the 1911 team, put in an appearance. He should land a place. Max Wilson, of last year's freshman eleven, also put in an appearance. Wilson has decided not to return to school this year but was induced to come owing to the persuasive powers of Captain McNilson who paid Wilson a personal call.

The veteran backfield of last year remains intact with the exception of Meloy. Dick, McGinnis and Parsons put gray hairs in the heads of their mentors of opposing elevens last year, also put in a rousing appearance. The coaches have not made any definite announcements regarding plans for the season. Penningroth, as usual, is the exception; the exception.

At the University, where the great interest will certainly be focused, several candidates have appeared among whom are Brown, Carberry and Hamilton. The coaches have not made any definite announcements regarding plans for the season. Penningroth, as usual, is the exception; the exception.

BY DO MUCH RESEARCH
IN IOWA STATE HISTORY

\[ \text{History of Education in Iowa} \]
\[ \text{in Being Worked Out by Mr. C. H. Aurner} \]

In adding the budget submitted to the superintendents of Iowa, the board of curators of the Iowa State Historical Society during the past year, the secretary of the society has made possible plans for historical investigations, including the publication of applied history researches. Perhaps no other state in the union has undertaken systematic research upon such a comprehensive scale. The appropriation, voted by the Thirty-Fifth General Assembly, will be advanced with vigor. Among the volumes which will be published and distributed to the society during the coming year will be a "Biography of Senator James Harlan," a "History of Township Government in Iowa," a "History of County Government in Iowa," and a "History of the Quakers in Iowa."

Perhaps the most ambitious single undertaking of the society in the "History of Education in Iowa," which is being compiled by C. H. Aurner. This work will ultimately fill some five or six volumes. At present Dr. Aurner is writing the "History of the Common Schools." With the election of the following persons, the membership of the society passed the 500 mark: J. N. Birdshall, Alden; Mrs. M. E. Callan, Lovellsville; A. C. Cripp, Harlan; A. D. Coleman, Farragut; B. J. Lambert, and Miss Helen Langer, Iowa City; C. H. Lueck, Grinnell; C. C. Marshall, Corning; H. G. Moore, Wellman; C. W. Muller, Waverly; C. O. Saunders, Council Bluffs; Rev. C. C. Smith, Farragut; Harry Thompson, Earlham; H. V. Wilks, Perry; and H. J. Smith, Des Moines. The officers elected for the ensuing year were: Russell Sanders, president; P. R. Horack, secretary, and P. A. Kehoe, treasurer.

MRS. OSCAR E. SWING
Mr. Oscar E. Swing has been elected to the Law school. Mr. Swing received his degree of B. A. at Luther in 1900 and L. L. B. at Harvard 1901. He was the first editor of the Harvard Law Review.
