I desired combination, while art, education, and business was not made before because it was desired to wait until the best possible equipment could be utilized.

President Bowman has worked hard ever since the decision was made for the course here to obtain the needed backing from the department to be found in the United States. After investigating the principal domestic science schools, Miss Ruth Wardell at the University of Ohio was selected.

Miss Wardell was finally persuaded to come to Iowa to start the new department. She has taken hold of the work in a businesslike way and has outlined a course that is as good as the best. The course leading to a degree in this department includes not only work in home economics, but also the usual work in English and foreign language and a requirement in political economy and economics.

The beginning of the department has opened a new field for Iowa women. The enrollment has already been increased, and first indications point to a highly successful future.

FOR RENT—All rooms on Iowa Avenue. Very desirable place. Call or telephone 'The Daily Iowan.'

Pumps—see them at Kestner's.

MRS. KENTVON'S TOILET PARLOR

For years a thoroughly reliable up-to-date place for all kinds of hair dressing, shampooing, scalp treatment, manicuring, facial massage, etc.

Visit and inspect the goods at all kinds for sale.

DOMESTIC SCIENCE

With the opening of school yesterday home economics became a part of the curriculum of the University of Iowa. This is the realization of the dream of many interested in the progress of Iowa. The change was not made before because it was desired to wait until the best possible equipment could be utilized.

President Bowman has worked hard ever since the decision was made for the course here to obtain the needed backing from the department to be found in the United States. After investigating the principal domestic science schools, Miss Ruth Wardell at the University of Ohio was selected.

MAKING MANY CHANGES MADE AT ARMORY

Building Put in Readiness for Student Use—Better Sanitary Conditions Throughout.

Thoroughly cleaned and furnished throughout, the armory is now ready to again receive the students. Several changes have been made look toward the better accommodation of the men who do gym work. An ample supply of hot water has been assured by the installation of the new boilers and a new storage tank. Great inconvenience was caused last year because of the fact that when any number of men desired to use the showers at the same time, the hot water was sure to become exhausted.

Two auction fans have been installed in the locker room. These fans will circulate the air through the room and do away with any disagreeable odor. This will do a great deal toward making the rooms comfortable. A new shower has been installed in the locker room so as to extend far enough in the locker room so as to extend far enough.

The floor of the armory has been repainted and the lines made back so as to assist with the physical examination of freshmen during the fall. The floor of the armory has been laid out in a new arrangement.

There will be no Interdepartmental football games this year. It has been found that there are many entries from football games between the colleges and the athletic department, which it is advisable to stop this year.

There are several reasons why injuries are more prevalent here than in any other phase of the sport. The principal one of these is that the men are not in physical condition to do such violent work. Another difficulty is that the men are not in proper shape for the contests.

Oct. 5-Iowa vs. Ohio State, 8:30. Iowa will have a new football team this year. Ten new players will be in uniform. Great success will be achieved.

Students who Know Go to TAYLORS For Their Ice Cream, Candy, Hot Chocolate and Bouillon 16 South Clinton

Wight-Braided

Last Saturday evening at 6 o'clock in Omaha occurred the wedding of Adelaide Griffith Wright of Council Bluffs and Charles Lorain Braided of Iowa City.

The wedding was a quiet one, attended only by relatives and close friends of both parties. The happy pair took a night train for Chicago and will spend their honeymoon at Waterloo, Minn. They intend to live in Waterloo and expect to reach home about Oct. 15th.

Mr. Braided is a son of Mr. and Mrs. O. H. Braided, of this city, and has been for more than a year in the employ of The Universal Portland Cement Co. of Chicago as traveling salesman. Mrs. Braided is the daughter of Mr. and Mrs. Frank V. Wright of Council Bluffs, Iowa and a granddaughter of Louis and Mrs. Joseph Griffith, former residents of this city.

Cheer's Leave Cornell

Because the authorities at Cornell college refused to recognize Greek letter fraternities and sororities last spring that institution is without them when writtenolder per on point of view.

The Iowa Alumni contains a monthly resume of all these events. The folks at home will appreciate this gift.

The Price is $1 a Year

Leaves the subscription in the office of the Iowa Alumni, second floor Old Capitol Building, Head of Stairs.

Remember

The Folks at Home

They are interested in YOU; they want to know all about the University, the class setup, the football games—in fact, almost all the University activities will attract them when written in a condensed form and from the older person's point of view.

The Iowa Alumni contains a monthly resume of all these events. The folks at home will appreciate this gift.

The Price is $1 a Year

Leaves the subscription in the office of the Iowa Alumni, second floor Old Capitol Building, Head of Stairs.
