WIRELESS TELEGRAPHY TO BE STUDIED HERE
Apparatus to Be One of the Best in the State—
Designed to Cover Distance of 500 Miles.

If the Iowa engineers want to dis-
cuss the weather or other subjects
with their friends out at Ames, they
will be able to do it pretty soon—by
wireless telegraphy. The only difficulty
about it, we s‘ll be able to talk to
Annis and Ames can hear it—but
Ames can‘t talk back. Which will
be without subscription.

The electrical engineering depar-
tment of the university is shortly to
install a complete wireless set, com-
posed of the latest apparatus and
worth at least $1000. A short-notice
transmitter will be put up on the
north end of the physics building, and a
wireless set will be installed in it from the
top floor on the of the Old Capitol.
This will serve as an awful, and the
apparatus will have a range of some
five or ten miles.

It will be one of the largest in the
State, possibly the largest. It will be
able to communicate with the
world itself, according to the
theories of wireless telegraphic
telegraphy. The reason for their hearing
the signal from Iowa, the same as most
the wireless stations, is not
transmitting apparatus, and is small
and efficient. The frequency, as
already stated, is 60,000 cycles per
second. The reason for their hearing
their voice in yesterday’s talk, in
the hall, is that an apparatus has been
installed in the university, and a
transmitter has been installed in the
building.

Professor Rigler, Mr. J. A. R. Menaugh,
and Mr. R. M. Kay are interested in
the development of the apparatus
in the university.

TALKS TO WOMEN
Whatever you do, whatever situa-
tions in which you are placed,
always remember that there is one person
who really cares for you, and who
will not let you go—Jesus Christ.
Thus spoke the REV. D. W. Hume,
the regular Wednesday evening
meeting of the Y. W. C. A. at Cope
Hall last night.

"College life is a test of woman-
hood. Here you will meet many
women who do not like you and who
do not like you, because you are a
woman. That is why you are a
woman. That is the test.

The real test of life is to keep
the soul unspotted and to keep faith
with life. This is worth all the
struggle and all the
friendships of the world.

The senior class of the
college is now in
the upper part of the world where
American women are
recognizing and enjoying
their position in society.

BAPTIST STUDENT NOTICE
The number of the Baptist
church, and old
members, will have a
reception to the new men
clube will be held
next week.

Thursday, 7:30 o‘clock, Presi-
dent and Mrs. Bowman, Professor
and Mrs. Key, will preside
at the reception of the
student clubs.

Thus ends the session for
this season.

DENTAL COLLEGE IS
calling for BIG STRIDES

Because of Miss Anna Frick Senior
Class Shows Largest Increase
Iowa has Highest and Most Enroll-
ing Requirements.

With the coming of Dr. Thomas A. McConine, the new dean, and an
increase of nearly fifty per cent in the enrollment, the college of
dentistry is beginning on a new and prosperous course. This registration
has reached the figure of 225, which number 116 are freshmen.

The enrollment last year, the reg-
istration for this year, and the per
centage of increase are shown in the following table:

<table>
<thead>
<tr>
<th>Year</th>
<th>Enrollment</th>
</tr>
</thead>
<tbody>
<tr>
<td>1911-12</td>
<td>116</td>
</tr>
<tr>
<td>1912-13</td>
<td>63</td>
</tr>
<tr>
<td>1913-14</td>
<td>51</td>
</tr>
<tr>
<td>1914-15</td>
<td>32</td>
</tr>
</tbody>
</table>

It is said that the student body is ready to be the
greatest per cent of increase. This is a point of
importance and a matter of interest to all the
students.

Professor Key will be the toast
master of the evening. President
Bowman will welcome the students.

The reception will be held in the
union hall at 8:00 o‘clock, and will
be open to all students.

Professor McConine will also speak.

The student body is at a loss to
what to attend to, and how to
make the best of it.

The first string athletes state of Iowa. No better oppor-
unity for the students to be entertained
with the best in the State.—

MILES 116
1911-12 116 44 44
1912-13 63 51 51
1913-14 51 32 32
1914-15 32

The Hawkeyes are
engaged past years.

The registration to what might be said to be the first
the world where Americans
are recognizing and enjoying
their position in society.

JOHNSON COUNTY BANK BUILDING

LIGHT LUNCHES Better Brain Work

Hundreds of you fellows whose work is almost entirely brain work stuff your stomachs at noon with 17 varieties of roasts, entrée’s soups, side dishes and fancy concoctions and then wonder why in creation you’re so lazy and lazy and tired all afternoon.

You eat too much. You cram your ‘stomach’ so full of grub that it takes all your energy to handle it, and your cerebral machinery has to slow down. Your ginger evaporates and your ambition takes a long, deep sleep. Another half day gone to the bow wow.

If you look around you’ll observe that the great lawyers, the famous surgeons and the keen-brained captains of industry who put over gigantic deals most invariably eat light lunches. If they do any heavy feeding at all they do it at night when the day’s work is over. They figure that an expanded brain is a whole lot better than an expanded stomach.

Give your gray matter and your liver both a chance by eating your lunch at College Inn. Treat yourself to one of College Inn’s Sandwiches, Salads, Cold Meats, Hot Chocolate, Tea, Milk and Coffee, Ice Cream, Drinks, and you will go to your desk in the afternoon as bright and cheerful and mentally alert as you did in the morning.

Excellent assortment and extreme low prices.

FRATERNITY TOURNAMENT
Inter-fraternity bowling centers are the latest things in the world of sports about the university. The frats are organizing teams which will hold a tournament some time this fall or winter to decide the supremacy of the Greeks of the university. Constant practice by some of the most prominent of the bowlers about the city and university has rolled up some high scores at the bowling alley, and probably we think the 250 mark will be passed before very long. This week an average of three games is being taken in the race for the prize hung up by Billy Perceval, or the average score will not be as high as the single score as though scores for three games ran almost to 200.
