OPENING BOOSTER SET FOR FRIDAY

HAWKES TAKES INITIATIVE IN FIRST OF SEASON'S MEETS.

Seating I resultado the Hold on Iowa Field in Afternoon—Natural Science Auditorium to Hold Entertainments at Night.

Five new men answered the summons of the Hawkies club and appeared at football practice yesterday. The activities of the booster club are already being felt over the university and the plaudits of the members are stirring the hearts of many who have missed the earlier meetings.

The second meeting of the Hawkies club was held last night and the morn of the night before was augmented by several new boosters. CAPITAL GRADS PLAN BIG NIGHT

Graduates and former students of the University Plan for November Banquet

Alumni and former students of the University have named a committee for the banquet to be given Friday evening, November 7, at the Savoy hotel, when the Iowa State Teachers' association is in session.

Reinforced by a special faculty lacking, a wealth of talent and the re-occurrence of college sports, the verse star of two years ago, the University Dramatic club stands ready for the most successful season of its long life. At a meeting held last night preliminary arrangements were made for the beginning of the season—a season which will enable the up-to-date members, adept at such as the peculiar feeling displayed. No boosters do the fresher enter the college than they are made to feel at home by the older men.

In the second week of the school year the new men are heaving a specialty preparatory to the first hour of the evening was spent in getting acquainted. Following this, several speeches were given by members of all the class rooms, made instead a part of the college and studying the state university of Iowa.

The spirit of the associated students of Applied Science was much evidence. There is no cause, in a party base of any of the other colleges of the whole university which compares with the husk in the peculiar feeling displayed. No boosters do the fresher enter the college than they are made to feel at home in the older men.

A large crowd attended the reception to the new men and women of the university given at Close hall last evening by the Boosters and football fans. The alumni club was held in the society hall.

Professor A. C. Troubridge of the physics department and Professor A. E. Schlesinger, one of the speakers of the evening. Following the program time was given for everyone to be accompanied. Refreshments of ices, cream, and cakes, were served.

The reception given last night to the new men of the engineering class by the Applied Science faculty was more than the usual success. Some 300 students and faculty members were present, and the way good feeling and happiness prevailed around surely was cheering to the hearts of the freshmen, as well as to the older men.

JUNIOR MIDGE ELECTION
At a meeting of the junior media held yesterday afternoon in the old
spending room of the university, an
administration completing Hermann,
president, half, vice president, and
Miller, secretary and treasurer was
selected to govern the class for the
coming year. Hannah and Higinbotham
were chosen senatorial editor and
manager for the 1915 Hawkeyes. The
races for office were all close—in
not it was necessary to flip a coin to
break the deadlock on one ballot.

Call for Heavy Linemen Becoming
More Insistent—Addition of Chase
and Okey to Squad Encourages
Preliminary Work Now Over.

The initial secret practices of the
season was staged yesterday evening upon Iowa field. Hawkeye
molders who have enjoyed at close
cupping the progress of the team
during the near ten days will now
as he forced to deny themselves
this privilege. The semi-grown
"Jimmy" faithful guardian of the
sperm portal was on duty yesterday to
bar the Inquisitive and was not
slow to inform those desiring admis-
sion that "secret practice" was now
the order of the day.

The squad was augmented yester-
day by the appearance of Chase, a member of the 1916 "Kitty" until
forced out by injuries in early part
of the season. Chase is a candidate
for an end position, a place at which
he has had previous experience.

In addition, Okey, a player who has
experience on further elevens also
reported. Gould and Carnsium
were men reported to coaches in fit condition.

The call from the coaches for more
and better line men is, becoming
more insistent as the season
advances.

Y. W. HUT ON TRAIL OF

A LOST NEW MEMBER

Today the Young Women's Christian association campaign for new members begins and it promises to be one of the liveliest in the history of the university. Formerly these campaigns lasted two weeks or less; the work of this year will last but one week, commencing October 1 and ending October 7.

The members have been divided into four groups according to classes. Each group will secure the largest possible number of pledges for its own class. It is expected that the rivalry between groups will be very keen, as the winning group will be determined by the three tribe titles.

Large thermometers will be posted on the bulletin boards, both on the campus and in the liberal arts building, to register the increase in members.

SHAMBAUGH RECEIVES MEDAL

Prof. B. F. Shambaugh of the political science department has recently received a handsome gold medal from the Wisconsin Perry's victory centennial commission. Similar medals were awarded to Professors F. M. Anderson of the university of Minnesota and Professor Claude H. Van Tyne of the university of Michigan, who merged with Professor Shambaugh as judges in a prize dis- cuss competition conducted by the commission during the past winter. Professors Shambaugh and Van Tyne each possess another gold medal which was awarded to him several years ago as a member of the international jury of awards of the St. Louis exposition.

LONE WRITES OF AMERICA

One Article Tells of Canid Beginnings at University and American Military Training

Dr. Sudhindra Bose, lecturer on oriental politics and civilization, in the department of political science, has recently contributed interesting articles on some phases of American life in two of the foremost magazines of India: The Statesman Review at Allahabad, and The Modern Review at Calcutta. Under the title "Canid Training as a Military Institution," Mr. Bose discusses how Un- ited States has done away with the necessity of having a large standing army, and has adopted the system of training the young men of the universities in military tactics. To illustrate his point, he describes at length the cadet regiment of state university of Iowa, which he con- siders unique, "because of its high rank and marked efficiency."

Mr. Bose, in another article, "A Hindu Home Party in America," tells graphically his personal experiences at home and abroad in a Christmas season. He describes our American Christmas customs and festivities with observant eye and keen appreciation.
