SHAKESPEAREAN ARTISTS HERE IN NOVEMBER

Exhibits of Dramatic Art Will Appear at Engleit High Class Play

It was announced by Professor Glenn Perry yesterday that the Engleit High School players would appear at the University of Connecticut on November 12th. This company of players have been organized for over seventeen years and have a considerable reputation over the United States.

IGN Greet, the star of the company is the originator of the modern director. He has also reconstructed "Everyman" in modern version. Mr. Greet has a wide reputation over the country and between at various universities during the year on Shakespeare and his plays.

The company is being brought here by the famous league, the fine arts league, and the English department of the university.

NOTICE TO STUDENTS

In the interest of scholarships in and about the university buildings, students are respectfully requested not to distribute handbills on the campus or at the entrances to the buildings. The scattered papers, many of which cannot be read, look bad about the university grounds, and the cost of having these papers picked up is considerable.

The Iowa Union

"Shall Iowa have a real Iowa Union?" is a question which is receiving a tremendous amount of discussion among the men of the university. Many questions concerning the plans and the organization are being asked. Thus far the task of presenting the subject to the student body has taken up only a minute of time. No definite plans of organization have been made except that committees have been put into the field to study the situation.

We believe the time is ripe here when the state university of Iowa can support such an institution. The time is certainly long, when a center of social intercourse, such as the proposed Iowa union will be, will make for the best interests of the student body and for a greater university. As this question is entirely in the hands of the student body, there is no reason why every student in the university should not express his opinion. This is an opportunity for the men of the university to demonstrate their executive abilities. This is an opportunity for the students to show the university that they can successfully conduct an interest through self-government. As this is a subject which vitally concerns every man in the university it should be given some and conservative thought.

In a previous issue of the Daily Iowan it was announced that a mass meeting would be held on this subject next Tuesday evening. Owing to the length of time which is necessary to formulate plans and to effect better organization, this mass meeting has been extended for one week. On Tuesday evening at 7:30 o'clock in the liberal arts hall, the meeting will be held.

The next week we hope to see the present lively interest develop into something which will make the coming mass meeting go down in Hawkeye history. In order to do this every man in the institution must wake up to the issue. Talk to your subject with your roommate, your friends, with your professors, with anyone who will talk with you. This question must be threshed out thoroughly before anything definite is done.

Once Again

Year before last Cornell college beat the Hawkeyes in their annual game. How they did it the followers of Old Gold have never been able to figure out; but they did it and even since there has been a feeling that they could do it again. Tomorrow we again play with Cornell on Iowa field. There have been tales of war from over the way. Anti-Fraternity, Graduation and several other reasons why Cornell does not have as strong a team as usual. But how do we know what they have? It may be that they have just as strong a team as they have had in the past. If they come down here with their usual team, and not expect to beat us we will not also expect to beat them. This is a question in the minds of many. Be sure to be there.

---

University of Iowa tickets and booklets for the Cornell game will be on sale here this afternoon. Be on the field at 2:30 o'clock with all the fire and spirit of past years. Root for the team, fight for the team. Show them that they are going to be supported through this thing. The team will reciprocate. Never fear.

---

Great Amazement

This afternoon the student body is to have their picture taken. This picture is to be used by the university. Other schools have done this before, among them we had Ames, and this year we have the largest number of students in the history of the state. Other schools have the largest university. Every student in the university should do something for Iowa tomorrow afternoon by appearing in the picture. Do so hand at 3:10.

MEMBERS OF THE JUNIOR CLASS: Sentiment has been running high. The little gnat of dissatisfaction which arose a couple of days ago has already developed into a mighty tornado of enthusiasm for the above candidates.

JUNIOR: Don't think for one minute that any of the above candidates were anxious to have their names put on this ticket because of the insignifiant office they are running for, but they accepted with the greatest enthusiasm when representatives from close to FORTY Juniors came to them, urged and demanded that they represent the INDEPENDENT vote in the Junior Class. They wanted them because they know Mr. Schulte would give every organization and every independent in the class a square deal on the Junior Prom, because of the personal of the people, and because they better represent the class than any other candidates.

The Junior Class wants to run the Prom, and from all appearances they will run it. Get behind and boost for the people who are deserving to be our class officers, and from whom we can expect a square deal.
The Chicago game was lost to a heavy nature. Before and after a half hour struggle between varsity and freshmen, the Breuckner, Square Armory 4-Piece a spectre in the camp of the Methodists participate in the football during the week if holy and brain work in harmony the results should be furnished some rare sport by the Hawkeye athletes Saturday. All positions for Saturday's game have been decided upon with the exception of right end. At this time it is impossible to say with certainty who will start the contest in this place. Cartberry, Carrsion and Bow- sen have made the extremity of the right wing a bone of contention all week. Any one of the three may start with the other two filling a position sometime during the game. Cross will probably appear at quar­ ter in place of Parsons who will re­ turn to his old half-back position. Cross country is the issue in gym-

some indoor work and marching will
continue two or three times a week. Mr.
Schroeder desires a large attend-
tance than that evidenced thus far.
First practice in soccer football
will be held Saturday morning at
8:00 o’clock and soccer will contin-

Schroeder is endeavoring to secure
several games with other schools in
the state to take place this fall, and
desire a great number of men to try out. All men of the university are
eligible. An Intramural has organ-
ed a team it is highly probable that
a game will be staged with the In-
tramural in the near future.

The gym team has also begun
work with four of the old men having
leaving one vacancy. All men are
eligible to opposition on the team.
The old members Peyton, Seydolz, Herman, and Gar-

the past week of the undergraduate

nominations of officers for the com-

In the senior class, where the competi-

been exceedingly bitter, a “fusionist”
ticket has been arranged by the two
opposing factions in the class, and
heavenly harmony will prevail at the
polls. The president of the junior
