Seven Men From Iowa Institutions Are Working on Oxford Scholarship

Students of the university were saddened yesterday at news of the drowning of Glenn Lybarger, a promising student of the senior class in the college of dentistry. The sad incident occurred last Monday night, but the body was not found until Tuesday.

ROSESHER DAILY EXAMINATIONS TAKEN

Students representing Iowa universities and colleges took the qualifying examinations for the Scholarship yesterday and today. Seven applications were received representing five Iowa colleges and universities.

Those who have tried for the scholarship to Oxford follow:
1. George Pritchard, University of Iowa, formerly of Middletown College at East St. Louis; James H. St. John, Griteoll College, Arthur Kirk and Audubon Students of Drake University; Evan Gunderson of Dorothean College; and Ernest M. Fisher and Paul E. Gustafson of Coe College.

From this number the board of scholarship and the representative of the board will select the candidate who will represent the state of Iowa at Oxford University in England during the next three years. The board will meet in the spring and the decision and the announcement will be made soon afterwards. President John G. Bowen of the University of Iowa is president of the board.

The scholarship entitles the holder to $100 a year for three years.

MUSIC STUDENTS NOTICE

Attention is called to a public lecture to be given this evening at 8:30 at the Liberal Arts assembly room. The subject is: "The Measurement of Individual Mental Traits, with Special Reference to Musical Capabilities," by Prof. C. W. Cutler, known to music students as the "Della Delta."

Mr. Lybarger was one of twelve former Drake university students who have accounted for the transference of schools, and have come to Iowa to finish their work in dentistry.

Monday afternoon the former Drake men mooved to go on a hunting party up the river. On the return six of the boys came back on the car while the other six started in row boat in two canoes. At a point near the old Terrill farm the canoe operated by Lybarger, Ross Simpson and Frank Ettinger, through some mischance upset. The row boat was talking of going up and the crowd of Iowa rodents is expected to arrange the crowd in groups of one and members, the football team, the coeds and the new student, as had been previously determined. Although time has not been taken to make this arrangement just right for getting a satisfactory picture, yet everything was done in a comparatively short time, considering the dimensions of the task.

The same company also took a photograph of Corbett Hall and another of the old ladies, and several others, first scheduled for the all-university picture, and in spite of the rain the trouble was very successful. Yesterday after the big pictures were photographed in a separate group.

It is intended to use all pictures of different colleges, and university, and their work has been high grade in every feature.

The pictures will be used to advertise the university extensively; they will be sent out to all newspapers that use photo and half of these pictures will probably be made use of in other publications including the Hawkeye.

WARRIORS WORK FOR IOWA GAME

Men Being Given Hard Work for Next Game with The Midwayites

Work Being Done on School Stadium Gates—Coaches Trying to Make Line Stronger—Big Battle Is Predicted by Opponents

Advance notices of the big battle to be staged next Saturday at University of Chicago field between the two, representing Iowa and Chicago would indicate that A. A. Stag, the veteran coach of the Midwayites, is worried as to the prospects of his charges on this most crucial contest. Reports made to the Maroon manager by Clark A. Strong, the representative of the Midwayites, who lamped the preliminary contest of the Hawkeyes, have done much to worry the versatile coach in things athletic. Running in the name of his assistant, the Maroon wizard is bringing all the power of his resourceful tactics to bear upon the situation. He entered careful practice for his charges to continue all week. The entire time will be spent behind closed gates in a final effort to polish his gridiron machine in the best possible trim for football in order that it may be the best possible trim for Saturday's contest.

Chicagolites have a very vivid remembrance of last year's combat in which the Hawkeyes save the Maroons the battle of their sweet Cupidomes, and in the face of the day. The final conclusion will be of interest and importance to music students and scholars.

The faculty and the students of the college of science of the State University of Iowa, in token of true friend and brotherly love wish a hand to you our deepest and heart-felt sympathy in the loss of your son and brother and our former classmate, Kenneth Glen Lysbarge, fellow who ranked high in the esteem of his fellow classmates and although at Iowa but a short time he made many new friends.

His pleasant personality, his good fellowship, his preternatural and scholarship, and spirit of friendliness gave all who knew him a feeling such as our own comes from contact with a noble man.

And now to you goes out our warmest sympathy.

*R. Simon, Vice-President*

GAINING Notice Last Monday

There were four hundred more tickets sold this year than last, so the official figures from Manager Kellogg's office show that 1,042 tickets were sold for the athletic meet of 1911-12.

A bowling alley has been installed at the Y. M. C. A. headquarters of the university of Illinois.

In the varsity is getting a workout. Among sophomores Hlyman, Altmus, Hartman, and Avery are rounding into shape with pleasing rapidity and covering the ground with wonderful ease and speed.

The many who have tried will fail. The new men fought fiercely for a place and the experienced men are not entirely safe. The Iowa team left the field with their hearts in their mouths when the contest had not the tense quality Iowa's 1911 varsity displayed.

There is no one on the varsity dotrs who believe the Iowa team will gain from this as to the nature of the opposition to be met by the local lads next Saturday. However, an excess of beef will not win the game but an excess of fight will. But "it be biblio" when it comes to fighting.

The scores that tell the story of plays that won, the story of plays that lost, the story of plays that didn't happen but were overpowered by the skilful defense and snatching away of the older and more experienced teams.

The servings of the daily dinner are very good, and the men are all packed in a hinged case, all rights reserved.

At 4 p.m. this afternoon, at 121 E. College street, in the Cream, Shave, Comfort.

occupants of the other boat, who had passed their companions and had reached the part hunting, never cried of help and came to the rescue. Meanwhile Lybarger had started to swim for the shore bidding Simpson take care ofEttinger. The boys in the other canoe arrived and Ettinger and Simpson were safely landed on shore, but Lybarger was due to be found.

When the boys realized that their companion had not reached shore they set out for help and began dragging the river. Hundreds traveled back and forth over the river and a crowd of students assisted by townpeople continued the search till all chances of finding any human life were given up. At sunset the search was given up until morning.
