MASS MEETING HELD LAST NIGHT
NEW IOWA UNION

STATE AD CLUBS RE-ELECT WELLER
STATE CONVENTION NAMES TWO UNIVERSITY MEN AS OFFICERS

The recognition service of Y. W. C. A. will take place on the campus about 4:30, when all old members will informally meet and receive the new members into the association. The service will be held at the university of Iowa before, although many other universities have such a ceremony and it has always been beautiful and proved a great success.

Following the service a banquet will be given for all members of the W. C. A. at 6 o'clock. Tickets for places were sold yesterday at a table placed in the liberal arts hall, or they may be bought today at Miss Laura Baur's office in Close hall. The price is thirty-five cents a seat. Tickets will be given by various members of the organization.

UNIVERSITY CONSTRUCTION MEETING

All buildings will be placed on the United Heating Service.

When the heat tunnel that is under construction in the Barnard buildings is completed, the new union building will be a united heating system. The tunnel to Carrier hall and buildings on the north end of the quadrangle was completed last week. Workmen are now constructing a tunnel to pass from the heating plant to the heat unit near the west side of the tunnel. When this is done the university will have a large heating system both in and outside of the state.

The next state convention will be held a year from this fall in Iowa and the local branch of the union is to be represented by an advertiser. Last year Mr. Har-

New Instruments
Four new instruments have been purchased for the university orchestra, making the total number of French horns three. These were the only instruments that were lacking to make the orchestra complete in equipment and comparable to the large organizations of the same type. With these the accomplished musicians, increased volume quality, and variety will be obtained. The French horns, popularly known as battle-drums, are large and made of highly polished copper. Their size is much more bell-like than drum-like. French horns also are noted for their particularly sweet, tone, and few, wind instruments can compare with them for solo work.

Robert Barry and Joseph Glasgow returned yesterday from Chicago, where they attended the Iowa state college Y. W. C. A. convention.

NEGATIVE—Blanche Shellady and Blanche Bills.

Professor Wellers Y. W. C. A. service continued last night in the auditorium at 7:45.

WARREN S. DIXON

Professor Wellers Y. W. C. A. service continued last night in the auditorium at 7:45.

Warren Dixon, 103 Smith hall, is a member of the Y. W. C. A. and told them of the union at that played by competent musicians, Nesta Williams and Martin Bickford.

The meeting was called to order by Captain McMillan of the football team, who introduced Professor Dixon as permanent chairman.

The meeting then continued, and the assembled officers of the organization took the chair. The organization was stated as being the spiritual one of the Y. W. C. A. The meeting was addressed by the following.

FOR AN IOWA UNION
The booster meeting, promoting an Iowa Union which was held last night in the natural science auditorium, is the first of more than one sort that is to be made by the students who have been working out with the cross country squad this fall, in order to get acquainted with Jack Watson and his methods.

PORTIONS TYPED OVER
Now that the term of our school is ended and the Iowa state have found their positions, we want that you are several positions on The Daily Iowan staff open to those who wish to get into journalism work. The Daily Iowan is in need of several more reporters.

It may be that there are some who wish to get into journalistic work, but who first must go through service at The Daily Iowan through lack of experience.
The Daily Iowan is for the advantage of that who wish to get in this work and builds a valuable welcome to any person who wishes to try. Every effort is made to assist the student in the writing of news and every opportunity is given to the student to work as rapidly as possible.

At the present time there are several men on the staff holding the positions of reporter, but they will not be here next year. Their places will be open to those who make good this year in the work.

Any student who would like to take up this work please call at The Daily Iowan office any afternoon.

The section-editor is glad to explain the work and opportunities in the journalistic field.

WHAT A UNION MEANS
Many students think that in order to get an active interest in the question of Iowa Union are lacking the proper form of organization. We will be sure to do the work just as well as we can for all who are interested in the work.

The original Iowa Union is to be thoroughly organized. The University is to be the center of the organization. Membership in this union will mean that you are doing your duty to the University and to the students who wish to be fostered. This institution is good for Iowa.

This institution is good for Iowa.

The Daily Iowan is to be thoroughly organized. Membership in this union will mean that you are doing your duty to the University and to the students who wish to be fostered. This institution is good for Iowa.

The Daily Iowan is to be thoroughly organized. Membership in this union will mean that you are doing your duty to the University and to the students who wish to be fostered.

The Daily Iowan is to be thoroughly organized. Membership in this union will mean that you are doing your duty to the University and to the students who wish to be fostered.

We, therefore, are organizing in Iowa.

The support of the people will come because the student body can then demand it.

THE RIGHT KISSER
The fact that Northwestern fell before Friday by a score of 12-8, last Saturday in not hurting any eff- ort upon the work of the Hawkeyes squad.

We have heard that the Northwestern press has been made somewhat as the score against Iowa on the same day. This is a credit to the Hawkeye squad for the good season they have had in their attempt. The Hawkeyes made a much better record than against Northwestern this year.

CITY NEWS
One of the most encouraging prospects in the line of athletics here is the cross country work of this fall. Even though the football, with its victories and defeats is holding the center of the stage at present there is another kind of interest in the cross town race, which the students are holding.

This is the time of year when the cross country men are more interested in the work. The stimulat- ing season has been ended with the next week Jack Watson will determine which the runners have in the Hawkeye conference meet on December 13.

There have been many men out for this event this fall. On a few evenings there have been seventy-five ath- letes on the track. Jack Watson is at home at all times and has not been less than thirty. This means that there has been an exceptional amount of ma- terial from which to choose the team.

The present outlook for a fast team to be made is that by selecting from those who have been organized in the proposed Iowa Union he is doing some good to the university, he will enunciate in a feeling of loyalty and sentiment that he never before experienced.

With a membership in the Iowa Union, which will represent the majority of students in the university, we have heard that the Hawkeye press made somewhat as the score against Iowa on the same day. This is a credit to the Hawkeye squad for the good season they have had in their attempt. The Hawkeyes made a much better record than against Northwestern this year.

WEATHER STILL RINDERS
MEN WHO WIELD RACKET
Undergraduate Matches to be Staged-hour — Doubles to Follow

The sudden wave of cold weather has forced the tennis courts to remain
open (longer than was expected.
The cold has not dulled the ardor of the players but has added to the
chance to gain.

The Preliminaries and first round matches have been played since The
preliminaries and first round will be finished by tonight and the
second round and a large part of the semi-finals by Saturday night.
The undergraduate tournament will begin soon and Mr. Van der See
wishes all who can to sign their names to the sheet posted at the en-
door of the arena and begin practice as soon as possible.

The university of Illinois recently appointed faculty advisor for the
different classes of the university.
This is a new plan for that
university that is expected to be successful.

The cross country squads of Col-
lege and Northwestern will clash in a dual meet. This is the first event of the
season and it is expected to be
informative.

The freshmen women at the uni-
versity of Wisconsin are expected to wear green buttons. These will be
sold at the same time as the

PLANS LAID FOR NEW IOWA UNION
(Continued from page one)

President Bowman had been counted on being present. At the last moment unavoidable circumstances made it impossible to be present. However, he was able to show his interest in the subject and sent a communication which was read. This paper strongly backed the proposition and increased the favorable thing that was offered.

Much work has been done by some of the students of the university in fulling up to the proposition of the Iowa Union. In order to do the work better and to start at the right place a committee was appointed last evening to look deeper into the prospects of the Iowa Union. These were: Parkes, Smith, Murphy, Melton and Arbuckle.

Barbara Cornwall, a graduate of the university, and a member of the Kappa Kappa Gamma society, who is a native of Des Moines, was visiting at the home of Dr. Tishell of this city, leaves this morning for Cedar Rapids.

The freshman class of the university of Illinois favors the custom of Black Out.

An Indiana student has been made editor-in-chief of a new daily paper in Bloomington Indiana.

However, in debate at the university of Colorado has resulted in the brightest prospects in the history of the university this year. The debaters are trying out in a series of questions, each of which is designed to develop the individual along debating lines.

The museum of the university of Missouri has just received a skull section of a human skull in a case of Tom Jefferson. The skull is the skull of a man who was 5000 years old. Many other valuable additions have recently been made to the museum.

The university of Wisconsin will celebrate its seventy-fifth anniversary. The university was founded in 1836.

BIG CONVENTION TO BE HELD HERE
Cosmopolitan Club of America
91st Hotel Annual Meet.
At University

The seventh annual convention of the Cosmopolitan Club will be held at the university December 26-29.

This was the announcement made yesterday by Toomey L. Ling, who is president of the national organization of students. The association has chapters in fifty of the leading universities and colleges in the United States.

One hundred and twenty delegates are expected to attend the sessions of the convention. Although the program will be announced later today, there will be speakers from both the east and west, and Governor George W. Clark will be asked to speak.

The convention will be held in Philadelphia at the University of Pennsylvania.

De Pauw university has been terrorized lately by a number of robbers.

"Bob" LaPelosse, son of the Wisconsin senator, is a candidate for president of the freshman class at the university of Wisconsin.

The university of Pennsylvania is going to have an extension department.

WEATHER NO HOODOO TO CROSS COUNTRY
Distance Men Are Being Given Good
Work Out on Klairer Course

Zack Watson is taking advantage of the cold weather by cannot across country squad over the entire course. The inclement air and washouts are an added incentive to hard work and high speeds. Mother, Hartman, Avery, Jones, and Mack are keeping up to their old standard of last season and are promising even greater things for next Saturday when the next tryout will be held. The tryouts have added zest to the game and in the hope of placing again, all men are putting forth their best efforts for the coveted prize. A tryout will be held for the freshmen team at Saturday at 16:45. The contest for the eligibility positions will be staged at 10:00 a.m. and that for the freshmen team will follow immediately. Twelve men will be selected.

"WARE THE CUP!"

"Songbirds, trendy to libera-
mony must stop, says Clark. "Pour-
its in troubled waters" is a presen-
tion to be indulged in by pro-
essional singers, according to Clark. W. Clark, the American baritone, who will sing here on November 4.

"Too much tobacco and emuliu-
rels of the birds are caus-
ing the undoing of many of our
most promising young singers," de-
clared the singer yesterday. "There
is something about the excitement
of song and intimacy with harmonic
atmosphere that infuriates the reckles-
ness which is so rare for music, re-
known as 'cock fighting.'

"Hat, drink and beer was not
intended to be practiced in the
tale trial by singers. Alcohol
