hand that puts the small college fellowship into the university. Each year we put out an "it" button and every year possible increase loyalty to our Alma Mater.

These sentences are ridiculously broad. It is impossible to put down on paper what the union does, here or at any university. If we can help with definite suggestions in any way we will be delighted to do so. We wish you all success in your enterprise. A union helps to give a sense to undergraduate activities and puts a magnificient spirit into the place.

Following is a reproduction of a card which is put out by the Michigan union.

The Michigan Union Offers You:
1. The Michigan button.
2. In the building as a campus social center and rendezvous.
3. Its reading and lounging rooms, billiard and pool tables.
4. An employment bureau.
5. A dancing party every Saturday evening.
6. Sunday afternoon programs with talks by big men, and a variety of music, reading and refreshments.

An out, serviceable knife that never needs to be sharpened ready for work, becomes almost a friend— you have to part with it. But in buying a knife you cannot tell by examination what sort of service it will give; unless you buy the kind whose durability and wearing qualities are guaranteed.

KEEN KLLTER

Pocket Knives and Razors are the serviceable kind. You are absolutely sure of satisfaction when you buy them. You know they have the finest, strongest blades, tempered exactly right for keen, lasting edges.

Each knife is given careful examination, so that springs, pins, rivets, hinges and handles will last longer than the almost indestructible blades. Keen Kutter Knives and Razors are fully guaranteed.

This name and guarantee also covers Todd's high-grade all kinds, Scissors and Shears and Table Cutlery.

SUNDAY services were held in the church.

The Epworth League of the Methodist church has announced a Hallowe'en variable which will be held Wednesday evening in the basement of the church. All students in the university who are members of the Epworth League are invited to be present and bring their friends. The committee in charge is planning a huge and a big time and is looking for a large crowd to entertain on that evening.

HAWKEYES SET FOR NORTHWESTERN RUB
(Continued from page one)
lighting end runs, and Captain McLeod, who was used for a head- long plunge through the Chicago forwards, have a number of touch- downs in their systems to spring on the Purple Press. For, whose defensive work and generalship in the Chicago game was above question, has not completely recovered from the sprain- ed ankle. Because of this, Green- whose work in the Charge game was sensational in the extreme, will demonstrate some clumsy work. With Donnelly, Willis and Bailey to sup- ply the work of the regulars when called upon, Iowa's scoring machine is in top shape to bring the oppo- nents to their feet a few times at least.

Advance dope emanating from Northwestern states that the whole- subburb of Krausen is enveloped in a pall of gloom that can be cut with a knife. The Purple has been unable to get a single satisfactory practice during the week because of the coating of ice and snow upon the playing field. Word has also come from that Grahm, Northwestern's full- back, a player of unusual ability, will be unable to compete against the Purple because of an injury re- ceived in the Illinois game last Sat- uedday. In addition to this the Meth- odsists are said to be suffering from hemorrhages which will militate against a superior article of football. Weakness evidenced in the Purple forward will last Satu- rday has caused Coach Greely to place McPhedon, a backfield man last year, in the center position in an effort to strengthen his offense.

With the addition of McPhedon the Purple will appear as they lined up sections, one for each college, and each section will be headed by a han- dkerchief which will give the college and the number of students in the class. Each section will include one or more decorative floats which will depict the work in that college. It is planned to show the floating hand- kerchief, that the stories which were sent out were not the story bet. facts, and that Iowa has a freshman class this year which she can be justly proud.

It is rumored that they have some of an array of floats for the up at Ames, too, and if it can only be impressed upon the visitors from the state colleges that there is such a thing as a real first, earnest, and unified class of freshmen at the uni- versity, another object of the pro- gram will have been accomplished.

University of California freshmen have voted to support the students' union.

LUTHERAN STUDENTS ORGANIZE
The "miners" given by the students of the Lutheran church, in Evan- town, III., was a great success, not only because of the new acquisi- tions formed, but also because of the new club organized.

The program of the evening was an excellent one. At the games came in they were labeled, number- ed, and paired off for a five minute conversation. At the end of each five minute period a change of partners was called. After twelve such five minute talks the meeting was called in order, so to speak, and a short program followed. At the close of the program Mr. Gehler announced that the miner should not only in order to become acquainted, but also for the purpose of organizing a Lutheran Students Club.

JOHNSON COUNTY BANK BUILDING
The following members of the second year class in the law college have been appointed quiz-masters for the first year class:

J. Leo Chapman, Greenfield.
Will R. Hart, Iowa City.
Karl J. Knoepfler, Cedar Falls.
Marvin A. Streeter, Anamosa.
Harold R. Trevira, Cedar Rapids.

Three appointments are made in accordance with a new plan which will be tried at the law college this year.

The freshmen class will be divided into small sections and each section will have an oral quiz at regular intervals in each subject studied. One quiz-master will be assigned to each of the first year courses, and besides conducting quizzes, each will keep the professor in charge of the course in touch with written work of various kinds. The object of the whole plan is to check up more closely the work of individual students and enable the student himself as well as the instructor to find out what kind of work he is doing, without waiting for the final examinations.

The assignments to the various courses are as follows: Chapman, Contradex; Hart, Common Law; Knoepfler, Tort; Streeter, Criminal Law; Trevira, Property. Only those members of the second year class who stand very high in scholarship during their first year are eligible for appointment as quiz-masters, so that the appointments are in the nature of honors awarded for high grade work.

There is no doubt whatever in the mind of the teacher that the picked squad will be in the prime of condition by November 30.

The signals for the freshmen begin Saturday at 16:15 a.m. About twenty-five men have signed their signatures of appearing for the utilitarian cause imposed. Furthermore, runs high among the yearlings. Mentioning considerably the outlook for future Hawkeyes glory in cross country.

TENNIS REVIVED
After an enforced rest of nearly a week, the tennis courts are once more alive with activity. The cold wave has only added zest to the interests taken in the game. With the present favorable weather, the first and second rounds will be fin-
ished by tomorrow night. This will throw the semi-finals into next week, and the finals immediately after.
