Production of "Fin增资" To Be Staged at Englel, the Evening of December 12

"Fin增资" the local production of the famous Gilbert and Sullivan musical comedy to be given by the university and Iowa City choruses, is now actively scheduled in appearance of the Englel theatre on the evening of December 12.

This date is about midway between the two vacation periods, long enough before the Christmas vacation to prevent interest which is needed and most competely equipped in the state.

**HAWKEYE CLUB IS TO SELL YEAR TICKETS**

Arrangements Made for Permanent Organization to Support All Athletes

At the regular meeting of the Hawkeye club last evening arrangements were made for a permanent organization of the club. Responding to the call of the students the club has been in existence only the special season, but is now being organized so as to support all phases of athletics in the university, throughout the rest of the year.

The club has also taken the responsibility of disposing of the remaining "year tickets." These are a good source of revenue the club expects to be able to do within a short time.

**MILITARY WORK IS INJURED BY WEATHER**

New Appointments Haven't Been Made to Fix New Positions.

In spite of the bad weather, nominations for the new positions have been made in the military department.

The wet and muddy grounds prevent any movement of personnel, and consequently the captains have devoted the last three days past to polishing their boots on the grass already given. The companies are showing excellent form in general, and are becoming fairly proficient in executing the fundamental movements which have been given them.

The appointments of non-commissioned officers were not announced this week, but will undoubtedly be fixed this week. Lieutenant Peck欲望 to get the very best men available for the responsible positions and in looking the candidates over carefully. Past record plays a considerable part in the selections this year, and no man will be given a rank.

Orders for the various state councils are to be handed to the best men of the bar in their respective states, the selection of Mr. Black is a marked recognition of his work.

(Continued from page one) brought into operation. Swisher is also giving a good exhibition with the new combinations. With Parren, Gross and Swisher on hand Hawley has no death for field passes.

Hearts of Indiana rosters were glutted down by the appearance of Captain Davis, one of the star linemen of the west, in uniform last Wednesday evening. The big tackle was seriously wounded in the game in which he played two weeks ago and has been out of the lineup ever since. His absence from the team seriously weakened the Blosser eleven in their game against Illinois last Saturday. Now that Davis is back in fighting harness, the time of gloom that has been hanging over Jordan field, at Bloomington, has shown signs of brightening.

MILITARY WORK IS INJURED BY WEATHER

(Continued from page 11) make up the policy of the year and thus spotting an otherwise creditable rec ord. Attendances play a large part in making up the grades for the semester, and no man who took more than a reasonable number of cuts in the past will be considered for a job as sergeant or corporal this year.

The candidates are being thoroughly drilled in the duties of non-coms by Commandant Phiney himself, and the men chosen should therefore be well fitted for the work. Since the operation of a company is largely dependent on the efficiency of its non-commissioned officers, it is imperative that the men know their duties thoroughly.

Saber drill for the captains and lieutenants under command of Col onel Chapman has been inaugurated and will probably continue through the next week. The manipulation of the saber in the approved manner is an art requiring considerable practice and the drill under the colonel should prove of much value to the new officers. This practice is held for a few minutes after each regular drill period.
